

Swim Membership Information

We recognise that regular swimming can be costly, so if you use our pools often (three or more times a week) we offer the option of applying for a swim membership. If you're interested, your first step is to decide whether you'd like a monthly, fortnightly or yearly swim membership.

Monthly or Fortnightly swim memberships are paid by Direct Debit and have no long-term contracts. These memberships can be suspended once a year for a minimum of two weeks and maximum of three months and they can be cancelled in writing if received by the Wellington City Council five days before your Direct Debit is due. Other terms and conditions are detailed on the application form.

Yearly swim memberships require payment upon application. These memberships can be suspended once a year for a minimum of two weeks and maximum of three months. There is a \$100 cancellation fee if the membership is cancelled before the year is completed. Other specific conditions are detailed on the application form.

Each membership entitles you to swim at any of Wellington City Council's seven swimming pools.
