Afternoon [REDACTED]

Just following up on our earlier phone call.

We understand that you are working towards taking action over the weekend to remove the vehicles currently blocking the streets.

In terms of where the vehicles can be removed to, we will no longer be able to use the Barnett Street area as the Sunday market utilises that space from very early Sunday morning.

Instead we have confirmed that you are able to utilise the SKY Stadium parking area once today's commuter parkers have cleared the area this evening. SKY Stadium have confirmed that you should be able to accommodate vehicles, trucks, mobile homes etc at the facility.

They have asked though that there be a Police presence at the stadium to ensure that protesters do not damage anything or set up camp there when collecting their vehicles.

The contact person at SKY Stadium is [REDACTED] and [REDACTED] contact numbers are [REDACTED] or [REDACTED]. We understand that [REDACTED] will be available throughout the weekend. [REDACTED] will be able to provide details of where vehicle types should be located etc.

Also we understand that Parking Services will not be required as part of this action.

We would appreciate if we are to get a heads up as to when this action might occur so that we can be ready to respond to requests / concerns from the public and to field media enquiries, but understand if that can't happen.

Hopefully this is helpful and please let us know if you need more from us at this stage.

Thanks

Kevin Black

We have been buying dinner for the staff who have been directly involved in each ticketing operation.

It might be good to have a morning tea for the entire team once this situation is resolved and have Kym come along.

If you keen Kym, let me know and we will arrange in conjunction with [REDACTED]

Thanks

We issued 335 parking tickets yesterday, on top of the 184 that were issued last week. Our Parking Team were supported by Police who ensured the safety of our officers.

I don't think we need to make comment about what comments were made to the team.

Good morning,

Can you please let me know how many of the vehicles obstructing the streets about parliament ground vehicles have been ticketed yesterday.

Did parking enforcement staff encounter any issues (eg. resistance, harassment, abuse) while carrying out these duties?

What precautions are being taken to ensure the safety of WCC staff while dealing with the vehicles about parliament grounds?

Thanks for your time.

Regards,

Hi all,

First of all – we have not gone out today with Police as they were not able to support us being out there this morning, so the response you have already provided to the media as to why we did not go out yesterday will apply for today.

I have asked the team to go back and audit the numbers of tickets etc issued so far to make sure we are counting correctly as everything has been happening at a rate of knots.

The following is the summary of the tickets issued to date – it is a little less than previously reported – but that is because we have had time to ensure we are counting the right things and not counting the wrong things. (As an example, we do not count superseded tickets or tickets that we have cancelled).

Total Tickets issued to date = 505
Total Tickets paid to date = 3
Total Tickets appealed = 1

As I said earlier – I will try my best to provide and update of numbers each day that we do go out between 4-5pm. That way you can respond to media enquires when you get them the following morning.

Cheers
