AREA OF FOCUS

The Economic Growth and Arts Committee will focus on delivering sustainable long-term economic growth, increased employment, promote the city's visitor attractions, deliver high-quality events and support the development of smart businesses in the city. The Committee will also work to build Wellington's unique identity, bolster business confidence, raise the city's international profile, and ensure Wellington continues to be New Zealand's arts and culture capital by supporting a range of opportunities for entertainment and expression. There will be a continuing focus on the ICT and Digital sector.

1 Meeting Conduct

1.1 Apologies

The Chairperson invites notice from members of apologies, including apologies for lateness and early departure from the meeting, where leave of absence has not previously been granted.

1.2 Conflict of Interest Declarations

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as a member and any private or other external interest they might have.

1.3 Confirmation of Minutes

The minutes of the meeting held on 13 October 2015 will be put to the Economic Growth and Arts Committee for confirmation.

1.4 Public Participation

A maximum of 60 minutes is set aside for public participation at the commencement of any meeting of the Council or committee that is open to the public. Under Standing Order 3.23.3 a written, oral or electronic application to address the meeting setting forth the subject, is required to be lodged with the Chief Executive by 12.00 noon of the working day prior to the meeting concerned, and subsequently approved by the Chairperson.

1.5 Items not on the Agenda

The Chairperson will give notice of items not on the agenda as follows:

Matters Requiring Urgent Attention as Determined by Resolution of the Economic Growth and Arts Committee.

- 1. The reason why the item is not on the agenda; and
- The reason why discussion of the item cannot be delayed until a subsequent meeting.

Minor Matters relating to the General Business of the Economic Growth and Arts Committee.

No resolution, decision, or recommendation may be made in respect of the item except to refer it to a subsequent meeting of the Economic Growth and Arts Committee for further discussion.

TE PAPA UPDATE

Purpose

1. At the Economic Growth and Arts Committee meeting, the Chief Executive of Te Papa will present an update to the Committee.

Summary

- 2. Reflecting the final Wellington City Council 2015-2025 Long Term Plan, the funding agreement between Wellington City Council and the Museum of New Zealand Te Papa Tongarewa (Te Papa) has been renewed for three years, through to June 2018.
- 3. At the Economic Growth and Arts Committee meeting, the Chief Executive of Te Papa will present an update to the Committee.

Recommendation/s

That the Economic Growth and Arts Committee:

1. Receive the information.

Background

4. The funding agreement between Wellington City Council and the Museum of New Zealand Te Papa Tongarewa (Te Papa) has been renewed through to June 2018.

Discussion

- 5. The key principles and structure of the agreement remain largely similar to the previous agreement:
 - Funding provided by the Council is expected to contribute to positive economic, social and cultural outcomes for Wellington. The priority for Te Papa in this three-year period is recognised as the redevelopment of its core experience (the free long-term exhibitions);
 - The Council will continue to be recognised as a funding partner for short-term exhibitions such as Dreamworks Animation;
 - The level of Council benefits received as a funding partner is largely consistent with the prior agreement;
 - Te Papa will continue to provide the Council with a Forward Plan of events and activities that contribute to the key objectives of the agreement; and
 - WCC will now be recognised as Te Papa's Destination Partner, rather than as a Founding Partner.
- 6. The primary objectives of WCC recognised in the agreement are to:

- Drive out-of-region and international visitation to Wellington year round through promotion and events linked to the museum renewal programme;
- Provide clear Wellington branding opportunities on travelling exhibitions as agreed by both parties;
- Provide the opportunity for the city to leverage connections and partnerships overseas as agreed by both parties; and
- Proactively attract national and/or international promotion of Wellington, and Te Papa, through all campaigns.
- 7. The secondary objectives of WCC recognised in the agreement are to:
 - Work with the Wellington Regional Economic Development Agency to leverage business events/conferences and related opportunities from major exhibitions;
 - Work collaboratively, and take a leadership role, with Wellington region galleries, venues and attractions, including coordinating events and exhibitions where appropriate;
 - Maximise opportunities to strengthen Wellington's international connections by interacting with the diplomatic community, maximising relationships with New Zealand international target markets, hosting international delegations and leading delegations from Wellington to other countries; and
 - Actively contribute to the cultural fabric of Wellington and its reputation as New Zealand's arts and culture capital.
- 8. Under the agreement, Te Papa will continue to provide the Council with regular progress reports. This includes updates to the Committee.
- 9. Reflecting this, at the Economic Growth and Arts Committee meeting, the Chief Executive of Te Papa will present an update on Te Papa's recent performance and plans for the summer exhibition season.

REPORTS FROM COUNCIL CONTROLLED ORGANISATIONS FOR THE QUARTER ENDING 30 SEPTEMBER 2015

Purpose

 To provide reports from Basin Reserve Trust, the Wellington Museums Trust and the Wellington Regional Economic Development Agency for the quarter ended 30 September 2015.

Recommendations

That the Economic Growth and Arts Committee:

- 1. Receive the information.
- 2. Note the Positively Wellington Venues deficit for quarter one and that the Wellington Regional Economic Development Agency is working to ensure the financial position is delivered to plan by year end.
- 3. Note any issues for the Chairperson to raise with the entities covered by this report.

Background

- 2. It is a requirement of the Local Government Act 2002 (the Act) that where the Council is a shareholder in a Council Organisation it must regularly undertake performance monitoring of that organisation to evaluate its contribution to the achievement of:
 - the Council's objectives for the organisation;
 - the desired results, as set out in the organisation's Statement of Intent; and
 - the Council's overall aims and outcomes.
- 3. The Economic Growth and Arts Committee is tasked with the assessment of the efficiency and effectiveness of the following entities:
 - Basin Reserve Trust (BRT)
 - Wellington Museums Trust (WMT)
 - Wellington Regional Stadium Trust (WRST)
 - Wellington International Airport (WIAL)
- 4. The Committee also receives information from the Wellington Regional Economic Development Agency (WREDA). WREDA is jointly owned by the Wellington City Council (80%) and the Greater Wellington Regional Council (20%). The shareholders jointly monitor the company via the Wellington Regional Strategy (WRS) Committee. The membership of the WRS Committee is 10 persons in total, appointed (from time to time) as follows:
 - One regional councillor.
 - Four members nominated by Wellington City Council.
 - One member nominated by each of Porirua City Council, Hutt City Council, Kapiti Coast District Council, and Upper Hutt City Council.
 - One member nominated by the three Wairarapa district councils.

- 5. Wellington Regional Stadium Trust is not a CCO, but is included in this report because of the materiality of the Council's financial commitment to the entity and/or because of the entity's contribution to Council outcomes.
- 6. WRST provides half-yearly written reports so is not included in this report.
- 7. The organisations included in this report are:
 - Basin Reserve Trust (BRT)
 - Wellington Museums Trust (WMT)
 - Wellington Regional Development Agency Ltd (WREDA)
- 8. Officers have reviewed the Quarterly reports from the organisations noted in paragraph 7 and consider that there are no material issues that are not covered in the reports.

Discussion

9. If the Committee needs to clarify the information presented or requires additional assistance with its monitoring role, it can ask officers or the Chair of the Committee to seek responses from the Board Chair.

Basin Reserve Trust

ACTIVITY SUMMARY

- Q1 is typically the quietest period in terms of sports and other events held at the Basin Reserve. However, the Trust has successfully encouraged use of the ground during the off-season by a number sporting and non-sporting groups.
- The cricket programme for the 2015/16 season has been negotiated successfully with NZ Cricket and will include a Pakistan ODI in January, a test match against Australia in February, two Whiteferns internationals in February and March, four Plunket Shield matches, 4 Ford Trophy matches and 4 Georgie Pie Super Slam matches.
- Planning work continued for the Basin to host a Robbie Williams Concert in November. Particular attention is being focused on the playing surface to ensure that the concert does not compromise the Trust's ability to host the first cricket match in December.

Events

3 club rugby matches.

Training

- 15 Wellington Phoenix training sessions
- 1 Wellington Firebirds training session

Repairs and Maintenance

- Work continued on the upgrade of the ground keeping facilities
- Design work was undertaken on addressing deferred maintenance issues in the RA Vance Stand
- Improvement work was undertaken on the gate houses

Other activity

- 7 St Marks School rugby training sessions
- 3 Police fitness assessments
- The Trust continues to work on securing a naming rights sponsor for the Basin Reserve.

A review of the financial statements of the Basin Reserve Trust highlights the following points:

- The Trust had an operating surplus for the quarter of \$93k after allowing for depreciation of \$21k, \$41k ahead of budget.
- Income of \$276k was \$23k (9%) ahead of budget as a result of increased ground hire income during the
 quarter, most notably the receipt of the first instalment of venue hire charges for the Robbie Williams
 concert.
- Expenditure for the quarter of \$183k was \$18k (9%) better than budget as a result of the timing of some ground maintenance work.

KPI COMMENTARY

The Trust met or exceeded all its events performance measures largely as a result of having the ground available for the entire winter season and the Trust actively encouraging other sports, community and school groups to use the ground

OUTLOOK

Key activities and issues anticipated in the next quarter include:

- Work is on track to complete the refurbished Groundsman's cottage and shed in October. The Mayor will officially open the new building on 25 November 2015.
- The Basin Reserve successfully hosted Robbie Williams on October 31 the first concert hosted at the Venue in four years.
- Deferred maintenance work is expected to begin on the RA Vance Stand in November with the timing of scaffolding work having to be adjusted around events at the Basin Reserve

Wellington Museums Trust

ACTIVITY SUMMARY

Programmes:

- Capital E had a successful collaboration with Lux Light Festival, hosting a light installation by Massey
 design students at night and giving children the opportunity to contribute to our own evolving light
 installation during the day.
- Demented Architecture opened at City Gallery and proved to be very popular with visitors.
- Space Place participated in the 'International Year of Light New Zealand' project by distributing free light
 experiment kits to visiting schools. This was in collaboration with Auckland University and Otago
 Museum.
- Wellington Museum hosted A Short History of Jazz (part two), celebrating a decade of Jazz at each session held every Sunday in September.

Total visitation for the quarter was 147,070 (4,403 above the SOI projections of 142,667 for Q1). Space Place performed strongly during the quarter with visitors exceeding target by 2,195. Although it is early days, the Trust has observed that the new operating model which includes lower admission charges may be starting to attract a younger audience. Capital E had a successful quarter with the interactive Musical Forest installation attracting large numbers of families in July and August. Visitation during the quarter was 25,016 or 9,441 above target. City Gallery also performed strongly in terms of visitation with 49,147 visits (11,657 above the Q1 target) due to the popularity of its programme (e.g. Demented Architecture). This performance was in spite of the gallery being closed for 2 weeks for the replacement of the switchboard. The Cable Car Museum did not reach its target for the quarter but is expected to reach the annual target supported by a forecast strong cruise ship season in 2015/16.

[^] The SOI reports the Financial Performance for both Space Place and Wellington Museums Trust (excluding Space Place) separately. The Financial Position and Cash Flows are consolidated.

In Q1, the Trust's financial performance (excluding Space Place) exceeded budget in terms of revenue (positive \$32k variance to budget) and most significantly operating expenditure (positive \$189k variance to budget). The Q1 net surplus was \$224k or a positive variance to budget of \$232k.

Despite stronger than forecast visitation to Space Place in Q1, total revenue was below budget by \$41k as a result of lower admissions prices resulting from changes to the operating model. Operating expenditure was contained below budget so that the net result was a \$41k loss versus a budget loss of \$31k.

The Trust's balance sheet (which includes Space Place) is dominated by \$4.0m cash the majority of which was earmarked for the Attic redevelopment project. The Attic project is the main reason for the higher than forecast balance sheet totals at 30 September 2015.

The Trust's cash flow for Q1 showed a negative variance to budget of \$748k comprised of payments to suppliers exceeding budget by \$467k and GST by \$293k. Nonetheless, the Trust still recorded a net increase in cash on hand of \$947k, lifting the cash balance to \$4.0m at 30 September 2015.

ISSUES & OUTLOOK

The Trust will be opening the Attic on Saturday 14th November. The opening is the culmination of redevelopment plans for the Wellington Museum which has increased its exhibition space by approximately 30% and included a large repairs and maintenance programme on the building.

The cruise ship season has begun and is expected to bring a record number of passengers to the city which generally benefits some of the Trust's facilities, notably the Wellington Museum and the Cable Car Museum.

Wellington Regional Economic Development Agency (WREDA)

ACTIVITY SUMMARY

General

- The arrival of the new Chief Executive, Chris Whelan.
- Completion of WREDA's first Annual Report combining 3 separate organisations
- Single digital portal being finalised for all of WREDA

Events

- 68,693 tickets sold, 76 performances, 22% of the attendees came from outside the region
- 87 conferences and events held

Economic Development

- An estimated \$70m of economic value to the region has been brought in through Dreamworks shooting a new film, The Ghost in the Shell, in and around Wellington.
- Result 9 Accelerator for Government Services has been well received
- Working with local education providers to have a combined approach to attracting international students to Wellington

Tourism and Marketing

- From a tourism perspective direct arrivals from Australia achieved double-digit growth, domestic guest nights were up 11% as a result of new services
- Marketing work continued to support a number of exhibitions and events in the City

The major variances and matters of interest of the financial statements of WREDA are

- Revenue is up on budget due to unbudgeted income in the quarter for Creative HQ conferences and programmes, partly offset by lower Destination Wellington drawdowns
- Overall, expenses are in line with budget although there are a number of expenses over and under budget due largely to timing differences.
- The above budget surplus is largely a result of timing

Absolutely Positively **Wellington** City Council Me Heke Ki Pōneke

SUMMARY FINANCIALS

- WREDA's balance sheet has cash on hand of \$2.6 m.
- The Venues Project made a loss of \$296,000 compared with a breakeven budget. The main contributors to this are a higher portion of lower margin business and the timing of some expenditure. These variances are currently being addressed to ensure the year-end budget is met.

KPI COMMENTARY

WREDA has met or exceeded the majority of its KPIs for Q1. Apart from the Venues utilisation rate, all KPIs are expected to be met by year end. At this stage Major Events has not transferred to WREDA.

OUTLOOK

Key activities and issues anticipated in the next quarter include:

- New organisational structure in place for WREDA
- Single location for the whole of WREDA
- Progress the transfer of Major Events
- Delivery of PWV budget
- Begin search process for the Chief Executive role at PWV.

OVERVIEW

The three month period under review is generally a period of planning and preparation for the upcoming summer.

The Trust has been active as follows:

Trust Meetings

The trustees met on August 21, as part of its bi-monthly meeting schedule.

Audit 2015

The Trust's audit was completed by Audit NZ in September 2015, with no issues highlighted.

Master Plan

The Trust continues to work with Council on delivering the projects outlined in the Basin Reserve Masterplan. Plans for refurbishing the RA Vance Stand are well underway with work expected to begin in November 2015. The project is being carefully managed to cause minimum disruption to events scheduled at the Basin Reserve such as the upcoming Robbie Williams concert and a very busy Cricket schedule over the Summer.

Naming Rights Sponsor

The Trust is acutely aware of the need to secure a replacement naming rights sponsor for the venue. After some initial leads went cold, the Trust is in the process of developing collateral that describes the future of the Basin Reserve and can communicate the key opportunities to potential partners. Members of the Trust are currently following up on leads through their own business networks.

Cricket Programme

The 2015-16 cricket season is now confirmed and contains the following:

- Australian Test Match February 12 to 16
- Pakistan ODI January 25
- 4 Plunket Shield Matches December 17 to 20, March 8 to 11, March 23 to 26 and March 30 to April 2
- 4 Ford Trophy Matches December 27, 30, January 13 and 17
- 4 Georgie Pie Super Smash Matches November 22, 25, 29 and December 2
- 3 Days of Women's Domestic Cricket January 2 to 4
- 2 Whiteferns Internationals February 28 and March 1
- Various community matches, covering club cricket, wanderers and charity fundraising events – approximately 10 matches

This represents a significant increase in events over the 2014/15 baseline, largely as a result of business returning to normal post Cricket World Cup 2015. The addition of a Blackcaps vs Pakistan ODI to the calendar is an exciting challenge for the Trust, and demonstrates an excellent regional strategy for securing international events.

Grounds Keeping Cottage

During Q1 of 2015-16, considerable progress was made on the Grounds Keeping Cottage refurbishment. This involved construction of a new vehicle bay on ground level, while the existing wooden cottage itself was restored nearby and then placed on top. Early in Q2, this work has been completed and the Trust is pleased to advise the project has been a notable success. Informal feedback from the public so far has been very complimentary.

Club Rugby

The Trust has been in discussion with WRFU and OBU over the future use of the Basin Reserve for club rugby. Negotiations are ongoing and the Trust is hopeful of a resolution shortly.

BRT Report to WCC Q1 2015-16

Robbie Williams Concert

The Trust have been kept informed of planning for the Robbie Williams concert and are supportive of steps taken in management of the ground during this period. The Trust is cognizant of the proximity of this event to commencement of the cricket season and the stress this will place on the playing surface.

General Renewals and Maintenance

While the majority of renewals and maintenance work commences in Q2, the Trust is pleased to advise of improvements to the two gate houses. Early September saw the placement of powder coated 'wrought iron' gates, in place of the former wooden panels. These have been met favourably by visitors to the ground and have helped to open up the ground to the passing public.

We are very pleased with the performance of Space Place in its first quarter since rebranding and note that visitation is strong at City Gallery and Capital E. The Cable Car Museum result reflects seasonal variation and Wellington Museum's lower than target result is due to the increased construction activity in and around the building. We expect the second quarter of the year to be significantly better due to cruise ship season and the opening of the Attic in early November.

Highlights

- Capital E's public programme had a very successful quarter with the Musical Forrest, our interactive installation in July/August, attracting large numbers of families to explore, create, and experiment with sound, dance and music. We were also had a successful collaboration with Lux Light Festival, hosting a light installation by Massey design students at night and giving children the opportunity to contribute to our own evolving light installation during the
- Captial E's OnTV and MediaLab are fully established at the Queens Wharf location and we are now seeing an increase in school visitor numbers in comparison to the same period last year.
- Capital E welcomed over 1500 Wellingtonians through their doors during Wellington's Open Weekend to mark the city's 150th birthday celebration visitors were able to explore the entire building including our digital studios which are not usually open to the general public.
- Demented Architecture opened at City Gallery and is proving to be very popular with visitors.
- Visitor numbers remained strong at City Gallery for the first quarter in spite of a two week closure in August for Council's replacement of the Switchboard.
- Wellington Museum held two very successful Third Thursdays during the quarter: the first was a games night in partnership with Cerberus Games (bringing over 65 people into the museum after hours). The other was the launch of Andy Laking's 'The Empire City' book. This brought approximately 150 people into the museum, including Mayor Celia Wade Brown and Bret McKenzie.
- Space Place participated in the 'International Year of Light New Zealand' project by distributing free light experiment kits to visiting schools. This was a collaboration between Auckland University and Otago Museum, who supplied the kits and included Space Place on all advertising collateral.
- The wrap and scaffolding has come down from Wellington Museum's exterior, unveiling a bold and prominent colour scheme. Feedback on this has been substantially positive.
- Wellington Museum hosted A Short History of Jazz (part two), where we celebrated a decade of Jazz at each session held every Sunday in September at 2pm. Radio New Zealand recorded the series.

WELLINGTON REGIONAL ECONOMIC DEVELOPMENT AGENCY (WREDA)

Quarterly Report for the 3 months ending 30 September 2015

Overview

This quarter has seen the culmination of WREDA's global search and recruitment of a market-leading Chief Executive Officer, with Chris Whelan arriving in September to take the reins of the organisation. Chris' arrival is a significant milestone in WREDA's development, which has galvanised the team. From an operational perspective, the new era has begun.

Chris arrives at a point where the Business Units have momentum across the breadth of WREDA's existing activities. Continuing a strong year for tourism in Wellington, our direct arrivals from Australia experienced double-digit growth this quarter, and domestic commercial guest nights were up by 11% in July-August. We delivered marketing and venue support for the most successful season of WOW® ever, attended by close to 55,000 people. The launch of the first Lightning Lab Manufacturing in Hutt Valley expanded this successful programme beyond digital enterprise. Across WREDA, key performance indicators are tracking in line with budget, and are expected to be largely met or exceeded by year end.

WREDA's first Annual Report was completed on time and resulted in a clean audit opinion with only minor matters raised in the audit management letter. Positively Wellington Tourism, Grow Wellington and Creative HQ effectively joining WREDA half way through the year significantly added to the complexity of the report, so its successful delivery was an excellent achievement.

As a key asset in our strategy to win respect and admiration among leaders and stakeholders, Chris has taken up the mantle as WREDA's lead spokesperson. He has been quoted in the media in relation to all aspects of the organisation's activity, as well as an introductory feature in the Dominion Post, and a long form interview on Newstalk ZB. Opinion pieces for media are in the works, and he has accepted invitations to speak at a number of events and forums. These include a Wellington Employers Chamber of Commerce Breakfast, the AnimFX NZ conference, EY Panel discussion, and the Screen Production and Development Association Conference.

Looking to the future work has commenced work on a new organisational structure for WREDA. This is likely to be completed and socialised with staff and stakeholders during the second quarter. Following completion of this process, Major Events from Wellington City Council will transfer into WREDA.

The search has also begun for a single location for WREDA's offices. This will be an important step in enhancing our operational integration and sending a clear signal, internally and externally, that we are one team. A number of locations have been visited, and several remain under consideration. Our target for co-location is Quarter 3.

Financially, revenue is ahead of budget due to increased funding for the Lean 15 conference, and higher management grant to Venues reflecting higher activity. This has been partly offset by lower uptake, at this stage, of Destination Wellington funding.

Operating expenditure is below budget due primarily to a lower marketing spend. Overall this resulted in a higher than expected surplus when compared to budget. The surplus is expected

to be in line with budget by year end. Detailed financials and commentary are included later in the report.

Attraction Activities

Marketing

Tourism marketing to the Australian and local markets followed up the It's Never Just a Weekend When It's In Wellington campaign with multi-media campaigns to support the Gallipoli: The Scale of Our War and The Great War Exhibition. The Wellington Guide summer edition was also launched across New Zealand and Australia.

Event marketing, with estimated advertising value of over \$610,000 across the quarter, was implemented to support:

- Lux Light Festival
- Visa Wellington On a Plate
- Capital 150th
- World of Wearable Art
- Wellington Sevens

Over 200 Wellington stories featured in 18 different international media forums, reaching over 8.5 million people.

The WellingtonNZ.com website and digital media channels show an increase of 208% time on site for the Word on the Street blog.

Attraction marketing for the Education sector will focus on the International Student Growth project.

Events

Work continues on providing support for the Royal Edinburgh Military Tattoo to be held in February.

Potential business events were sought through attendance and presentations at the International Association of Professional Conference Organisers and **"Show Me Wellington 2015"** – the Wellington region's conference and events expo, involving over 100 exhibitors and 700 buyers and stakeholders.

WREDA supported another highly successful season of WOW which was delivered during this and the following quarter.

Some 87 conventions and events were delivered in Wellington venues, including 9 multi day conferences with over 4,800 delegates

Business event highlights include:

- The Ministry of Justice CMJA 17th Triennial Conference 2015 (4 day international conference for 360 delegates)
- Gold Awards 2015 celebrating excellence in Wellington business
- New Zealand Association of Event Professionals
- New Zealand Council of Trade Unions Women's Leadership Conference
- New Zealand Fire Service 2015 Health & Safety Summit
- New Zealand Institute of Medical Radiation Technology Conference
- NZBio conference

The Quarterly totals for shows and performances were:

- 68,693 tickets sold
- 76 performances
- 22% came from outside of the Wellington region.
- Total attendance 93,940

Event Highlights

- Ryan Adams Sold out
- Disney on Ice Season sold 22,592 tickets across 13 shows (average. 1,738)
- Alan Davies (2 shows) First show sold out, Second show 88% sold

Development Activities

Business Start-ups/ Accelerators

The WREDA initiated Lightning Lab Manufacturing Accelerator in Lower Hutt has commenced and will run for the next three months. It creates an intensive 'boot-camp' environment to support, accelerate and grow early stage manufacturing businesses.

The Result 9 Accelerator is New Zealand's first Accelerator for Government services and has been well-received by the Ministry of Business, Innovation and Employment with three out of the five project teams being funded to proceed with their solutions.

Contracts

We are currently renegotiating the Regional Business Partnership Programme contract with Callaghan Innovation and New Zealand Trade and Enterprise. Under this contract, which maintains WREDA's links with the high growth business sector, we provide business and innovation support services, deliver the Business Mentors programme, provide Business Capability grant funding and support access to R&D grant funding, and provide innovation advice to regional businesses. We have proposed a joint working arrangement with the Wellington Employers Chamber of Commerce to deliver this contract.

Venues have negotiated a new Food and Beverages contract which will provide an improved commercial return.

Services

Maintaining quality service for the cruise ship season has resulted in gaining the Trip Advisor Excellence Award.

Work is continuing to create a consolidated WREDA digital presence, building on existing success and investment in the WellingtonNZ.com website. The aim is to drive internal business integration and efficiencies in resource across websites, social media and e-newsletters.

Work is under way in preparation for new H&S legislation which comes into effect on April 4, 2016. This will be ongoing as new regulations and standards are introduced

Joint Ventures

WREDA will sub-contract the Wellington Employers Chamber of Commerce to provide business mentoring services in order to deliver the Regional Business Partnership Programme in conjunction with New Zealand Trade and Enterprise and Callaghan Innovation.

In Education, WREDA is working with a coalition of local education providers, as well as the Wellington Chamber of Commerce and Education New Zealand, to build local capacity, work readiness and employment pathways. A bid for funding will be submitted to Education NZ and Wellington City Council in November.

Wellington supported Tourism New Zealand and Air New Zealand via hosting famils, overseas workshops and training of 103 travel agents and tour operators in South America, India and Australia during this quarter.

The Let Wellington Inspire Your Creative Spirit regional campaign will also be launched in Australia, in partnership with Tourism New Zealand.

Investment by Wellington Airport enabled a second phase of the campaign supporting Jetstar's new routes from Melbourne and Gold Coast.

Support will continue for regional development projects such as increased hotel inventory in Wellington city, the development of a Convention Centre, Film Museum and Airport runway extension for Wellington.

WREDA is also actively involved in assisting with design, operating models and feasibility analysis for the Convention Centre and Indoor Arena projects.

Looking Ahead

Projects

In partnership with Te Papa, WREDA will be supporting the New Zealand-wide *DreamWorks Animation Exhibition*.

The Wondrous Wellington Advent Calendar will be back for its sixth year, celebrating and promoting local businesses and adding some Christmas vibe as the city builds towards Christmas.

In early November WellingtonNZ.com will launch its investment hub showcasing an expanding range of commercial opportunities to attract business investment in the region.

CreativeHQ plan to run two more accelerators in Wellington over the next financial year; one aimed at increasing the number of women in tech start-ups, a second R9 Accelerator designed to drive innovation in Government services. An Accelerator to attract Chinese entrepreneurs and start-ups, and potential investors, using Wellington as a stepping stone to the NZ and US markets. Is also being planned

The end of October will see the second largest conference ever delivered in Wellington – Royal Australasian College of Ophthalmologists – with over 1000 delegates, 250 exhibitors and 150 "satellite" conference delegates.

The second quarter will also see delivery of Robbie Williams' "Let Me Entertain You" Tour at the Basin (October 31). Work is continuing to leverage other promoter interest based on this initiative.

Installation and opening of Mojo at the St James Theatre is on track for late November/early December. The strengthening of the theatre is likely to commence over the next few months.

Work is also underway with the Webstock organisers to celebrate the 10th anniversary of Webstock in February 2016.

Venues Project

The Venues Project represents the operations of the 5 Wellington City Council venues operated by WREDA. Any surplus or deficit is solely for the account of Wellington City Council.

Event revenue was up for the quarter by \$254,599, resulting from higher Convention & Event (C&E) business (up \$362,000) offset by lower Performance & Exhibition (P&E) revenue than budget (\$107,000).

Page 5

Attachment 3 WREDA Page 37

Commission revenues are up on budget by \$121,000 as a result of higher catering and technical sales particularly in the C&E business with events like the Ministry of Justice - CMJA 17th Triennial Conference, 2015 Gold Awards, and the NZ Fire Service Health & Safety Summit receipting healthy food and beverage revenue.

Other revenue is down by \$15,000 driven by lower car parking revenue as a result of the James Smith car park recent re-opening and the needs of events (including container storage) taking up car parks at the Michael Fowler Centre. Interest income is down predominantly due to lower interest rates.

Gross margin is \$84,000 down on budget largely as a result of a mix of revenue between C&E and P&E. This should be back on target by year end.

Cost of sales (direct event cost) is up \$313,250 on budget and again largely as a result of the mix of C&E event to P&E events.

Salaries and other employment costs were over budget by a total of \$98,537 largely as a result of contractor costs in finance and other and additional spend in on health and safety compliance advice (emergency management procedures). Other areas over budget include spend on staff training and development, and staff welfare with sessions to lift staff engagement the main focus.

Occupancy costs are over by \$46,995 as a result of a focus on preventative maintenance which has driven up maintenance costs in the quarter; however maintenance costs will be able to be managed within the full year budget and therefore this is expected to be a phasing difference.

IT and communications costs are down predominantly in software maintenance as we anticipated additional costs associated with hosting the Event Business Management Software with the software developer from the beginning of this financial year. Small savings are also being made in phone and data lines.

Administration costs are \$40,470 over budget resulting from increased spend on replacement uniforms for the operations team as well as new work boots and high visibility gear. There were also low value assets purchases – some of which can be capitalised.

Professional services are over original budget due to employing a contractor to develop the long term asset development and maintenance plan which will help to drive venue efficiencies and savings in the future.

Overall, this has resulted in a year to date loss of \$296,790 compared with a budget surplus of \$806. At this stage, it is expected that this deficit will reverse and the year end result will be in line with the budget.

Plan on a Page

WREDA's strategy is summarised in the Plan on a Page which is based around the 5 pillars as noted below. As the Chief Executive has only been on board since September a number of the strategies have not been significantly advanced. However a number of activities have undertaken, in summary, these are noted below.

Sustainable Growth

- Lightning Lab Manufacturing commenced
- Result 9 Accelerator well received
- · Work commenced on increasing international students
- · Renegotiation of the Regional Business Partnership programme

Events and Activities

- Marketing of major exhibitions
- Assisting in marketing WOW
- Visa Wellington on a Plate
- · 87 conventions and events

Influential and Connected

- · Increasing and improving WREDA's network with key stakeholders
- Participating in Education Summit

Creativity, Culture and Technology

- Supporting and presenting a number of activities
- · Creative HQ activities

Regional Narrative

· Undertook a number of successful marketing campaigns

Financials

The financial results noted below are for the WREDA Group, excluding the results of the "Venues Project". The surplus or deficit for the Project is solely for the account of Wellington City Council. The WREDA financial statements only includes the costs of salaries and wages for the Venues operations, which are reimbursed by way of a management grant from Wellington City Council.

The financial results of the Venues Project are detailed above.

In respect of the first quarter revenue overall is running ahead of budget due to increased funding received for Creative HQ's Lean15 conference, increased activity in Venues resulting in a higher management grant to compensate higher wages and increased drawdowns for Creative HQ Lightning Lab and Venture Up programmes. This has been partly offset by lower drawdown of Destination Wellington funding in the first quarter.

Overall, revenue is \$150,285 ahead of budget as detailed below;

| | \$ |
|--|-----------|
| Lower uptake of Destination Wellington funding | (210,086) |
| Higher salaries in Venues resulting in higher grant income | 98,537 |
| Higher I site revenue | 24,424 |
| Increased funding for the Lean15 conference | 165,000 |
| Higher drawdowns for Creative HQ programmes | 55,000 |
| Other | 17,410 |
| | |

Total 150,285

Operating expenditure is below budget as a result of lower marketing costs (phasing of expenditure), lower insurance as a result of obtaining cover via Wellington City Council policies, delays in some Grow Wellington programmes and lower director fees. This has been partly offset by higher salaries in Venues (the result of higher activity), higher leave accruals in Tourism, and the I- Site cost of sales is also up due to increased activity. The higher WREDA start-up costs reflect the timing of expenditure in the first quarter.

Higher IT and travel costs reflect additional costs of the Lean15 conference, as noted above, this has been offset by increased revenue grants.

At this stage the majority of the variances are due to timing and are expected to reverse by year end.

Operating expenditure is \$134,209 below budget due to;

| | \$ |
|--|-----------|
| Higher cost of sales for I-site | 16,896 |
| Increased wages – Venues | 98,537 |
| Higher leave accruals | 19,741 |
| Timing of Grow Wellington programmes | (43,384) |
| Increase in travel costs Lean15 | 41,000 |
| Increased IT costs Lean15 | 25,922 |
| Insurance savings | (27,000) |
| Lower marketing - phasing | (284,853) |
| Phasing of WREDA one off costs | 28,062 |
| Lower cost of membership – Economic Development Agencies | (14,890) |
| Lower director fees | (16,335) |
| Other | 22,095 |

Item 2.3

2016/17 LETTERS OF EXPECTATION TO COUNCIL CONTROLLED ORGANISATIONS

Purpose

- To seek the Committee's consideration and input into the key messages for the 2016/17 Letters of Expectation to the following Council Controlled Organisations (CCOs):
 - Wellington Museums Trust
 - Basin Reserve Trust
 - Wellington Regional Stadium Trust (although it is not formally a CCO)
 - Wellington Regional Economic Development Agency

Summary

- 2. This report outlines the key messages and general issues that all CCOs will be asked to discuss as part of their 2016/17 Statement of Intent.
- Officers will incorporate any feedback from the Committee into the formal Letters of Expectation. These will be signed by the Chair of the Economic Growth and Arts Committee before 13 December 2015.

Recommendations

That the Economic Growth and Arts Committee:

- 1. Receive the information.
- Confirm the general messages as outlined in this report to be included in the 2016/17 Letters of Expectation to the following organisations:
 - a) Basin Reserve Trust
 - b) Wellington Museums Trust
 - Wellington Regional Stadium Trust
 - d) Wellington Regional Economic Development Agency
- 3. Note that with the exception of the Wellington Regional Economic Development Agency, officers will prepare formal 2015/16 Letters of Expectation incorporating the directions of the Committee for signing by the Chair of the Committee.
- 4. Note that the key messages for the Wellington Regional Economic Development Agency's Letter of Expectation will be conveyed to the Wellington Regional Strategy Committee via the Councillor representatives on the Committee.
- 5. Note that the Committee can expect to receive draft 2016/17 Statements of Intent, alongside officers' analyses, for its consideration at the March/April 2016 meetings.

Background

- 4. All Council Controlled Organisations are required by the Local Government Act 2002 to prepare a draft Statement of Intent (SOI) for the Council by 1 March of the preceding financial year. To provide an owner's perspective and input into this strategic document, the Council sets out its expectations in a Letter of Expectation (LoE). This process provides both the Council and CCOs with an opportunity to fine-tune respective expectations ahead of submitting a final SOI for Council's approval.
- 5. The draft timetable for approval of 2015/16 Statements of Intent is outlined in the table below:

| Item | Date | Comment |

| Final SOIs received by | 6 May 2016 | |
| officers. | | |
| Final SOIs provided to | 21 June 2016 | |
| Committee for approval. | | |

Discussion

- 6. The 2016/17 Letters of Expectation will be split into three parts:
 - An introductory section stressing the importance of the SOIs, the need for quality and noting any general issues largely affecting all the CCOs.
 - A short, focused section outlining the key issues for each CCO from an ownership perspective.
 - A more detailed appendix outlining what needs to be covered by the particular CCOs in their draft SOIs.

General Issues

- 7. Through the Letter of Expectation, each CCO will be asked to discuss the following general issues:
 - Their continued alignment with the Council's relevant strategic priorities and policies as signalled in year two of the 2015-25 10-year plan, through the Economic Growth Agenda and the Urban Growth Plan, and any material changes.

• Each CCO is to ensure that their annual report and audited financial statements for the year ended 2016/17 include, by way of comparison, the budget from the Statement of Intent for the same period. This expectation extends to the current financial year ended 2015/16.

Specific Issues

Basin Reserve Trust

Key messages for the Trust

- Deliver year 2 of the redevelopment project, including a Reserve Management Plan
- Continue to work towards securing a naming rights sponsor
- Work with officers with regard to the upcoming Governance review of the Basin Reserve Trust

Wellington Museums Trust

Key messages for the Trust

 Work with officers to implement any outcomes of Council's Governance and base-line funding review of the Trust.

Westpac Regional Stadium Trust

Key messages for the Trust

- The Trust's Statement of Intent should discuss its upcoming capital projects. This should include its redevelopment plans for the Stadium concourse and the Trust's intended use of Council's funding for its capital projects.
- The Trust could provide an update of the Stadium master plan.

Wellington Regional Economic Development Agency

Key messages for WREDA

- Having completed the first full year we expect to see a significant move from WREDA towards specific actions and measurable outcomes.
- Outline specific actions to attract increased numbers of international students to the Region.
- Specific actions that support, facilitate and strongly contribute to a step change growth in migration and the creative and tech sectors.
- Outline what economic opportunities are there arising from the major infrastructure projects which are planned.
- What actions need to be taken to put in place a major programme of targeted inward investment for the Region, in particular hotels?
- With WREDA being one organisation are there opportunities to leverage off the Major Events portfolio with other business events. There will also be a need to continue to develop the Major Events portfolio.
- Work to identify skills shortages and, where appropriate, develop a workforce that better reflects regional needs.

ARTS AND CULTURE FUND- OCTOBER 2015

ECONOMIC GROWTH AND ARTS

Purpose

COMMITTEE

24 NOVEMBER 2015

Provides recommendations for the distribution of the Council's Arts and Culture Fund

Summary

- 2. The Council provides grants to assist community groups to undertake projects that meet community needs. Grants are also a mechanism for achieving the Council's objectives and strategic priorities, especially those priorities that rely on community organisations carrying out specific activities.
- 3. The 2013 review of the grant criteria proposed a move away from generic criteria in favour of specific criteria for each fund. While each pool may share a number of criteria, others would be tailored to suit the particular demands of that community of interest and relevant Council outcomes.

Recommendation/s

That the Economic Growth and Arts Committee:

- 1. Receive the information.
- 2. Agree to fund the projects as listed below:

| | Organisation | Project | Total Cost | Amount Requeste d | Recom- mended | Comments |

| | | | \$2,405,613 | \$292,501 | \$96,895 | |

Background

- 4. Grants and funding are included in the Annual Plan to provide an appropriate mechanism for the Council to respond to community groups that are undertaking projects that:
 - Meet a need identified by the community.
 - Align with council's strategic goals and community outcomes.
 - Rely to some extent on participation and engagement by community organisations
- 5. Organisations and projects are funded through both contracts and contestable grants pools. The contestable pools provide grants that are discretionary, short term and generally project based in nature. The Council also enters into multi- year contracts when it has an interest in ensuring particular activities occur that contribute to Council's strategies or policies.

Discussion

- 6. The Arts and Culture Fund supports community organisations for projects that meet the criteria for the fund. (Attachment 1). The priority areas for the fund are:
 - To support the city as a hothouse for talent
 - To reinforce Wellington as a region of confident identities
 - To support active and engaged people
 - To encourage our creative future through technology.
- 7. This is second of three funding rounds for 2015-16 and there are 53 organisations requesting a total of \$292,800. Officers are recommending the Economic Growth and Arts Committee support 29 projects with grants totalling \$96,895.
- 8. The original information provided through online application has been made available to Councillors via the hub.
- 9. The assessment process may include consultation with; the applicant and persons or organisations referred to in the application. Applicants are given two working days where possible to respond to a request for more information. Officers in conducting their assessments consult with a range of business units within Council, these include City Arts and Events, Community Services and Innovation teams.
- 10. To ensure funds are used appropriately, conditions may be included, should funding be approved. This is usually in cases where applicants need to use funds for a specific aspect of their budget, to confirm with Council where activity might take place, if they are awaiting confirmation of sufficient funds from other sources or have an outstanding accountability report on earlier Council funding.

SUPPORTING INFORMATION

Consultation and Engagement

The assessment process funding includes consultation with; the applicant, persons or organisations referred to in the application and other Council officers, across a range of activity areas, in the case of these applications across Parks, Sports and Recreation, Community Services and City Arts and Events.

Treaty of Waitangi considerations

Applications that could have implications for Maori are referred to Council's Treaty Relations Office. For each of these grant funds there are specific criteria and questions relating to Maori, for the Arts and Culture Fund applicants are asked to describe how their project relates to Maori cultural practice and traditions.

Financial implications

The Long Term Plan makes provision for community grants in several places - 2.1.6 - Community environmental initiatives, 3.1.4 - Grants and creative workforce, 4.1.4 – (Arts and) Cultural grants, and 5.2.4 - Grants (Social and Recreation). The Our Living City Fund comes under project C652. The Social and Recreation and Neighbours Day Funds under C678 and the Arts and Culture Fund under C661.

Policy and legislative implications

Council funds have been created to assist community initiatives in line with Council strategy. Council Officers engage and consult widely with a range of groups and organisations before funding applications are made and throughout the assessment process.

Attachment 1 - Arts and Culture Fund Criteria

This fund has four focus areas that can be supported - the city as a hothouse for talent, Wellington as a region of confident identities, active and engaged people, and our creative future through technology.

Fund objectives

- To support the city as a hothouse for talent
- To reinforce Wellington as a region of confident identities
- To support active and engaged people
- To encourage our creative future through technology.

Criteria

Projects make a positive contribution to achieving the Council's strategic outcomes:

Towards 2040: Smart Capital strategy

- People Centred City: Contributes to healthy, vibrant, affordable and resilient communities, with a strong sense of identity and 'place' expressed through urban form, openness and accessibility.
- Connected City: Supports a city with easy physical and virtual access to regional, national and global networks.
- Eco-City: Allows the city to proactively respond to environmental challenges and seize opportunities to grow the green economy.
- Dynamic Central City: Supports a central city of creativity, exploration and innovation, helping Wellington to offer the lifestyle, entertainment and amenity of a much bigger city.

Long Term Plan 2012-22 priorities:

- An inclusive place where talent wants to live
- A resilient city
- A well managed city
- Annual Plan priorities for the relevant year.

The project is Wellington-based and mainly benefits the people of Wellington. (exceptions may be made for projects based elsewhere in the region, but which significantly benefit Wellington City residents).

The applicant is a legally constituted community group or organisation.

The applicant provides evidence of sound financial management, good employment practice, clear and detailed planning, clear performance measures, and reporting processes.

The applicant outlines how physical accessibility has been built into project development.

The applicant outlines how pricing has been set to ensure access by a wide range of people or by the intended users.

The project should show evidence of community support, collaboration, and building partnerships with other organisations (e.g. social media interest, letters of support from other organisations/leaders).

Me Heke Ki Põneke

The applicant must show that the project discernibly improves community wellbeing and adds value to the range of similar types of services in the community.

The Council acknowledges the significance of Māori cultural practice. Demonstrate how your project values and increases the visibility of Māori cultural traditions and contemporary applications.

New and developmental arts projects. We can support new and developmental arts projects. Applicants will need to demonstrate the formative nature of the project.

Focus Areas

The city as a hothouse for talent

Priority will be given to projects that:

- Ensure there is an appropriate range of platforms for local talent to present their works
- Value new talent and connect it with support networks

Wellington as a region of confident identities

Priority will be given to projects that:

- Recognise and celebrate the role of mana whenua and Māori history in the city
- Enable all ethnic, demographic and suburban communities to explore, celebrate and share their own cultural identity
- Enable suburban and other geographical communities to undertake projects that explore, celebrate and share their own identity

Active and engaged people

Priority will be given to projects that:

- Support arts practitioners to work with communities to develop work of, by and for that community
- Ensure the sustainability of organisations that facilitate and/or undertake activities within communities
- Maximise the potential of arts and cultural activities to increase community connectedness, resilience and participation in community/city decision-making

Our creative future through technology

Priority will be given to projects that:

 Increase access to technology for use in the creation, distribution and marketing of creative products and services

KILBIRNIE BUSINESS IMPROVEMENT DISTRICT TARGET RATE APPLICATION

Purpose

- 1. Update on progress on establishing the Kilbirnie Business Improvement District (BID)
- 2. Respond to the application by Kilbirnie Business Network (KBN) for a targeted rate to be set

Summary

- 3. Kilbirnie Business Network has undertaken a process to determine whether a BID should be established which has culminated in a poll.
- 4. On 2 October 2015 the poll closed showing majority support to establish a BID.
- 5. As a consequence a targeted rate will be applied for so as to fund the activities of the BID.

Recommendation/s

That the Economic Growth and Arts Committee:

- 1. Receives the information.
- Agree to recommend to the Governance, Finance and Planning Committee, under the terms of the BID policy, to include a targeted rate in the 2016/17 Draft Annual Plan of the amount of \$80,000 to be applied to the commercial rated properties in the Kilbirnie BID area

Background

- 6. BIDs involve a local business community within a defined geographical area, developing projects and services that support local economic development. In March 2013 the Council adopted its BID policy.
- 7. Under the terms of the BID policy, the Kilbirnie Business Network was grant funded to establish a BID in the Kilbirnie commercial area.
- 8. A consultant engaged by the KBN conducted interviews and public workshops, from which a business plan was developed. The plan provides the foundation from which the proposed BID would operate.
- A poll, which closed on 2 October 2015, was conducted among the BID eligible voters¹ to establish support for the BID proposal. The result of the poll was majority support for the proposed BID.
- 10. With the Voter Return Percentage being 34%, the BID proposal will be considered by the Council, as more than 50% of the returned votes support the proposal as required by the Policy. (Refer to Attachment 1).

¹ An eligible voter is the ratepayer of a commercially rated property, and any business owner occupying one of those properties, within the proposed BID area.

for a targeted rate to fund the BID.
