Our Revenue and Financing Policy guides our decisions on how to fund Council services.

Under the policy, we take into account who benefits from a service (individuals, parts of the community, or the community as a whole) to help us determine how the service should be funded. The policy sets targets for each Council activity, determining what proportion should be funded from each of user charges, general rates, targeted rates and other sources of income.

For 2007/08, in line with that policy, we have made some changes to fees and charges in the following areas.

- Building control and facilitation
- Urban planning – District Plan
- Development control and facilitation
- Public health
- Wellington Emergency Management Office
- Roading, Traffic and Transport
- Burials and cremations
- Marinas
- Recreation centres
- Community halls
- Swimming Pools
- Libraries

New fees will be implemented as of 1 July 2007. For more information see www.Wellington.govt.nz

Note that the following list of fees and charges is not a complete list of all fees and charges levied by the Council. It consists of those fees and charges subject to consultation through the annual plan process and where a change will apply from 1 July 2007.

For changes to development contributions refer to the amended long-term plan.

All fees and charges are inclusive of GST unless otherwise stated.

URBAN PLANNING – DISTRICT PLAN

The District Plan project generates revenue by processing private plan changes, designations and heritage orders on behalf of private entities. The calculation of the charge-out rate of \$115 per hour is based on the actual cost of the unit.

Under the RMA there are 2 types of fees. First are those fixed under section 36(1) RMA. Second are additional charges under section 36(3) RMA which are payable where the section 36(1) fee charged is not enough to cover Council's actual and reasonable costs. If the actual cost is less than the fee paid, a refund will be made to the applicant under section 36. Where a fixed fee applies, no refund or additional invoicing is made.
