PROPOSED TRAFFIC RESOLUTION

Reference: TR 77 – 15
Location: Brook Street - Thorndon
Proposal: No stopping at all times

Information: Council officers received a request to assist a business along Murphy Street by providing a loading zone for delivery vehicles. The business is situated at the corner with Brook Street which is a short, narrow dead end road. When exiting Brook Street, delivery vehicles are performing an unsafe manoeuvre by reversing onto Murphy Street due the limited carriage width.

Upon site inspection of the two streets, it was found that the rear section of an existing nearby bus stop along Murphy Street can be converted into a loading zone. It is proposed to convert this to a P10 loading zone outside of the bus stop hours. The front section of the bus stop will remain as P60 outside of the bus stop hours.

The new loading zone will also benefit a nearby café and other businesses within the area.

In relation to this site review, additional no stopping lines are now proposed along the northern end of Brook Street to allow safer manoeuvre for vehicles exiting this street.

Net parking loss: 1 – coupon park to no stopping at all times

Key Dates:
1) Advertisement in the Dominion Post Newspaper 22 September 2015
2) Feedback period closes. 9 October 2015
3) If no objections received report sent to Transport & Urban Development Committee for approval. 19 November 2015
   If objections are received, further consultation, amendment/s, or proceed with explanation as appropriate.
Legal Description:

Remove from Schedule B (No Stopping Restriction) of the Traffic Restrictions Schedule
