Swim School discounts – an update

We’ve reviewed the way we give discounts to our Swim School customers.

Have a look at the discounts below – some of them may apply to you. If you have any questions about discounts, phone the City Council on 801 4403.

Online discount
When you book and pay online, you will receive a 5 percent discount on each booking.

Leisure Card discount
If you have a Leisure Card, you will receive a 20 percent discount on all Swim School bookings. The Leisure Card discount is available both online and over the phone and will be automatically deducted from the registration fee. Community Services cards are no longer accepted for the 20 percent discount.

Changes to rollovers
Tawa and Keith Spry Pool are not doing roll over this term.

If your place in the Swim School is rolled over, it means you are guaranteed a place if you pay during the rollover period. Bookings that are automatically rolled over will receive the 20% leisure card discount if you have a current Leisure Card. The 5% online discount will not be applied.

If you would like the 5% online discount you will need to give up your guaranteed spot in the programme and wait to book your child in when the preferential bookings open.
