## 1 Meeting Conduct

#### 1.1 Apologies

The Chairperson invites notice from members of:

- 1. Leave of absence for future meetings of the Wellington City Council; or
- 2. Apologies, including apologies for lateness and early departure from the meeting, where leave of absence has not previously been granted.

#### 1.2 Announcements by the Mayor

#### 1.3 Presentation of APW Award

#### 1.4 Conflict of Interest Declarations

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as a member and any private or other external interest they might have.

#### 1.5 Confirmation of Minutes

The Minutes of the meeting held on 27 August 2014 will be put to the Council for confirmation.

#### 1.6 Items not on the Agenda

The Chairperson will give notice of items not on the agenda as follows:

# Matters Requiring Urgent Attention as Determined by Resolution of the Wellington City Council

- 1. The reason why the item is not on the agenda; and
- 2. The reason why discussion of the item cannot be delayed until a subsequent meeting.

#### Minor Matters relating to the General Business of the Wellington City Council

No resolution, decision, or recommendation may be made in respect of the item except to refer it to a subsequent meeting of the Wellington City Council for further discussion.

#### 1.7 Public Participation

A maximum of 60 minutes is set aside for public participation at the commencement of any meeting of the Council or committee that is open to the public. Under Standing Order 3.23.3 a written, oral or electronic application to address the meeting setting forth the subject, is required to be lodged with the Chief Executive by 12.00 noon of the working day prior to the meeting concerned, and subsequently approved by the Chairperson.

## DISTRICT LICENSING COMMITTEE ANNUAL REPORT TO THE ALCOHOL REGULATORY AND LICENSING AUTHORITY

## Purpose

1. To seek Council approval of the 2013/2014 Annual Report of the Wellington District Licensing Committee for submission to the Alcohol Regulatory and Licensing Authority.

## Summary

- This report asks Council to approve the Wellington District Licensing Committee (DLC) Annual Report for the period 1 July 2013 to 30 June 2014 for submission to the Alcohol Regulatory and Licensing Authority (ARLA).
- 3. The Wellington DLC is required by the Sale and Supply of Alcohol Act 2012 (the Act) to prepare and submit an annual report to ARLA within 3 months of the end of the Council's financial year.
- 4. ARLA has power under the Act to specify the form and content of the report, which it did by a letter to the Secretary of the DLC. The 2013/2014 DLC Annual Report contains the information requested by ARLA.

## **Recommendation/s**

That the Council:

- 1. Receive the information.
- 2. Approve the 2013/2014 Annual Report of the Wellington District Licensing Committee for submission to the Alcohol Regulatory and Licensing Authority.

## Background

5. The Wellington DLC is required by the Sale and Supply of Alcohol Act 2012 to prepare and submit an annual report to ARLA within 3 months of the end of Council's financial year. ARLA has the power under the Act to specify the form and content of this report:

#### 199 Annual report

- (1) Within 3 months after the end of every financial year, every territorial authority must prepare and send to the licensing authority a report of the proceedings and operations of its licensing committees during the year.
- (2) The licensing authority may specify the form of the annual report and the matters to be included in the report.
- 6. The Secretary of ARLA sent a letter to the Secretary of the DLC specifying ARLA's requirements as follows:

- 1. Overview of DLC workload
  - DLC's structure and personnel
  - Any staff training undertaken relating to the Sale and Supply of Alcohol Act 2012
  - Change in business compared with the District Licensing Agency under the Sale and Supply of Liquor Act 1989
  - DLC meetings or hearings
  - Any noticeable trends or issues faced by the DLC
- 2. DLC initiatives
  - New initiatives adopted or tried by the DLC
- 3. Local Alcohol Policy
  - Does the territorial authority have a draft or provisional local alcohol policy?
  - If so, any comment on this
- 4. Current legislation
  - Any comment on the Sale and Supply of Alcohol Act 2012
- 5. Any other matter the Territorial Authority might wish to draw to the attention of the Authority
- 6. Statistical information
- 7. Annual return (format provided)
- 8. Current listing of licensed premises
- 7. These requirements are similar to what has been provided to the Liquor Licensing Authority by the Council's District Licensing Agency in the past. However, ARLA no longer requires information about the activities of Council's Licensing Inspectorate, which is now independent of the DLC.
- 8. The attached report to ARLA (comprising one Word and two Excel documents) has been prepared by the Secretary of the DLC to comply with the above requirements. Council is asked to approve the submission of the attached report to ARLA.

## SUPPORTING INFORMATION

Consultation and Engagement

The Annual Report was prepared by the District Licensing Committee Secretariat, in consultation with the Manager of Council's Public Health group.

Council's Service Development and Approvals team was consulted on the content of the Annual Report concerning the provisional Local Alcohol Policy.

The District Licensing Committee's Chairs were consulted on the content of the Annual Report concerning the current legislation (i.e. comments regarding drafting, implementation and policy issues with the Sale and Supply of Alcohol Act 2012).

The Alcohol Regulatory and Licensing Authority (ARLA) provided its requirement regarding the contents of the Annual Report. ARLA has been advised that in order to secure Council approval of the submission of the Annual Report to it, the Annual Report will be submitted to ARLA shortly after the statutory deadline of 30 September 2014.

The Wellington District Licensing Committees (DLCs) were appointed by Wellington City Council from 18 December 2013 in accordance with the Sale and Supply of Alcohol Act 2012 (the Act) and with Council's *Terms of Reference and Delegations for the 2013/16 Triennium*, adopted on 14

November 2013. The DLCs are charged under the Act with dealing with alcohol licensing matters for the Wellington district.

Three Wellington DLCs were appointed, chaired by Commissioners Hon Sir Douglas Kidd (District Licensing Commissioner A), Rex Woodhouse (District Licensing Commissioner B) and Murray Clearwater (District Licensing Commissioner C).

During the period from 1 July 2013 to 17 December 2013 inclusive, licensing matters were dealt with by the former Wellington District Licensing Agency, which ceased operations from 18 December 2013.

## 1.2 Work flow

In the period from 1 July to 17 December 2013, the Wellington District Licensing Agency received a total of 1149 applications.

From 18 December 2013 to 30 June 2014, the Wellington DLCs received a total of 825 applications.

The combined total number of applications received by the Wellington District Licensing Agency (DLA) and the Wellington DLCs in the 2013 – 2014 financial year was 1974, which is 142 less than were received by the Wellington District Licensing Agency in the previous financial year.

## 1.3 Conferences and Training

All Members and Chairs of the Wellington DLCs, together with Julie Sleep, Alison Curtis, Clare Needham and Helen Jones attended the Sale and Supply of Alcohol Act 2012 DLC Training delivered by Local Government New Zealand (LGNZ). Deputy Chairs Councillors Pannett and Foster also attended this training.

Julie Sleep and Karen Binnie attended the Sale and Supply of Alcohol Act 2012 Committee Advisors' Training delivered by LGNZ.

Council Approvals and Operations Officers and Inspectors attended training on the Sale and Supply of Alcohol Act 2012 provided by ACC in November 2013. These training sessions were also attended by Police and Medical Officer of Health staff.

DLC Secretariat and support staff, and DLC Members and Chairs, receive ongoing internal guidance and training on process and case law developments.

# 1.4 Change in business compared with the DLA under the Sale of Liquor Act 1989

The Sale and Supply of Alcohol Act 2012 established a new system of alcohol licensing, including determination of all alcohol licences, Temporary Authorities, and manager's certificates by DLCs. Consequently, there has been a range of changes to the business of alcohol licensing. Some of the key changes are summarised below.

## Secretariat

The in-house Council Secretariat that services the DLCs has put in place numerous administrative changes, including:

- developing and publishing new forms for all licence applications in line with the Sale and Supply of Alcohol Regulations 2013
- setting up new processes to meet the administrative requirements of Part 2 of the Act including for:
  - o accepting licence applications and payment of fees
  - o public notification of applications
  - reports from statutory agencies (Inspectors, Police and Medical Officer of Health)
  - o public objections
  - o waivers
  - o providing application packs to the DLCs for consideration
  - o recording DLC decisions in statutory registers; and
  - o issuing licences and manager's certificates.

## Licensing Inspectorate

The new Act requires that the Council's Licensing Inspectorate be independent of its DLCs. Under the Act, Licensing Inspectors provide expert evidence and opinion on all licence and manager certificate applications as a statutory reporting agency in accordance with the processes set out in the legislation.

#### **Committee Advisors**

The DLCs are supported by the Council's Democratic Services team, which services all meetings of Council and its Committees. The role of these personnel has been to set up and administer all meetings and hearings of the DLCs, including assigning members and Chairs to meetings/hearings. They also notify the parties and the public of fixtures, and manage the meeting procedure (eg taking oaths/affirmations and collecting supporting information and evidence).

In addition, the DLCs receive support as regards due process at hearings and in the preparation of its decision from its Principal Advisor.

## DLC processes

The new Act has broadened the range of decision-making available to the DLCs, compared to what could be done by the DLA under the 1989 Act. The DLCs, for example, are empowered to consider and determine opposed applications and are required to decide Temporary Authorities in Committee. The DLCs have, consequently, conducted hearings and meetings and a range of procedures have been developed for this.

The DLCs have addressed a number of procedural issues by way of interim orders (eg Minutes or Directions Memoranda). They issued nine such interim orders in this reporting period. The DLCs have also been called on to consider requests for waivers under the Act in a range of circumstances where the applicant or other parties have failed to meet the strict legislative requirements (eg for a failure to advertise an application on time or for the late lodgement of an application or objection). Between 1 April and 30 June 2014, the DLCs granted 40 waivers and declined two.

## Publication of DLC decisions

The DLCs are supported in the preparation of their decisions by the Principal Advisor, whose role includes ensuring that those decisions are made publically available as required by the Act. All decisions made by the DLCs are published on the open access website for New Zealand judicial decisions: <u>www.nzlii.org</u>.

A weekly report of premises licence applications received by the DLCs are published on the Council's website at:

http://wellington.govt.nz/services/consents-and-licences/alcohollicensing/have-your-say-on-licence-applications/recent-applications

Interested persons can also sign up for weekly web alerts.

## 1.5 Agency meetings and hearings

During this reporting period, there were no hearings of the DLA prior to the end of its operations on 17 December 2013.

Since 18 December 2013, the DLCs have convened the following meetings and hearings:

- 12 meetings to consider and determine 26 Temporary Authority applications; and
- three hearings to consider and determine:
  - o one on-site special licence application
  - o one new on-licence application
  - o one Temporary Authority; and
  - o three opposed manager's certificates.

## 1.6 Any noticeable trends or issues faced by the DLCs

## Special licences

There has been some concern expressed by licensees about special licences and uncertainty as to when these are required. Holders of On-licences would like greater certainty as to when a special licence can be granted (eg what the scope of an "event" is under the new Act). People wishing to run supply-only events (eg a 40<sup>th</sup> birthday in a hired hall with no caterer) wish to know whether they need a special licence for these.

## Support/training for DLCs

DLCs are part-Tribunal, part-Commission of Inquiry and part-Council Committee. The legislation under which they operate is complex and there are few legal practitioners operating in this space. Additionally, many Territorial Authorities have limited resources to dedicate to this work.

The DLCs look forward to participating in ongoing training and support, which might include guidance about the Act and its Regulations and other relevant law, and also formal opportunities for networking and information sharing to improve consistency of approach nationwide. Some activity has taken place in this space, arranged by LGNZ and the Health Promotion Agency.

## 2. Committee initiatives

District Licensing Commissioners have participated as presenters in some educational fora around the new legislation and licensing regime. For example, Commissioner Rex Woodhouse spoke to a gathering of community group leaders in Palmerston North at a Health Promotion Agency workshop on the Sale and Supply of Alcohol Act 2012, and Commissioner Murray Clearwater presented to the Environmental Health Officer Conference on the decision-making role of the DLCs. Care is taken that, in undertaking this sort of educational outreach activity, Commissioners do not take part in activities that might imply partiality.

Members of DLC support staff have also participated in initiatives, including:

- The Principal Advisor attended Wellington Liquor Liaison Group meetings, alongside representatives from the Police, Licensing Inspectorate, Medical Officer of Health, Health Promotion Agency and Hospitality New Zealand. The purpose of these meetings is, as set out in section 295 of the Act, to:
  - (a) establish and maintain arrangements with each other to ensure the ongoing monitoring of licences and enforcement of the Act and
  - (b) work together to develop and implement strategies for the reduction of alcohol-related harm.

• The Principal Advisor took part in a workshop run by the Health Promotion Agency to prepare a guide for applicants to the DLC hearing process.

In addition, when the new Act came into force, Council support staff undertook the redevelopment of the alcohol licensing information on the Council's website and produced resources to assist customers to navigate the new alcohol licensing regime, for example, a guide to hearings resource document.

## 3. Wellington's provisional Local Alcohol Policy

In accordance with Part 2 subpart 2 of the Sale and Supply of Alcohol Act 2012, Wellington City Council has developed a provisional Local Alcohol Policy (the provisional LAP).

The provisional LAP represents an updated approach to alcohol management in Wellington City. It is intended to provide guidance to decision-makers in applying the new Act and any amendments that may come in the future.

Council also prepared an Alcohol Management Strategy to provide a strategic context for the provisional LAP. There was an extensive engagement programme to support the development of the Strategy and LAP, which sought to elevate the discussion from alcohol-harm reduction to how we can foster a safe and vibrant late-night economy.

The Alcohol Management Strategy and Provisional Local Alcohol Policy were agreed by Council on 3 October 2013. They are intended to provide a strategic context and guidance to decision-makers in applying the Act.

Key elements of the provisional LAP include:

- 11 guiding principles.
- A 'risk management framework' to guide decision-makers to assess the suitability of applicants (both on-licence and off-licence) for late-trading. Late trading is defined as trading beyond 3am for on-licence and trading past 8pm for off-licence.
- Central area on-licence maximum trading hours of 7am-5am the following day.
- Suburban on-licence maximum trading hours of 7am-1am the following day.
- Off-licence maximum trading hours of 7am-11pm.
- Central Area and Southern Zone identification as areas in the city with specific alcohol management needs derived from a mix of District Plan objectives; location-specific, alcohol-related harm data; international best practice and a desire to change the mix of trading activity.
- Density and Proximity hearing flags that alert decision-makers to the need for closer examination (via public hearing) of issues related to

location, level of assessed risk, proximity (within 100m or adjacent) to sensitive facilities.

• Clear information on public notification and participation.

Key elements of the strategy include:

- An implementation plan that addresses issues related to:
  - pre-loading and side-loading
  - o late-night activity in the central city
  - o alcohol availability, events and sector collaboration.
- Key initiatives include:
  - a voluntary six-month trial of off-licence closing at 9pm for the central area and southern suburbs, on Friday and Saturday nights
  - an initiative to explore regulatory and educational tools to encourage greater responsibility and ensure Wellington is a safe and vibrant entertainment destination.

As at 30 June 2014, the Wellington provisional LAP was the subject of appeals under the Act by the following parties:

- 1. Progressive Enterprises Ltd
- 2. Foodstuffs North Island Ltd
- 3. Super Liquor Holding Ltd
- 4. Capital and Coast District Health Board
- 5. New Zealand Police
- 6. Medical Officer of Health
- 7. Wellington Inner-City Residents and Business Association Incorporated
- 8. B & M Entertainment Ltd.

## 4. Current legislation

As at 30 June 2014, the Sale and Supply of Alcohol Act 2012 had been in full force for just over six months. As is often the case with a new Act of this size and complexity, a number of issues have been identified as the Wellington DLCs have implemented the Act. These include some drafting and implementation issues, and also areas where enhancements could assist in achieving the Act's policy objectives.

## Drafting and implementation issues

1. The following issues with drafting and implementation have arisen in the early days of the DLCs applying the new Act:

- There is no definition of "prohibited persons" in the Act. It would be helpful to have one added to section 5. It appears that it is intended to mean minors and intoxicated persons.
- In the Sale and Supply of Alcohol Regulations 2013, the following could helpfully be amended:
  - o forms 9 and 10 should include "Easter Sunday" in condition (a)
  - o form 11 should refer to from Part 6 to Subpart 7 of Part 2

- o form 12 and 13 should refer to Subpart 6 to Subpart 7
- o form 14 should refer to Section 120 not to Sections 280 and 283.
- Sections 65 and 66 of the Sale and Supply of Alcohol Act 2012 could be included in the list of public registers in Schedule 2 to the Privacy Act, which it appears has not yet been updated (it still refers to the provisions of the Sale of Liquor Act 1989).
- It would be of assistance if provision were made to enable the Secretary of the DLC to truncate the ten working day notice period for special licence hearings where such applications need to be dealt with urgently. In some instances there has been insufficient time for a special licence hearing after opposition has been raised.
- It is suggested that section 231(4) of the Act (i.e. notice of non-approval of appointment of temporary or acting manager) and also Temporary Authority applications be added to the list in section 191(3) of matters than can be determined by a District Licensing Commissioner alone.
- It would be helpful if there was clarification in the Act that, as of 18 December 2013, all existing licences were intended to be deemed to be subject to the default maximum national trading hours and to have the hours on which they were issued deemed to have been amended to that effect.
- Section 16 as currently drafted does not appear to reflect the reality of the majority of catering operations, which have a home base commercial kitchen and deliver food and alcohol from there to other premises for consumption. The current provisions could be interpreted as an opportunity for all on-licence holders to claim a right to cater events away from their main premises. This does not appear to have been the intention of the policy-makers. Section 16 could helpfully be amended to clarify that a section 38 endorsed on-licence is for catering only and that a separate on-licence is required for a licensee who also wishes to operate its own restaurant, tavern or other on-licensed premises.
- Also in relation to caterers, the Act does not expressly exclude licensees with a section 38 endorsement (i.e. caterers) from the application of the sacrosanct day trading restrictions in section 47. In the Regulations, however, Form 9 states that caterers are excluded from that prohibition. This appears to have been a drafting oversight and it is suggested that the Act be amended to remedy it.
- Section 102(4) of the Act as currently drafted is ambiguous. Possible interpretations include:
  - You can't raise suitability issues as part of an objection unless the application is to renew a licence on its existing conditions;
  - You can't raise anything except suitability if the application is to renew a licence on its existing conditions.

It would be helpful if the intention of this provision was made clear.

## Policy enhancements

Clarity would be welcome as to whether "supply only" events are intended to require special licences and, if so, which such events. This is in light of the

change of wording in section 22 (and elsewhere in the Act) from "sale and supply" to "sale or supply". This change has increased uncertainty around special licences and when these are required.

## 5. Other matters

The DLCs and the Wellington City Council would welcome further coordinated, centralised promotion of best practice in the operation of the new Act and its Regulations and would like to see this made available to the alcohol sector nationwide.

## 6. Statistics

The DLA accepted 1149 applications in the period from 1 July to 17 December 2013. From 18 December 2013 to 30 June 2014, the DLCs accepted 825 applications. The combined total number of applications accepted by the DLA and the DLCs in the 2013–2014 financial year was 1974, which is 142 less than were received by the DLA in the previous financial year.

Below is a table showing a comparison of previous years. Please note that these figures include renewal and endorsed licence applications.

# VICTORIA STREET BOULEVARD

## Purpose

- 1. To inform Councillors of the design.
- 2. To discuss the traffic implications.
- 3. To discuss the funding and delivery arrangements.
- 4. To discuss feedback from consultation.

## Summary

- 5. The Central City Framework identified Victoria Street as a key place to encourage growth and change in the city. The plan is to make Victoria Street into a tree lined boulevard so that it is a much more attractive place to pass through, spend time, live and work. This project supports the economic growth objectives and is required to accommodate the population growth that is forecast for the Te Aro area (increase of 9,500).
- 6. It is expected that about 2000 people will be living in Victoria Street in the future, and the proposal of an arts and creative hub (Weltech and Whitireia) will bring more than 1000 full-time students to the area.
- 7. Council committed \$2.72million of funding in the 14/15 and 15/16 years of the LTP to complete streetscape works between Dixon and Ghuznee Streets. There is an opportunity to deliver the 'whole' project (Dixon to Able Smith) ahead of schedule by accessing additional funding from the Capex underspend.
- 8. The proposal is to use the Memorial Park Alliance in order to expedite the process and guarantee delivery within a tight timeframe (June 2015). There are processes in place to get independent verification on price to ensure value for money. Council has experience of working with the Memorial Park Alliance and they have a demonstrated track record of working successfully with us in the delivery of the Park (in which we are a major financial stakeholder).
- 9. The focus of this project is about activating land uses and development. The design primarily focuses on the area between the kerb and the building edge and includes two open spaces. The works to be undertaken do not prejudice making changes to transport or cycling facilities in the future.
- 10. Council has engaged on this project a number of times already. The consultation just completed has identified some additional issues and we are working towards resolution of these as part of the detailed design process.

## **Recommendation/s**

That the Council:

1. Receive the information.

## Background

## 11. What is the proposal?

Victoria Street (from Dixon Street through to Abel Smith Street encompassing three city blocks) will be redesigned to make it a better place to live, work and accommodate growth. This city boulevard will integrate Council investment in the streetscape with development from private investors in the buildings along each side of the street and proposed works on the adjacent to the State Highway. The proposal includes creating a new park in the triangular area near the Victoria Court Motor Lodge, which is a layby and parking area at the moment, it also includes an upgrade of Volunteers corner to make ait a more useable public space.

## 12. Why it is it happening?

Victoria Street is a good place to locate population growth as it more resilient than other parts of the city because it is slightly higher (resilient to sea level rise and tsunami), and the geology is more stable (resilient for earthquakes). It also has capacity both in terms of the planning controls and the infrastructure. In addition to these factors it is a block from Cuba Street and Lambton Quay – two key activity areas within the city. Growth in this area supports the heritage area of Cuba Street.

## 13. How will it happen?

In order to deliver the project efficiently it is proposed to use the Memorial Park Alliance. Under the Alliance model the client forms a consortium of specialists to deliver a project outcome. This entity takes the risks of any project uncertainty and also shares the rewards should delivery exceed expectations. In the case of the Memorial Park Alliance the members are NZTA, Tonkin & Taylor, URS and Downer.

14. The alternatives to this model are to go through a traditional design followed by build process, or a design and build process. Both would be more time consuming and will likely be "measure and value" contracts with jointly shared risk.

## What else is happening in the area?

- 15. There are a number of proposed developments for Victoria Street:
  - Farmers/Deka site A mixed use development being undertaken by Willis Bond.
  - 168-170 Victoria Street A mixed use development being undertaken by Stratum Group in partnership with St Peters church.
  - 160 Victoria Street A consented mixed use development being by Stratum Group.
- 16. There have also been applications for footpath permissions, which show that the area is changing in terms of its use. An example of this is Crafters and Co (a craft brewery) which is located on Victoria Street in between Abel Smith and Vivian Streets.

## Discussion

17. Through the consultation feedback has been received on a number of items. These will be worked through during the detailed design stage. Key items of feedback are as follows:

## **Procurement**

18. The Memorial Park Alliance is being used for the design and construction of this project. This came about because there was opportunities to deliver the full extent of

the project by accessing additional funding from the CAPEX underspend. A condition of gaining this funding was that the project needed to be delivered by the end of the 14/15 financial year. Using the Memorial Park Alliance Council will have guaranteed delivery of the project within the timeframe.

- 19. The indicative costing based on the concept design is \$11.1million. As detailed design proceeds there will be more certainty on this price. A process is in place with the Memorial Park Alliance to provide Council with an independently verified price for the works. This will ensure value for money.
- 20. It must be noted that under this procurement model the relationship is less about client/contractor and more about a partnership/collaboration to deliver agreed outcomes.

## Cycling

- 21. The Victoria Street project has a focus on activating the land uses and development along the corridor. There are relatively high pedestrian numbers and this mode is the key focus of the project. The existing businesses also have the view that parking is an important aspect of the overall environment.
- 22. To be clear, Victoria Street is not\_a cycleway project, but good practice dictates that a balance of modes, including enhanced cycle facilities should be provided where possible. Inevitably there will be trade-offs and in this case it is getting a balance between on street parking and cycle lanes. However, the project will bring a step change improvement for cyclists with the addition of a 1.7m wide cycle lane. Currently cyclists try to fit in a 3.2m wide traffic lane directly alongside parked cars.
- 23. The works being undertaking do not prejudice making changes to cycling facilities in the future. The concept sets a carriageway width of 13.5m (between kerbs). The allocation of space within the carriageway can change over time to match changing demand. That is, the road width is fixed, but the lane widths and lane utilisation can be simply changed to reflect different demands in the future.

## **Engagement**

- 24. Victoria Street was identified in the Central City Framework as both an important "multi modal" transport corridor and an urban space in need of revitalisation. Not only was it consulted upon as part of that process but it was subsequently part of the 2012/15 LTP process when Council approved funding for the first block.
- 25. The concept plans for Victoria Street have already been presented to TUD and it is these concept plans that are currently being made available to the community for initial input before detailed design proceeds. In view of previous consultation around this project the timeframe for this initial consultation has deliberately been kept short to enable more time to be allocated to allowing the detailed design process to resolve any issues that emerge.
- 26. Within the week set aside for engagement, there were 18 hours of open days, including lunchtimes, evening and weekends where people could discuss the project, explain any concerns, and make any suggestions.
- 27. The detailed design phase of the project will be looking to incorporate suggestions and resolve issues as possible.

## **Next Actions**

- 28. Sign off of the revised concept design.
- 29. Commencement of detailed design phase.
- 30. Detailed design cost estimate.
- 31. Indepent cost review.
- 32. Contract negotiations.
- 33. Commencement of construction.

## SUPPORTING INFORMATION

#### **Consultation and Engagement**

As described within the paper Council has engaged on this project a number of times already. The consultation we have just completed has identified some issues and we are working towards resolution on these through detailed design.

#### Treaty of Waitangi considerations

We have met with Port Nicholson Settlement Block Trust and discussed the potential project.

#### Financial implications

The commitment of \$11.1 million is required, this is partly from the CAPEX underspend and partly from bringing existing funding forward into the 14/15 year.

Policy and legislative implications Nil

Risks / legal Nil

Climate Change impact and considerations Nil

#### **Communications Plan**

We have information aviiable on our website. As the design and construction progresses we will have regular updates for key stakeholders and neighbours.
