ABOUT

We want to connect businesses with community groups to tap into and expand the tremendous talent that businesses can offer. What community organisations often need is more business expertise (including accounting, project planning, marketing, legal services and many other skills).

Deloitte, Volunteering New Zealand, Volunteer Wellington, Chalkle, Enspiral and others have joined us to grow this high-value sector of volunteering.

With our partners we will:

– make it easier for businesses to contribute to communities, including developing a public online database to match volunteers, skills and opportunities
– promote events to showcase and facilitate connections between diverse business expertise and skilled volunteering.

We want you to join us. This is just the start.

WHAT’S IN IT FOR YOU?

– Achieve your priorities in volunteering/corporate social responsibility by connecting with the right people and resources
– Be a recognised leader in the future of skilled and innovative volunteering.

HOW TO GET INVOLVED

– Give your time and skills. Tell us about your priorities. Talk to us with your ideas
– Work with us and our partners to grow Our Volunteer Capital.

For more information, phone 499 4444, or email ourvolunteercapital@wcc.govt.nz
ABOUT

Volunteers make a huge contribution to our city. The Council has many groups of conservation, sporting and other volunteers.

We want to make it easier to match the diverse interests, abilities and available time of volunteers with the right opportunities. This will increase the volunteering base and the benefits it brings.

The Council is partnering with a range of organisations, starting with Volunteering New Zealand, Volunteer Wellington, Deloitte, Chalkle and Enspiral. We want you to join us.

WHAT’S IN IT FOR YOU?

– Be at the forefront of taking volunteering to the next level and make a positive difference to your community
– Showcase your expertise and help make Wellington a great place to live.

HOW TO GET INVOLVED

Be part of Our Volunteer Capital and work with us and our partners to:

– develop an online ‘matching’ platform and database that is simple to use
– tell our stories to let people know what’s happening
– expand training in best practice to resource and manage volunteers, and form sustainable partnerships
– understand and improve motivations for volunteering to get more people involved.

This is just the start. Talk to us about your ideas for Our Volunteer Capital.

For more information, phone 499 4444, or email ourvolunteercapital@wcc.govt.nz
