Dave	Male	40-59	I'd like to voice my support for the proposed Wheels Hub and Pump Track at Ian Galloway Park. Cycling is a fun and healthy activity and pump tracks are a fantastic way to develop essential skills. For example, the pump track in Maupuia gets a great amount of use, from the very young through to people nearing their sixties (i.e. me) and is a wonderful community asset. Please support this project!	Wellington
Tom	Male	20-39	This would be an amazing addition to the Wellington region!	Wellington
Jonathan	Male	60+	As a keen cyclist with kids who are also cyclists, I'm keen to see this infrastructure in place to develop riding skills and provide a local multi-function riding space for the many families and riders in this part of Wellington.	Wellington
Luke	Male	20-39	Would be an awesome attraction for Wellington, one we would travel to from the southern suburbs (like we do for Makara mtb park)	Wellington
Frank	Male	13-19	This will be an awesome public amenity!!	Wellington
Jonathan	Male	20-39		Wellington
R	Male	40-59		Porirua
Matt	Male	40-59	This would be a great addition to the local area for kids and teenagers	Wellington

Geoff	Prefer not to say			Wellington
David	Prefer not to say	40-59		Porirua
Wayne	Male	40-59		Lower Hutt

Simon	Male	40-59	This would be a great use of the space.	Wellington
Dave	Male	40-59	More good skills areas are needed for Wellington kids to have fun and prepare them for a life of cycling	Wellington
Rachel	Female	40-59		Wellington
Iain	Male	40-59		Wellington
Darcy	Male	40-59	The bmx track has been amazing. Building facilities like this and a pump track is the first step of health care for people, it gets them out and active.	Wellington
Bryn	Male	20-39	This initiative is a must have for Wellington, we used to have national level events here such as the pump track national champs before a lack of facilities drew these events elsewhere. This would be a step in the right direction towards getting these back and helping Wellington become a true cycling/mountain biking destination.	Wellington
Matt	Prefer not to say			Wellington
Louise	Female	40-59		Lower Hutt
Lewis	Male	20-39	This space could really help push Wellington as the largely undiscovered cycling destination it is, as well as fostering talent in the area. With Bmx and skateboarding now Olympic sports the future generations will only be held back by lack of facilities.	Wellington
Chris	Male	40-59		Wellington
Suzanne	Female	40-59	Long time Over due to have a facility here for kids !!	Wellington

Fara	Female	40-59	I have an 8 year old son who would be fortunate to use the park someday.	Wellington
Lincoln	Male	40-59	Build it please	Wellington
Callum	Male	40-59	In support. I use the pumptrack at Mapuia and it is fun but too small. I skate and bike on it. My son skates, bikes and scooters on it. I have skated the pump track on Cambridge and Whangarei and they are amazing community assets. I travel to Karori regularly as my mum still lives there right above the BMX track. We rode it in the 80's as kids. Great idea.	Wellington
Dean	Male	60+	An ideal location for a facility like this. There's plenty of space and the opportunity to integrate it with the existing BMX track and skate ramps.	Wellington
Peter	Male	40-59	Need a good skills area. So drops, jumps and a pump track in the western side of welly would be sweet	Wellington
Grant	Male	40-59	Great proposal	Wellington

Ian	Male	40-59	We so need to upskill !	Kapiti
Amanda	Female	40-59		Wellington
Sid	Male	60+	Please support this. It's hugely complementary to the BMX track and the Makara MTB park.	Wellington
Dominic	Male	0-12	Please!	Wellington
Luke	Male	13-19	I love ian galloway park, and think a pump track being added would highly benefit the usage of the area.	Wellington
Benjamin	Male	0-12	Please	Wellington
Jacob	Male	13-19	This would be awesome	Wellington
Katherine	Female	20-39	Woohoo yes please! More bike stuff!	Wellington
Sam	Male	20-39		Wellington
Beppo	Male	40-59		Kapiti
Mike	Male	40-59	While Wellington has a large and diverse amount of off road mountain biking, it is seriously lacking in other facets of MTB, such as dirt jumping and pump tracks, especially in comparison to ther regions nationwide. Having something like this would not only be utilised, but hugely beneficial to not only the local mtb and bmx community, but the larger regional area of greater Wellington also.	Lower Hutt
Jacob	Male	13-19		Wellington
Sefton	Male	40-59	I have 4 young boys 5-10 years old and this would be great for us to have something so close	Wellington

Rodney	Male	40-59	These are the assets we need to keep our kids engaged with an active lifestyle.	Wellington

Bill	Male	40-59	This would be an amazing resource for many people in Wellington	Wellington
Liam	Prefer not to say	40-59	Fantastic idea! This would be a wonderful facility for children and adults alike.	Wellington
Ingrid	Female	40-59	As the mother of two active daughters in Karori, they would love somewhere to ride scooters and bikes safely, while taking risks and not having to drive across the city to do so!	Wellington
Phil	Male	40-59	Great idea - would love to see some further development to complement great work already done	Wellington
Alex	Gender Diverse	0-12	Would love a pump track like others I've visited further away - my friends and I are mostly girls and a track for everyone would be great for us all. Hoping that this succeeds!	Wellington
Joseph	Male	40-59		Wellington
Jack	Male	0-12		Wellington
James	Male	13-19		Wellington

Tara	Female	20-39	My kids would love it so much	Wellington
Nick	Male	40-59		Wellington
Fergus	Male	20-39	Brilliant idea	Wellington
Rod	Male	40-59	What a fantastic idea - maximises the regional appeal, the BMX track for those with more advanced skills, Makara Peak for everyone, and a pump track to develop the skills needed for the road and leisure! Fantastic!	Lower Hutt
Angus	Prefer not to say			Wellington
Austin	Male	20-39	Would be a great addition to the suburbs, although the steepness of old Karori road may be hazardous to younger users accessing from Karori. This may require a trip generation analysis to assess future demand etc. to see if a less steep path could be facilitated.	Wellington
GUSS	Male	40-59	This is a fantastic idea.	Wellington
Hayden	Male	40-59		Wellington
Adrian	Male	40-59		Wellington
Karlene	Female	40-59	A pump track would be a amazing resource -there are so few in Wellington central and they are small. Wellington is a world class MTB destination and a pump track can support vital skills development	Wellington
Rebeccah	Female	40-59	This looks amazing - fully support it	Wellington
Mark	Male	40-59	Looks amazing! Great facility for the community	Wellington
Paul	Male	40-59		Wellington
Omid	Male	20-39	Awesome idea! Definitely would be a big plus	Wellington

Emma	Female	40-59	Definitely need a skate park for young people of karori...we are very under resourced for the size of suburb.	Wellington
Georgia	Female	20-39	Would love to see some world class events in Wellington. Awesome opportunity!!!	Wellington
Olive	Female	0-12	Skate park please	Wellington
Henry	Male	13-19	Skate park and pump track would be awesome.	Wellington
Noel	Male	40-59	Would love to spend time developing my kids skills on the bike while also being able to ride along side them. The proposed development looks amazing.	Lower Hutt
Nicki	Female	40-59	Would be a great activity in the area. Support 100%	Wellington
Gab	Male	40-59	Great for the kids	Wellington
Paul	Male	40-59	This would be fantastic for all ages, and is desparately needed in this part of Wellington. HAVING to drive to Miramar means my kids dont get to go too often.This would certainly be very well used.	Wellington
Craig	Male	40-59	Pump tracks which gradate from easy to hard are awesome for skills development, and multidiscipline is best also	Wellington
Nathan	Male	20-39	Fully support this..	Wairarapa
Blair	Prefer not to say	40-59		Wellington
Trevor	Male	40-59	Strongly support the proposal for a wheels hub at Ian Galloway it would be a huge asset to wellington	Wellington
Robert	Male	20-39		Wellington
Martin	Male	20-39	Fully support the additional wheelsfacilities	Wellington
Eve	Female	40-59	Fabulous to think there might be a space that could be used for safe biking, skate boarding and scootering for our kids. Ian Galloway seems like an obvious choice as it services so many. There is plenty of space to make this area great for more than just a dog park that is only used half of the year (when it's not flooded)	Wellington

Stephen	Male	40-59		Wellington
Jemma	Gender Diverse	20-39	I roller skate and love visiting different skateparks around Wellington. This would be a great idea	Lower Hutt
Michelle	Female	40-59	My kids would love this facility	Wellington
Nigel	Male	40-59		Wellington
Graeme	Prefer not to say		Whay a great propsal! Having seen mtb popularity in wellington explode over the last decade, kiwis having representatives in almost all extreme sports, is cray how under catered we are in wellington, particularly the western suburbs for riding sport infrastructure (other than our diverse mtb networks)	Wellington
Mark	Male	40-59	Love this idea. I enjoy riding to visit the top of Crawford, but would love other and better options.	Wellington
Fraser	Male	20-39	Pump track is great for kids on ballance bikes through to adults on pushbikes and also the skate scene it's a versatile track that can be utilized by many to develop skills in support of wellingtons great cycling and mountainbike culture and promotes better health through exersize	Wellington
Aaron	Male	40-59	I support the pump track being built	Wellington
Anna	Female	20-39	Great idea, an area similar to Miramar with Con Air/Jumps and the pump track. A skatepark would also attract a large number of youth if there was space for this.	Wellington
Richard	Male	40-59	I support this proposal. Biking is only increasing in popularity, and that is consistent with the Councils drive to get people out of cars and into alternative transport options. increasing facilities that will help people improve their competence on bikes will only improve safety. Marakra is a massive drawcard for people already, but the "skills area" in the park is limited in its capacity. A pump track and progressive dirt jumps park will help riders hone skills which will make them safer riders when moving to utilise those skill on the trails in Makara and elsewhere.	Wellington
Collin	Male	40-59		Lower Hutt
Anneke	Female	20-39		Wellington
Sam	Male	20-39		Wellington

Carl	Male	40-59		Wellington
Euan	Male	40-59	Very supportive	Wellington
Helen	Female	40-59		Wellington
Aidan	Male	20-39	Ive lived in karori all 20 years of my life and have always wanted a skatepark here I think it would be a really good idea for the community to be more active and it gives a chance for people to make new friends and what not so I back this 1000% of the way but for the future plans of a skatepark I think way it should be handled should be by getting the inputs from local skaters, scooter riders, bikers etc because then not only will have everything for everyone but then it also has the chance to be built properly for future generations wanting to get into the action sports scene, If there's a chance that I could become fully involved with this please let me know I would be very interested since being a karori resident and a scooter rider with 4-5 years of experience with being at skateparks and the kind if energy that they bring to certain communities I think I would be able to help abit with this.	Wellington
Richard	Male	40-59	Creation of a bike hub for multiple ride disciplines a fantastic idea and adds to Wellington as a riding destination.	Wellington
Matt	Male	20-39	As a frequent visitor to Karori for mountain biking, this would be another fantastic asset for the local community and those visiting from further afield.	Lower Hutt
Trevor	Male	40-59		Wellington
Rachel	Female	40-59	Fully support Davids work on this proposal. It would be an incredible community asset promoting health and wellbeing amongst our kids. There is a significant lack of skate/bike facilities for young kids in the western suburbs. Davids enthusiasm for developing the area is phenomenal and will offer so much to generations.	Wellington
Gabriwl	Male	20-39	This is a great opportunity to help Wellington join the list of world class wheel sports destinations in New Zealand. City's like Queenstown and Rotorua have a international reputation for there biking facilities, which attracts the world's best riders, international events, and huge exposure for the cities. These types of facilities are particularly important for the next generation, as multiple young locals are representing these sports on the world stage!	Wellington
William	Male	13-19	Really cool	Wellington
Eddie	Male	0-12	pump track please	Wellington

Justin	Male	40-59	Would be a fantastic addition to existing facilities in the area. The pump/skate park in Napier and also Raglan are regular highlights for my kid – enough so that they have been deciding factors in taking short trips to these places– and it is pretty shocking and a little sad Welly doesn't have anything like it. Would be amazing to have accessible stepping stones to the BMX and ramps. As a Northland neighbor and regular user of Ian Galloway, and commuter user of both Whitehead Rd and Curtis St I STRONGLY support this...	Wellington

Cameron	Male	40-59	I fully support this initiative for local kids and community	Wellington
Ben	Male	20-39	Kids are more important than dogs, I wish I had a pump track when I was growing up in Karori.	Wellington
Blake	Gender Diverse	20-39	I wish you the best	Wellington
Robin	Male	40-59		Wellington
Nick	Male	20-39	I strongly support the establishment of a wheels hub at ian galloway park in wellington. The existing bmx track is the only uci-level facility in the region, and lays a great foundation for further similar activities promoting fitness, wellbeing, and advancement of cycling skills, and community spirit. Bmx is a rapidly growing sport (now an olympic sport), and with a big focus by cycling nz will continue to grow. This is a huge opportunity for Wellington to attract visitors from the region and beyond.	Wellington
Rhys	Male	40-59		Wellington
Jason	Male	40-59		Wellington
Owen	Male	13-19	I've always wanted to get involved in building trails and pump tracks	Wellington

Ruben	Male	13-19	I think this would be a great asset to an already amazing mountain bike scene in Wellington. It might be enough to turn Wellington into a bike destination	Wellington
Kat	Female	40-59	<p>This is a great idea. Most centres (even Foxton Beach!) have a pump track. This is a facility for all ages and genders and another thing to keep people fit and healthy.</p> <p>The dog park is boggy and I know lots of people who avoid that one park - another option would be fab.</p> <p>The main concerns I have read are unfounded (it's for 'boys' - NO my girls ride bikes and skate! / the council won't open another dog park - NO it's park of the proposal to move not remove) and hindering an amazing opportunity.</p>	Wellington
Charlie	Male	13-19		Lower Hutt

Rachel	Female	40-59	Have used the BMX track with my kids, would be great to have more facilities.	Wellington
Clint	Male	40-59	It would be great to have this asset in the area. our family would definitely make use of it and fully support it.	Wellington
Colin	Male		I have witnessed the move of mountain biking / cycling in Wellington evolve from a mainly (macho?) male pursuit to now include ever more female and family riders. I support this complex as another step on that journey. And a positive net gain for Wellington v's cycle lanes that come at a cost of so many anti feelings.	Wellington
Dion	Male	40-59		Lower Hutt
Paul	Male	40-59	I support this!!!	Wellington

Matt	Male	40-59		Wellington
Liz	Female	40-59	We would come to Wellington more for something like this, and it would be great to add a cafe or coffee cart to the plan!	Porirua
Claudia	Female	20-39	As a mountain biker and, dare I say it, fairly active member within our community, I strongly believe this project will bring lots of positives to people of all ages in our community!	Wellington
Iley	Female	13-19	this would be an amazing hub	Wellington
Cilla	Female	40-59	Love the idea!!!	Wellington
John	Male	40-59		Wellington

Reuben	Male	40-59	Great idea, look forward to it !	Wellington
Denny	Male	20-39		Wellington
Abbie	Female	40-59	This would be an amazing facility and used by many.	Wellington

## IGP Master Plan - Southern Ian Galloway Park – Wheels Hub Proposal

### Proposed scope and layout:

**Pump Track** – build a new regional scale (2,500-3,500sqm) asphalted pump track incorporating multiple loops optimised for different uses (e.g. younger children & wheelchairs; jumps; dual racing inc. start gate/timing system).

**BMX developments** – Develop the existing BMX site to extend usage by adding a gate canopy, track lighting, and a sealed access way.

**Spectator Earthworks** – Extend Berms 1 & 3 for BMX and Skate ramp viewing; create walkway above straight 1 linking Berm 1 to the top field.

**Skate Developments** – Vert ramp rebuild, add new beginner ramp and site for a future skate park.

**MTB Developments** – progressive dirt jump lines, MTB skills area & possible short trail down from pylon.

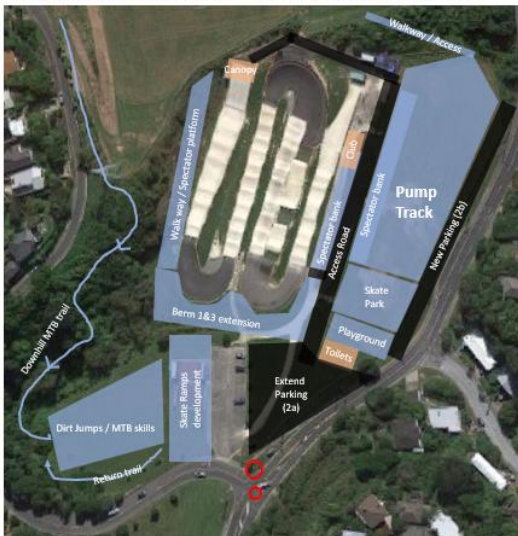

**Public Toilets** – either stand-alone or part of small club room at BMX finish line – both shown on map.

**Dog Park relocation** – enables the wheels hub by moving to a location, either A) to northern end of park next to Wests Club rooms & CADTS (steeper site), or B) to nearby Appleton Park (good parking access).

**Car Parking extension** – provision of additional parking to cater for current demand & future growth.

**Neighbourhood Playground** – site for future playground to plug a gap in the network for the city end of Karori

**Safety improvements** – Whitehead road / Curtis St junction removal of vegetation to improve sight lines and installation of mini roundabout.

I want to see this happen for my children

Let's get this done.

Wellington is one of the only towns in the country without a decent pump track.

Would travel from Wairarapa for this

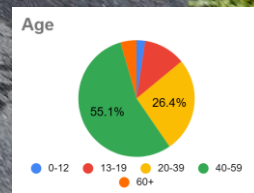

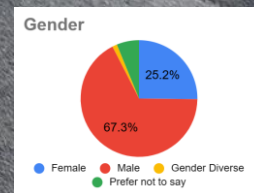

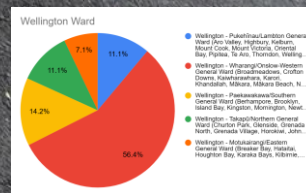

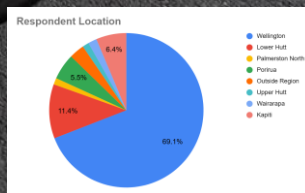

It would be so Fun

As the mother of two active daughters in Karori, they would love somewhere to ride scooters and bikes safely, while taking risks and not having to drive across the city to do so!

Fully support this, but please include additional resources for dogs if moving the existing dog park. It would be great if you could improve the dog park as well.

Pump tracks are a fantastic safe way for riders to build the skills needed to confidently tackle Wellington's great MTB trail network. Wellington needs this. Would love to see some world class events in Wellington. Awesome opportunity!!! Pump Tracks are playgrounds for everyone and every community benefits. I think its a great idea and fully support this initiative
