## Agency work flow

The DLA has received a total of 2206 applications in the 2010–2011 financial year, 24 more than the previous financial year. The agency determined and issued a similar number of licences to the 2009–2010 financial year. The number of licences in force has increased from 720 to 723. There has been a significant rise in the number of general manager certificate renewals and new club managers applications received.

## Conferences

Richard Putze, Joanne Burt and Mike Kemp attended the New Zealand Institute of Liquor Licensing Inspectors conference in Wellington in September 2010. The conference was addressed by Judge Hole, Justice Minister the Hon Simon Power, Derek Fry, Wellington City Council, and members of the Liquor Licensing Authority. The conference was also attended by a number of members of the New Zealand Police who have liquor as part of their portfolio.

## Agency meetings and hearings

There have been no hearings of the District Licensing Agency this year.

## 2a Agency initiatives (new)

### Enjoy the Sevens, ease up on the drink

This focus of this year's marketing campaign was to encourage people to drink responsibly before, during and after large events. The Rugby Sevens is an iconic event for Wellington. It attracts a wide audience, many of whom come for the party atmosphere alone, and this type of event lends more to people getting drunk than others.

We were able to adapt the Alcohol Advisory Council of New Zealand (ALAC) national campaign 'Ease up on the drink'. We engaged Look Walkers to distribute postcards at the airport and city streets in the lead-up to and during the Sevens, and at the street parade. Adshels and posters were also put up in key positions around the city.

### Guide to applying for a general manager's or club manager's certificate

The DLA has produced a guide for those wishing to apply for a general manager's or club manager's certificate. The guide provides an overview of licensing and reporting authorities, and covers how to apply for a new certificate or renewal, the requirements for appointing managers and host responsibility practices.

## 2b Agency initiatives (ongoing)

### Reducing alcohol harm – how staff can help

The DLA took the opportunity to participate in a hospitality sector class at Weltec as part of its continuing focus on key industry sectors and tertiary providers.

Key messages for students and staff centre on the object of the Act and host responsibility practices. The suite of tools already available to managers and hospitality sector workers is reinforced.

Key messages are:

- it's about the patron – are you confident they are over 18?
- how to recognise and prevent intoxication
- promoting food and offering an alternative to alcohol
- slow service, provide a safe environment and provide entertainment.

Students were responsive to these sessions, and feedback has been positive.

### Liquor Control Bylaw extended

On 25 June 2010 the Council agreed to extend the current liquor ban area, which covers the Wellington Central Area, Aro Valley, Central Park, the Mt Victoria lookout and Oriental Bay, into Mt Cook and Newtown. The amendment came into force on 10 August 2010.

The Wellington Consolidated Bylaw 2008 Part 4 Liquor Control provides for early intervention to manage the downstream effects of liquor consumption in public places. The purpose of the bylaw is to address growing concerns relating to anti-social behaviours and alcohol-related harm, and to improve perceptions of Wellington as a safe and vibrant city. It is a proactive restriction by the Council to limit alcohol consumption in public areas.

### Police and DLA Newsletter

Wellington Police and the DLA need to communicate information on important policing, legislative or process issues quickly and efficiently to licensees and managers.

The agency continues to circulate the electronic newsletter to registered email recipients. The newsletter alerts licensees and managers to current DLA and policing issues such as disorder, intoxication, licence conditions and aspects of the Sale of Liquor Act. A total of four newsletters were issued over the 2010–2011 financial year. Membership is actively promoted by the agency.

### On the Town

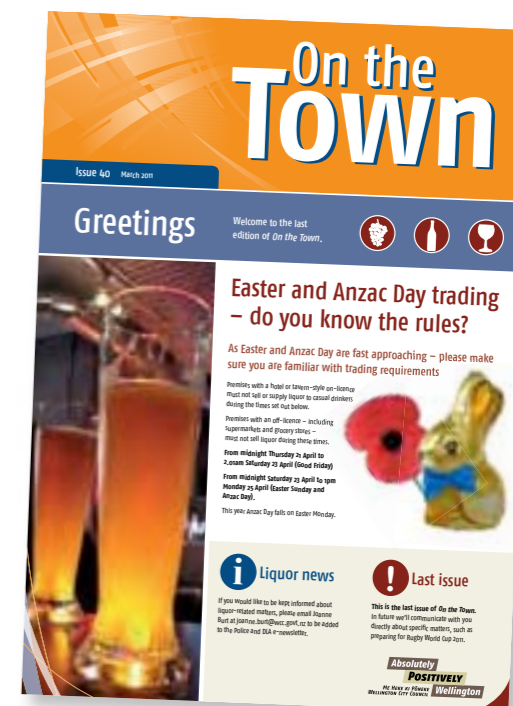

The final edition of this publication was produced in March 2011. The DLA will continue to communicate directly with its customers via a range of different media.

### Wellington City Council liquor licensing webpages

[www.Wellington.govt.nz/services/liquor](http://www.Wellington.govt.nz/services/liquor)

The main features of the liquor pages on the site include:

- overview of liquor licensing and application forms for each type of licence and certificate
- guides for applicants
- the agency's annual reports
- links to the Wellington City Council Liquor Licensing Policy and Footpath Management Policy and gambling consents
- details of the Wellington City 24/7 liquor ban under the Wellington Consolidated Bylaw 2008 Part 4 Liquor Control.

## 3 Wellington's liquor licensing policy

### The aim of the policy

The policy aims to provide a framework for consistent decision-making about the sale and supply of liquor within Wellington City, with the intent of reducing alcohol harm. It balances community expectations about how alcohol is made available to consumers with legislative requirements governing generally accepted norms of behaviour. The policy

allows the Council to fine-tune the application of the Sale of Liquor Act 1989 through its own activities and those of the Liquor Licensing Authority (LLA).

The policy is designed to help the Council meet its obligations under the Act. It is due to be reviewed and will be part of a wider alcohol management plan. Work on these initiatives has begun.

## 4 Enforcement and monitoring

### Inspections

As at 30 June 2011 there were 723 licensed premises operating within the Wellington District Licensing Agency's jurisdiction. An inspection target of 435 visits set for the 2010–2011 financial year was made up of risk category 1, 2 and 3 premises.

**Risk Category 1** (none require inspection): hotels, function centres, auctioneers, gyms, off-licence caterers, mail order, tastings, hospitals, tourist houses, airport and complementary licensed premises, universities.

**Risk Category 2** (25 percent require inspection): restaurants/ BYO, conveyances, adult entertainment, sports clubs, chartered clubs, cultural clubs and social club licence of premises, theatres.

**Risk Category 3** (all require inspection) – taverns, nightclubs, bottle stores, grocery stores and supermarkets.

**New premises** – 100 percent are required to be inspected.

As at 30 June 2011, a total of 476 inspections of licensed premises had taken place. This total was made up of risk category 1, 2 and 3, new premises and pavement permissions.

**Risk 1** – 101 premises, of which 17 were inspected. Inspections were predominantly carried out during the day. One hotel sold to a minor in a controlled purchase operation in October; otherwise all were compliant with the terms and conditions of their licence at the time.

**Risk 2** – 377 premises, of which 134 were inspected. Visits were conducted during the day and evening. Non-compliance issues related to poor signage. All breaches have been followed up by an inspector.

**Risk 3** – 243 premises, of which 272 were inspected. Visits were conducted during the day and evening. Non-compliance issues related to lack of signage, in particular that sales cannot be made to intoxicated persons and failure to display the licence or manager's name. In addition, 22 of these premises sold to a minor in controlled purchase operations. In a number of supermarkets the duty manager was not on the floor at the time of the inspection and had to be paged. All breaches have been followed up by an inspector.

**New** – 22 premises, all of which were inspected. One sold to a minor in a controlled purchase operation.

Compliance visits were also carried out on new operators trading on a temporary authority. Two operators failed an enforcement visit by selling liquor to a minor.

**Special licences** – operators trading on a special licence for the Wellington NZI Rugby Sevens and The Food Show Wellington

were targeted. Road closures were in place for the sevens, and many operators chose to disregard the terms and conditions of their licence. All breaches have been followed up by letter.

### Controlled purchase operations

Agencies are responsible for monitoring licensed premises to ensure compliance with the Act.

A combined agency response ensures the parties will be enhancing community safety by committing to:

- further working together at local level to reduce alcohol-related harm
- enhancing the regulatory agencies collaborative relationships with each other
- ensure the public messages that the agencies give in relation to alcohol are consistent, complementary and supportive.

Six controlled purchase operations have been conducted in the last year targeting all types of licensed premises.

A total of 107 premises were visited: 30 taverns, 27 bottle stores, 40 grocery stores, seven supermarkets, one strip bar, one hotel and one entertainment venue. A total of 23 premises failed and sold to the minors: 13 taverns, five bottle stores, four grocery stores and one hotel. All have been dealt with by the LLA or have agreed to a voluntary suspension.

### Ko-ordinated Enforcement Group (KEG)

The Ko-ordinated Enforcement Group is made up of representatives from New Zealand Police, the District Licensing Agency and Regional Public Health. The aim of this group is to help resolve poor performance issues related to licensed premises, unless the non-compliance/poor performance is deemed sufficiently serious to warrant direct legal action, or issues are ongoing.

In many cases the remedial action taken by licensees between detection and a hearing is what the regulatory authorities want. It is in the interests of all parties to achieve a good result without incurring the costs associated with a hearing. This approach has streamlined enforcement without compromising the outcomes sought when matters are referred to the Liquor Licensing Authority.

There have been no formal KEG meetings in the last financial year. However, some licensees have been sent letters for minor breaches and reminding them of their obligations under the Act. Good compliance has been achieved as a result of this early and often repetitive intervention.

## 5 Partnerships

### Wellington Liquor Liaison Group

The group, whose membership includes representatives from New Zealand Police, DLA, New Zealand Fire Service, Regional Public Health, ALAC and HANZ, continues to be an effective amalgamation of members of different organisations working together to address alcohol issues. The committee met six times during the year.
