Fees

All fees listed below are GST inclusive.

- Application processing fee – for new applications this application form is to be accompanied by an application processing fee of \$310. This is a one-off, non-refundable fee. This fee is not required if this application is a response to a competitive tender issued by the Council or for the renewal of an existing licence.
- Licence fee – licences are to be renewed annually. An annual licence fee of \$410 will be invoiced to the applicant if their application is successful. The licence fee covers the administrative costs involved with the provision of a laminated "Trading Licence", maintenance of the trading register and monitoring of the activity. The fee may be reduced for licence periods shorter than one year on a pro-rata basis (e.g. \$102.50/quarter).
- Location rental – there may be a fee for the use of public space for private gain. The amount will typically be similar to that for the use of parking spaces (e.g. around \$40/day) but may be adjusted based on likely actual usage, size of stall and impact/parity with adjacent retailers on private property.
- Special considerations – where the Council is required to carry out additional work (e.g. to modify existing licence conditions to allow the sale of a different type of goods etc.) a fee of \$100/hour will be charged.
