

PROPOSED TRAFFIC RESOLUTION

File Ref: 8/30/180

Reference Number: TR 12-14

Location: Mornington Road - Vogeltown

Proposal: Revise current P10 parking restrictions and install new class restricted parking (bus stop)

Information: Ridgeway School have contacted the Council regarding problems they are having when charter buses are used by the school. There is no suitable loading area adjacent to the school for the school's bus parking and loading requirements. Sometimes this sees buses parking on broken yellow lines outside the school's main gate and close to the pedestrian crossing - setting an incorrect example to pupils and the community.

Council Officers have assessed area and the school's requirements. It is therefore proposed to install a 20 metre long bus stop in a section of road that is currently used as a P10 morning and afternoon drop off parking area. The NZ Police, the Greater Wellington Regional Council and the NZ Bus company have all communicated their support for the proposed new bus stop.

The hours of the P10 parking restriction have also been revised to better suit the school's drop off and pick up times and the timings of the proposed bus stop.
