

PROPOSED TRAFFIC RESOLUTION

File Ref: 8/30/ 361 Pt 1

Reference Number: TR38-14

Location: Winchester Street - Kaiwharawhara

Proposal: No stopping, at all times.

Information: It has been brought to the attention of Council Officers that the turning area at the end of Winchester Street is being occupied by parked vehicles that make turning manoeuvres very difficult or sometimes impossible. Winchester Street is both very narrow and steep. As a result of that, residents' doors, letter boxes, walls, etc. have been hit while motorists are attempting to turn.

Officers propose that this end of Winchester Street needs a "No stopping" restriction, however they also take into consideration that some residents do not have off-street parking.

Therefore officers propose a small section of broken yellow lines at the dead end of Winchester Street to assist motorists and their ability to complete their turning manoeuvres without causing stress or damage.
