

PROPOSED TRAFFIC RESOLUTION

Absolutely Positively
Wellington City Council

Me Heke Ki Pōneke

Reference: TR 24 – 15

Location: Barnard Street - Wadestown

Proposal: No stopping, at all times

Information: The Fire Services has requested the Wellington City Council to consider removing one off-street parking adjacent to a bend on the western side of Barnard Street opposite # 55. This location is adjacent to a bend and regularly vehicles park on both sides of the road.

Recently a fire truck could not access the road at this location (turning around the bend) due the parked vehicles. Fire engines need to be able to move through this street to respond to emergencies without any delays and currently they cannot do so if cars are parked on both sides of the street here.

Council officers propose to replace one parking space in front of #46 and opposite #55 on Barnard Street with a section of broken yellow lines including the bend to improve the public safety.
