

Reference: TR 48 – 15

Location: Cecil Road - Wadestown

Proposal: No stopping, at all times

Information: It has been brought to our attention that a head on crash occurred on a blind corner in front of no.119, Cecil Rd, and this was due to parked vehicles blocking the forward visibility to oncoming vehicles.

Although we acknowledge that residents use these parking spaces on a regular basis road safety is paramount. There is available off street car parking for most residents.

Officers propose to remove one car parking space on the blind corner outside no. 122 and a car parking space on the second corner outside no.114 to improve visibility of vehicles travelling along this section of road and to allow vehicles to slow and manoeuvre alongside the kerb to avoid oncoming vehicles on these corners.

The affected residents are aware of these proposals as officers have already completed an informal consultation. There were no objections from local residents.

Net parking loss: 2 spaces
