

# PROPOSED TRAFIC RESOLUTION

**Reference:** TR 89 – 16

**Location:** Frank Johnson Street - Johnsonville

**Proposal:** Time limited parking ( P60) Monday to Friday

**Information:** Officers have received a request from Johnsonville Community Association (JCA) to install short term parking on Frank Johnson Street. There are about 30 unlimited carparks on this street occupied all day on the 5 working days by commuters and it is rare to find a 'free' carpark in this area at all. Short-term parking is very limited on the nearby streets for about 150 metres in any direction.

Therefore, officers support this request and propose three P60 spaces Mon-Fri on the southwest end of the north side of Frank Johnston Street to provide shorter term public parking.

JCA also note that there is an ongoing problem of advertisers using these three parking spaces, typically for several weeks, and up to several months at a time. Officers confirm this is an issue, but are powerless to deter these advertisers. Advertising vehicles range from vans to trailers with signage up to 2.5m high and 5m long, often with markings indicating they are owned by professional advertisers. Such large signage in very close proximity to a very busy roundabout is considered by JCA as a distraction to drivers, and the carparks they take up denies the use by private passenger vehicle users, and in an area where parking is limited.

Net parking loss: None

## Key Dates:

- |   |                   |
|---|-------------------|
| 1) Advertisement in the Dominion Post Newspaper   | 26 July 2016      |
| 2) Feedback period closes.  | 12 August 2016    |
| 3) If no objections received report sent to Transport & Urban Development Committee for approval.             | 15 September 2016 |
| 4) If objections are received, further consultation, amendment/s, or proceed with explanation as appropriate. |                   |
