PROPOSED TRAFFIC RESOLUTION

Absolutely Positively
Wellington City Council
Me Heke Ki Pōneke

Reference: TR 90 – 16

Location: Warwick Street - Wilton

Proposal: No stopping, at all times

Information: Wellington City Council has been working with the local school parents' representatives who have raised concerns regarding the current pedestrians' ramp on Warwick Street. This is considered too close to the intersection with Wilton Road and parents are concerned about their children walking to school and the need to cross in this location. Officers confirm that traffic turning left from Wilton Road into Warwick Street would be unable to stop safely if a child was crossing at the current pedestrian ramp location particularly if the child/pedestrian was in the southbound lane crossing Warwick Street.

The relocation of the pedestrians' ramps approximately 10 metres from the current location provides an improved sight distance for drivers turning into Warwick Street from Wilton Road and to children and adults alike who cross Warwick Street at the proposed new location. It is proposed to add no stopping restrictions adjacent to the pedestrian ramps. This will provide a safer crossing point for school children and carers. Recently a GWRC bus stop was removed to facilitate this proposal. The nearest bus stop southbound was very close by.

Net parking loss: 2 spaces

Key Dates:

1)	Advertisement in the Dominion Post Newspaper	26 July 2016
2)	Feedback period closes.	12 August 2016
3)	If no objections received report sent to Transport & Urban Development Committee for approval.	15 September 2016
4)	If objections are received, further consultation, amendment/s, or proceed with explanation as appropriate.
