

Reference: TR 22 – 17

Location: Victoria Street - Wellington

Proposal: No Stopping At All Times

Information: Council Officers have received a request to address parking/manoeuvrability issues along Victoria Street, opposite # 226 Victoria Street.

As part of the Victoria Street upgrade in 2014/2015, two metered parking spaces were installed opposite the access way of #226 Victoria Street. When occupied, these spaces were found to hinder large delivery vehicles from easily accessing the access way of #226 Victoria Street, consequently delaying deliveries and decreasing staff safety as loading/unloading of goods has to be done on-street. This was found particularly common during early morning deliveries (between 4-6am).

The purpose of this resolution is to improve access and egress for #226 Victoria Street, particularly in the early hours of the day, by converting these two metered parking bays into a No Stopping At All Times Restriction.

Net parking loss: 2 space

Key Dates:
