

- Reference:** TR 34 – 18
- Location:** Barnett Street, Te Aro
Metered Parking Bay #1156
- Proposal:** Electric Vehicle Charging Station, P60 Maximum, at all times.
- Existing:** Metered Monday to Thursday 8:00am - 6:00pm, Friday
8:00am - 8:00pm, Saturday and Sunday 8:00am - 6:00pm.
- Information:** Summary

Wellington City Council (WCC) is seeking to promote both electric vehicle (EV) charging and car sharing to improve the greenhouse emissions of the city through travel demand management and shifting to non-fossil fuels. By making parking bays available free to both car sharing providers and offering support for electric vehicle charging infrastructure providers, Wellington City Council aims to enhance sustainable outcomes for the city and improve the transport mix.

By introducing a mix of parking for fast and medium EV charging and car sharing – all with the council’s highly valued private sector partners, Wellington City Council seeks to enhance liveability and sustainability in Wellington City.

In 2017, three car parking spaces were allocated for the installation of fast chargers. Subsequently it was found that technical obstacles prevented the installation of fast chargers there. Those car parking spaces will no longer receive a fast charger, and instead, three new car parking spaces will be identified.

The car parking spaces must face perpendicular to the flow of traffic, allowing a car to park either forward or rearward, making it possible for cars to connect to a fast charging station.

Please note: The current parking resolutions will remain in place (legal/enforcement) until the new restrictions with the appropriate signs and markings is introduced.
