

PROPOSED TRAFFIC RESOLUTION

Reference: TR 140 – 18

Location: Courtenay Place - Te Aro

Proposal: Metered Parking (6m)
No Stopping At All Times (7.5m)

Information: Council Officers have been informed of pedestrian concerns on Courtenay Place at the corner of Cambridge Terrace. Outside #12 Courtenay Place is a pedestrian crossing that becomes partially obstructed when vehicles are parked along Courtenay Place in the 2 parallel parking spaces which are currently not enforced. Due to the obstruction, both vehicles and pedestrians do not have sufficient sight distances.

To improve the situation for both pedestrians and motorists, it is proposed to install No Stopping Restrictions toward the pedestrian crossing and to manage parking by installing standard parking features such as L-bars.

The purpose of this resolution is to increase road user safety by managing traffic and parking facilities.

Please note: The current parking resolutions will remain in place (legal/enforcement) until the new restrictions with the appropriate signs and markings is introduced.

Net parking gain: 1 metered parking space
