

PROPOSED TRAFFIC RESOLUTION

Reference: TR137-19

Location: Tannadyce Street, Strathmore Park

Proposal: No Stopping At All Times Parking Restriction

Information: Council Officers have received safety concerns over vehicles parking opposite the driveway at 77 Tannadyce Street. Our assessment of the site concluded the road is narrow and cars parking opposite the driveway make it difficult and unsafe for all users of the road at times when the resident is trying to access their property. This proposed traffic resolution therefore supports the achievement of Council's Transport Strategic outcomes of improving safety for all road users.

Therefore, Council officers propose to install a length of 'No Stopping At All Times'.

The proposed no stopping restrictions are shown on the attached plan.

Whilst this change will result in the net loss of 2 car parks, we consider that the safety benefits outweigh the loss of on-street parking.
