

We are proposing a change in your area

Kia ora,

You are receiving this leaflet as **we would like to inform you of a proposed change** we are making in or around your neighbourhood/place of business.

The Council is consulting on increasing parking fees through the Long-Term Plan process. To ensure that the Council can make a timely decision on increasing parking fees and changing operating hours, we need to comply with our traffic bylaw. This requires a traffic resolution to be drafted to increase the fees, the traffic resolution then needs to be publicly notified. The public are then able to make comments on the resolution, and at the Council's discretion make oral submissions.

The Strategy and Policy Committee will be receiving any submissions on this traffic resolution and making a recommendation to the Council on whether or not to adopt the traffic resolution. The Council will then consider the public input from the traffic resolution process, and the long-term plan consultation before finally determining whether to increase parking fees and./or operating hours. If fees are increased the traffic resolution will then be passed by Council, if not it will lapse. The Council may decide to amend the level of fee increase adopted in the report as part of those deliberations.

Trade coupons operating hours will remain unchanged applying 8am-6pm Mon- Sun. Comment on this extension is welcome under this traffic resolution process.

Proposal:

Reference	<ul style="list-style-type: none">TR6921 Wellington suburbs, Wellington - Coupon parking fee increase; daily, monthly & suburban trade
What we'd like to do	Increase Coupon Parking fees including: <ul style="list-style-type: none">Daily Coupons from \$12 to \$20Monthly Coupons from \$200 to \$333Suburban Trade Coupons from \$12 to \$20
Why we are proposing the change	<ul style="list-style-type: none">The Council proposes to increase the cost of on-street Coupon Parking (daily, monthly, and suburban trade) to better reflect the current market value of all-day parking and to discourage commuters in favour of public transport.
Location – where we propose to make the change	<ul style="list-style-type: none">Wellington suburbs, Wellington - all Resident and Coupon parking areas
Impact	<ul style="list-style-type: none">An increase in the cost of Coupon Parking in all areas from 1 July 2021.
How this relates to the parking policy	<ul style="list-style-type: none">Councils position is that people who use parking spaces should contribute more towards the overall cost of providing on street parking.Revenue through enforcement and meter charges part funds transport infrastructure costs, including the cost of providing the City's parking amenities, road resurfacing, signs and markings thereby reducing the impact on rates funding.To meet the demand for road space from different modes carparks are being permanently removed to provide for walkways, cycleways and bus priority lanes. This contributes to the council goal of making the city more accessible. While the number of parks is reducing, the demand for parking space and the cost of maintaining them is increasing.

We are proposing a change in your area
