NOTES:

- General:**
1. Do not scale from this drawing - use figured dimensions only.
 2. These drawings are to be read in conjunction with all other contract documents including specifications and Engineer's drawings.
 3. Contractor to verify all details and dimensions on site before commencement of work.
 4. Contractor to report any apparent discrepancy to the Architect for interpretation prior to the affected work proceeding.
 5. All timber treatment in accordance with NZS 3602.
 6. Refer to Engineers drawings for all footings, steelwork, bracing, slabs and saw cuts.
 7. For blockwork refer to slab plans & Engineers drawings.
 8. All dimensions to block face and timber face unless otherwise noted.
 9. Refer spec for all installation requirements.
