The iconic Gardens Magic Concert Series will fill our summer nights with the sounds of the capital's vivacious talent.

Come early to grab a good picnic spot, and stay after to take in the stunning Light Display by MJF Lighting. During the day explore the Kids Garden Trail. Discover the flora and fauna of the gardens and explore the ecosystem of a meadow, with Clio the artist. Print out the Activity Sheet or pick up a copy (Soundshell, the Treehouse, Cable Car ticket office) and discover hidden scenes in the Botanic Garden. Drop your completed Art Journal Activity Sheet into one of the letterboxes by the Treehouse, the Soundshell or main entrance.
