

Swim Membership Information

We recognise that regular swimming can be costly, so if you use our pools often (three or more times a week) we are now able to offer you the option of applying for a swim membership. If you're interested, your first step is to decide whether you'd like a monthly, fortnightly or yearly swim membership.

Monthly or Fortnightly swim memberships are paid by Direct Debit and have no long-term contracts. They can't be suspended, but they can be cancelled in writing if received by the Wellington City Council five days before your Direct Debit is due. Other terms and conditions are detailed on the application form.

Yearly swim memberships require payment upon application. Payment can be made by credit card over the phone – (04) 801 4403 or visit your pool. Your membership card will be available when payment is received in full. These memberships can be suspended once a year for a minimum of two weeks and maximum of three months. There is a \$100 cancellation fee if the membership is cancelled before the year is completed. Other specific conditions are detailed on the application form.

Here are the swim membership prices. Each membership entitles you to swim at any of Wellington City Council's seven swimming pools.
