

A Attractive
 Small units, many doors (15-20 units per 100 m)
 Diversity of functions
 No closed or passive units
 Interesting relief in facades
 Quality materials and refined details

B Pleasant
 Relatively small units (10-14 units per 100 m)
 Some diversity of functions
 Only a few closed or passive units
 Some relief in the facades
 Relatively good detailing

C Somewhere-in-between
 Mixture of small and larger units (6-10 units per 100 m)
 Some diversity of functions
 Only a few closed or passive units
 Uninteresting facade design
 Somewhat poor detailing

D Dull
 Larger units with few doors (2-5 units per 100 m)
 Little diversity of functions
 Many closed units
 Predominantly unattractive facades
 Few or no details

E- Mean Like E but even more unattractive

E Unattractive
 Large units with few or no doors
 No visible variation of function
 Closed and passive facades
 Monotonous facades
 No details, nothing interesting to look at
