

## **PROPOSED TEMPORARY ROAD CLOSURE IMPACT REPORT:**

### **KHANDALLAH VILLAGE FAIR - SUNDAY 11 DECEMBER 2011**

---

#### **1. Description of Event**

The Khandallah Village Fair has been organised by Martin Wilson, of Capital Productions, for the past 7 years. The fair has participation and support from a range of community groups and local businesses.

The proposed road closure is for **Ganges Road**, from Agra Crescent to Dekka Street, on Sunday 11 December 2011, from 7am to 5pm. Road closure notification boards will be placed at each end of the closure at least one week prior to the event. Residents and local businesses will receive two letter drops (one letter in November and one letter in early December) advising them of the event and the road closure.

The event is traffic managed by a professional traffic management company. Pedestrian access will not be restricted and emergency services will have immediate access to the area if required.

#### **2. Rugby World Cup and Events Directorate Support**

The Rugby World Cup and Events Directorate has no connection with and no objection to this event.

#### **3. Proposal Notice and Consultation**

The public notice that the Council was proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 9 July 2011

The New Zealand Police and the Ministry of Transport have also been consulted with.

## 4. Objections

No objections were received in response to the proposal notice.

## 5. Traffic Impact Assessment

### Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

### Traffic Impact

In the opinion of Stuart Bullen, Senior Traffic Engineer, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is not likely to impede traffic unreasonably subject to the conditions stated below. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Regulatory Processes Committee may be revoked and the event organiser may be required to re-open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The road closures will start at 7am and finish at 5pm.
- The detour route is to be clearly signed during road closures.
- No vehicular traffic will be allowed within the road closure area, except for marshalled stallholders travelling at no more than walking speed (3km/h), to ensure public safety is not compromised.
- The event organiser will publicise the event via media releases, letter drops and advanced signage to notify the public of the road closures.
- The event organiser is responsible for the ongoing maintenance of the temporary traffic management plan during the road closures.
- The event organiser is responsible for maintaining public safety within the road closure area.

Signed:

.....

Stuart Bullen  
Acting Chief Traffic Engineer
