
**PROPOSED TEMPORARY ROAD CLOSURE
IMPACT REPORT:**

**THE WHITE RIBBON RACE – FRIDAY 25 NOVEMBER
2011**

1. Description of Event

The Wellington Living Free Without Violence Network (with support of the New Zealand Police) are again organising an event called the White Ribbon Day Race, as part of national events profiling “White Ribbon Day”. This is the third time that it is proposed to run the event - similar events were held in 2009 and 2010. The United Nations has officially declared November 25th of each year to be “Elimination of Violence towards Women Day”. This day has been celebrated in communities throughout New Zealand since 2000 and is gaining momentum with many organisations declaring themselves to be White Ribbon supportive. The goal is to use the event as an opportunity to engage a large number of men across a wide range of ages, industries and cultural backgrounds in the message of non violence for the education, awareness and the ongoing health and safety of our community.

The participants will assemble in the grounds of Victoria University Law Faculty (Old Government Buildings), Lambton Quay and it is proposed to run a series of races (runners joined together holding large white ribbons) from there to Civic Square. It is therefore proposed to close the following roads from 11.50am until 12.20pm: **Lambton Quay** (Bunny St to Panama St seaward side only and then both sides from Panama St to Willis St); **Willis Street** (Lambton Quay/Willeston St intersection to Manners St); **Mercer Street** (Willis St to Victoria St); **Victoria Street** (Harris St to Mercer St) to enable the race to be run in a safe manner. Activities are also planned at Civic Square following the race.

The race will have an impact on vehicle traffic in the wider area and especially on public transport for a period of approximately 30 minutes over the Friday lunchtime. The organisers, Council Officers and other stakeholders will work together to make sure that the impact of the race will be kept to a minimum. The event will be traffic managed by a professional traffic management company and by the Police at key intersections. Pedestrian access will not be affected within the proposed closures. The organisers are planning a letter drop to affected properties and businesses along the proposed road closures and adjacent streets. Road closure notification sign boards will be placed in the streets affected at least one week prior to the event. The road closures will be advertised in the Our Wellington Page of the Dominion Post the Tuesday before the event.

2. Rugby World Cup and Events Directorate Support

The Rugby World Cup and Events Directorate has no connection with and no objection to this event.

3. Proposal Notice and Consultation

The public notice that the Council was proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 13 August 2011

The New Zealand Police and the Ministry of Transport have also been consulted with.

4. Objections

No objections were received in response to the proposal notice.

5. Traffic Impact Assessment

Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

Traffic Impact

In the opinion of Soon Teck Kong, Manager Transport Network, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is not likely to impede traffic unreasonably subject to the conditions listed below. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Regulatory Processes Committee may be revoked and the event organiser may be required to open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The event organiser is to publicly notify the event via letter drop, local newspaper advertisement, advanced signage and media releases.
- The event organiser is to ensure that the emergency services (Police, Fire and Ambulance Services) have been consulted with and that the Traffic Management Plan includes all of their specific requirements.
- The event organiser is to ensure that the affected property owners and businesses along the road closure are consulted with.
- The event organiser is to provide marshals at all road closure ends to ensure that public safety (interaction of traffic and spectators) is not compromised.

- The intersection of Lambton Quay/Whitmore St/Bowen St is to remain operational at all times except during the start of each race where an intersection closure of two minutes is required to maintain safety for competitors across the intersection. There will be five races in total and five two-minute closure of the intersection.
- Detour routes and diversion are to be clearly signed during the road closure period.
- The event organiser is to work with the public transport operators to provide alternative public transport routes and bus stops.

Signed:

.....

Soon Teck Kong
Manager, Transport Network

**PROPOSED TEMPORARY ROAD CLOSURE
IMPACT REPORT:**

**KIRKCALDIES CHARITY STREET PARTY – SATURDAY
26 NOVEMBER 2011**

1. Description of Event

This is the sixth Kirkcaldies charity street party event and it is proposed to be held on Saturday 26 November 2011. It was a popular and busy event again last year, with money raised going towards the Wellington Free Ambulance. This year the charity benefiting will be Arthritis New Zealand.

Whilst the event starts at 11.00am, it is necessary to have the road closed from 5.00am until 6pm to enable the erection of a marquee and other set-up and take-down tasks. The proposed closure is of **Brandon Street**, between Lambton Quay and Featherston Street, with no parking within the area and managed access to the one car parking building within the closure.

Affected businesses and residents in Brandon Street will be notified well before the event by approved letter drop. A further information notice will be given two weeks before the actual closure as a reminder. Road closure information sign boards will be in place at least 10 days prior to the closure. The event and road closures will be advertised in the Public Notices section of the Our Wellington Page of the Dominion Post the Tuesday before the event.

The event will be Traffic Managed by a professional traffic management company. Pedestrian access will not be restricted and emergency services will have immediate access to the area if required.

2. Rugby World Cup and Events Directorate Support

The Rugby World Cup and Events Directorate has no connection with and no objection to this event.

3. Proposal Notice and Consultation

The public notice that the Council was proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 13 August 2011

The New Zealand Police and the Ministry of Transport have also been consulted with.

4. Objections

No objections were received in response to the proposal notice.

5. Traffic Impact Assessment

Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

Traffic Impact

In the opinion of Stuart Bullen, Senior Traffic Engineer, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is not likely to impede traffic unreasonably subject to the conditions listed below. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Regulatory Processes Committee may be revoked and the event organiser may be required to open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The event organiser is to ensure that the event is publicised via media releases and notification signs to inform the public of the road closures.
- The event organiser is to consult and gain approval from the emergency services on the road closure and provide access for emergency vehicles.

Signed:

Stuart Bullen
Senior Traffic Engineer

PROPOSED TEMPORARY ROAD CLOSURE IMPACT REPORT:

NORTHERN WELLINGTON FESTIVAL AND CHRISTMAS PARADE – SATURDAY 3 DECEMBER 2011

1. Description of Event

The Northern Wellington Festival (currently in its 16th year) will this year be held on the 3rd and 4th of December. The highlight of the weekend of events is always considered to be the Lions Club of Johnsonville Christmas Parade – proposed this year to be held on Saturday 3 December. This non-profit event is similar to that run in previous years and seeks to bring the community together in an enjoyable pre-Christmas celebration. The event is well supported by the community, including local businesses and the local Police. The Johnsonville Lions Club has a core of very dedicated members, organisers and marshals who put a large amount of un-paid time and effort into this event. The Club has some organisational issues to overcome this year - but plan to push ahead with the planning and permissions process for the parade anyway. The Christmas Parade itself attracts thousands of spectators and involves many local participants and floats. The proposed road closures are required for the parade set-up, the parade itself and for the temporary traffic detour route.

The proposed road closures are: **Wanaka Street** (6am to 4pm); **Dr Taylor Terrace** (6am to 1:30pm); **Moorefield Road** (between Haumia Street and Johnsonville Road roundabouts – 10.45am to 12:30pm); **Moorefield Road** (between Johnsonville Road and Middleton Road roundabouts - 11am to 12:30pm); **Rotoiti Street** (closed to through traffic - 11am to 12:30pm); **Broderick Road** (Phillip Street to Johnsonville Road - 11am to 12:30pm); **Johnsonville Road** (from Fraser Avenue intersection to Moorefield Road roundabout – 11am to 12:30pm); **Frankmoore Avenue** (between Earp Street and Moorefield Road - 11am to 12:30pm). **No Parking 6.30am to 3pm** - Moorefield Road (western side from Wanaka Street to Frankmoore Avenue). **No Parking 7am to 1pm** - Bannister Avenue, Broderick Road (Bannister Avenue to Phillip Street), Phillip Street, Frankmoore Avenue (Phillip Street to Earp Street), Earp Street. **Detour Route** - Johnsonville Road, Fraser Avenue, Haumia Street, Bannister Avenue, Broderick Road, Phillip Street, Frankmoore Avenue, Earp Street, Ironside Road, Middleton Road and State Highway 1.

The event does cause some disruption to traffic in the area for a period of approximately 2 hours. There are also extensive no parking areas to allow for the traffic detour route, the parade route and the parade set-up. The temporary road closures, no parking areas, detour route and the Parade itself will be managed by a combined team of the local Police, Lions Club marshals, a

professional traffic management company and Parkwise wardens. Council officers work with the organisers to identify areas of the event that need improvement from year to year. Pedestrian access will not be restricted and emergency services will have immediate access to the area if required.

Approved public information signage will be in place well ahead of the event. Residents affected by the road closures, detour and no parking areas will be notified by way of letter drops and notification signage. Buses are diverted and a temporary bus stop will be erected outside the Post Office to replace the Railway Station stop (the same arrangement as previously used).

2. Rugby World Cup and Events Directorate Support

The Rugby World Cup and Events Directorate has no connection with and no objection to this event.

3. Proposal Notice and Consultation

The public notice that the Council was proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 13 August 2011

The New Zealand Police and the Ministry of Transport have also been consulted with.

4. Objections

No objections were received in response to the proposal notice.

5. Traffic Impact Assessment

Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

Traffic Impact

In the opinion of Soon Teck Kong, Manager Transport Network, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is likely to impede traffic flows on a major route. The proposed conditions below will mitigate some of the expected traffic congestion during the road closures. The expected congestion during the road closures is part of facilitating a public event and ensuring safety for the general public. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Regulatory Processes Committee

may be revoked and the event organiser may be required to open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The road closures for the parade only will start at 10:30am and finish at 1:00pm.
- The detour route is to be clearly signed during road closures.
- No public vehicular traffic will be allowed within the road closure area to ensure public safety is not compromised.
- The event organiser will publicise the event via media releases, letter drops and advanced signage to notify the public of the road closures.
- The event organiser is responsible for the ongoing maintenance of the temporary traffic management plan during the road closures.
- The event organiser is responsible for maintaining public safety within the road closure area.

Signed:

.....
