
PROPOSED TEMPORARY ROAD CLOSURE – IMPACT REPORT

NORTHERN WELLINGTON FESTIVAL & CHRISTMAS PARADE SATURDAY 1 DECEMBER 2012

1. Description of Event

The Northern Wellington Festival (currently in its 17th year) will this year be held on the 1st and 2nd of December. The highlight of the weekend of events is always considered to be the Lions Club of Johnsonville Christmas Parade – proposed this year to be held on Saturday 1 December. This non-profit event is similar to that run in previous years and seeks to bring the community together in an enjoyable pre-Christmas celebration. The event is well supported by the community, including local businesses and the local Police. The Johnsonville Lions Club has a core of very dedicated members, organisers and marshals who put a large amount of un-paid time and effort into this event. The Club has some organisational issues to overcome this year - but plan to push ahead with the planning and permissions process for the parade anyway. The Christmas Parade itself attracts thousands of spectators and involves many local participants and floats. The proposed road closures are required for the parade set-up, the parade itself and for the temporary traffic detour route.

The proposed road closures are;

- **Wanaka Street** (6am to 4pm)
- **Dr Taylor Terrace** (6am to 1:30pm)
- **Moorefield Road** (between Haumia Street and Johnsonville Road roundabouts – 10.45am to 12:30pm)
- **Moorefield Road** (between Johnsonville Road and Middleton Road roundabouts - 11am to 12:30pm)
- **Rotoiti Street** (closed to through traffic - 11am to 12:30pm)
- **Broderick Road** (Phillip Street to Johnsonville Road - 11am to 12:30pm)
- **Johnsonville Road** (from Fraser Avenue intersection to Moorefield Road roundabout – 11am to 12:30pm)
- **Frankmoore Avenue** (between Earp Street and Moorefield Road - 11am to 12:30pm).

No Parking 6.30am to 3pm - Moorefield Road (western side from Wanaka Street to Frankmoore Avenue).

No Parking 7am to 1pm - Bannister Avenue, Broderick Road (Bannister Avenue to Phillip Street), Phillip Street, Frankmoore Avenue (Phillip Street to Earp Street), Earp Street.

Detour Route - Johnsonville Road, Fraser Avenue, Haumia Street, Bannister Avenue, Broderick Road, Phillip Street, Frankmoore Avenue, Earp Street, Ironside Road, Middleton Road and State Highway 1.

The event does cause some disruption to traffic in the area for a period of approximately 2 hours. There are also extensive no parking areas to allow for the traffic detour route, the parade route and the parade set-up. The temporary road closures, no parking areas, detour route and the Parade itself will be managed by a combined team of the local Police, Lions Club marshals, a registered traffic management company and ParkWise wardens. Council officers work with the organisers to identify areas of the event that need improvement from year to year. Pedestrian access will not be restricted and emergency services will have immediate access to the area if required.

Approved public information signage will be in place well ahead of the event. Residents affected by the road closures, detour and no parking areas will be notified by way of letter drops and notification signage. Buses are diverted and a temporary bus stop will be erected outside the Post Office to replace the Railway Station stop (the same arrangement as previously used).

2. Events (Business Development) Support

The Events Business Unit has no connection with, and no objection to, this event.

3. Proposal Notice and Consultation

The public notice that the Council is proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 8 September 2012

The New Zealand Police and the Ministry of Transport have also been consulted with.

4. Objections

There have been NO objections to this closure request.

5. Traffic Impact Assessment

Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

Traffic Impact

In the opinion of Soon Teck Kong, Manager Transport Network, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is likely to impede traffic flows on a major route. The proposed conditions below will mitigate some of the expected traffic congestion during the road closures. The expected congestion during the road closures is part of facilitating a public event and ensuring safety for the general public. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Regulatory Processes Committee may be revoked and the event organiser may be required to open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The road closures for the parade route only will start at 10:30am and finish at 1:00pm.

- The detour route is to be clearly signed during road closures.
- No public vehicular traffic will be allowed within the road closure area to ensure public safety is not compromised.
- The event organiser will publicise the event via media releases, letter drops and advanced signage to notify the public of the road closures.
- The event organiser is responsible for the ongoing maintenance of the temporary traffic management plan during the road closures.
- The event organiser is responsible for maintaining public safety within the road closure area.
- The event organiser is to work with the public transport operators to provide alternative public transport routes and bus stops.
- The event organiser is to ensure that the emergency services (Police, Fire and Ambulance Services) have been consulted with and that the Traffic Management Plan includes all of their specific requirements.

Signed

Soon Teck Kong
Manager - Transport Network

- Wakefield Street** – between Mercer and Cuba Streets (Michael Fowler Car Park)
- Cuba Street** – between Wakefield and Manners Streets
- Manners Street** – between Willis and Taranaki Streets.

Any person objecting to a proposed road closure must contact Wellington City Council in writing before 5pm Friday 21 September 2012.

Please send correspondence to Charles Agate at the mailing address below, by email to charles.agate@wcc.govt.nz or by fax to 801 3009.

WATER MAIN UPGRADE PROJECT

Single lane traffic, Tasman Street
Mid-September 2012 – January 2013

Capacity Infrastructure Services, on behalf of Wellington City Council is managing a project to upgrade the water main and associated services on Tasman Street.

As the main is located in the road, sections of Tasman Street will be reduced to a single lane. Traffic management will be in place, but delays are likely. Pedestrians and cyclists may also be temporarily affected.

The project is expected to take 18 weeks. In general, only short sections of the road between Buckle and Howard streets will be worked on at any one time.

If you have any questions about this project, phone Sarah Amarasekera on 910 3800 or the Wellington City Council contact centre on 499 4444.

Thank you for your patience as we work to improve Wellington's water network.

Wellington City Council, 101 Wakefield Street.

All persons having claims against the estates listed below are required to send details of their claims to the nearest Public Trust customer centre on or before 09/10/2012. They are warned that after that date Public Trust may administer or distribute the estates having regard only to claims received.

Claims due and owing at date of death should be so certified.

This notice is published under Section 35 of the Trustee Act 1956

ESTATES:
