**PROPOSED TEMPORARY ROAD CLOSURE  
IMPACT REPORT:**

**KIRKCALDIES CHARITY STREET PARTY – SATURDAY  
20 NOVEMBER 2010**

---

**1. Description of Event**

This is the fifth Kirkcaldies charity street party event and it is proposed to be held on Saturday 20 November 2010. It was a popular and busy event last year, with money raised going towards the Wellington Children's Hospital. This year the charity benefiting will be Wellington Free Ambulance.

Whilst the event starts at 11.00am, it is necessary to have the road closed from 5.00am until 6pm to enable the erection of a marquee and other set-up and take-down tasks. The proposed closure is of **Brandon Street**, between Lambton Quay and Featherston Street, with no parking within the area and managed access to the one car parking building within the closure.

Affected businesses and residents in Brandon Street will be notified well before the event by letter drop. A further information notice will be given two weeks before the actual closure as a reminder. Road closure information boards will be in place at least one week prior to the closure and the organisers will be required to advertise the road closures in the Our Wellington Page of the Dominion Post the Tuesday before the event.

The event will be Traffic Managed by a professional traffic management company. Pedestrian access will not be restricted and emergency services will have immediate access to the area if required.

**2. Rugby World Cup and Events Directorate Support**

The Events Directorate has no objection to this event.

**3. Proposal Notice**

The public notice that the Council was proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 17 July 2010

The New Zealand Police and Ministry of Transport have also been consulted.

#### 4. Objections

No objections were received in response to the proposal notice.

#### 5. Traffic Impact Assessment

##### Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

##### Traffic Impact

In the opinion of Stuart Bullen, Senior Traffic Engineer, acting as the Council's Traffic Engineer, the proposed closure, if implemented according to the plans provided, is not likely to impede traffic unreasonably subject to the conditions stated below. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Temporary Road Closures Subcommittee may be revoked and the event organiser may be required to re-open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The event organiser is to ensure that the event is publicised via media releases and notification signs to inform the public of the road closures.
- The event organiser is to consult and gain approval from the emergency services on the road closure and provide access for emergency vehicles.

Signed:..........

Stuart Bullen  
Senior Traffic Engineer
