
REPORT 2
(1215/13/IM)

ROADING REPORT

1. Purpose of Report

To report to the Board matters raised by or of interest to the Community Board.

2. Recommendations

It is recommended that the Makara/Ohariu Community Board:

1. *Receive the information.*

3. Information

3.1 Makara Road Improvement Project CX097 (\$56,100)

2006 – 2007 Projects

All projects scheduled for the 2006 – 2007 financial year are now complete with the exception of the purchase of the land taken at 60 Takarau Gorge Road. This is expected to be completed by the end of August 2007.

2007 – 2008 Projects

With the start of the new financial year, a drive around of the Makara/Ohariu area is requested to prioritise appropriate projects for the coming year.

3.2 Other Roading matters

These items cover other roading works being carried out in the Makara – Ohariu area.

a) Takarau Gorge Road

The section of Takarau Gorge Road that has been damaged by the logging operation has been metalled as an interim measure and will be resealed once the logging operation is complete. We note that here are some further repair works required in this vicinity and have instructed our contractors to complete these as soon as possible.

b) South Makara Road Repairs

We are planning to repair the road way on South Makara Road south of the golf course in the next few months.

c) Makara Road Slip

The recent large slips on Makara Road will be hydro-seeded in the spring. IN the meantime we will be monitoring the stability of the slope and cleaning up any further rock falls.

Report prepared by: Steve Wright (Project Manager Resurfacing)
