PATRONAGE - BOARDINGS

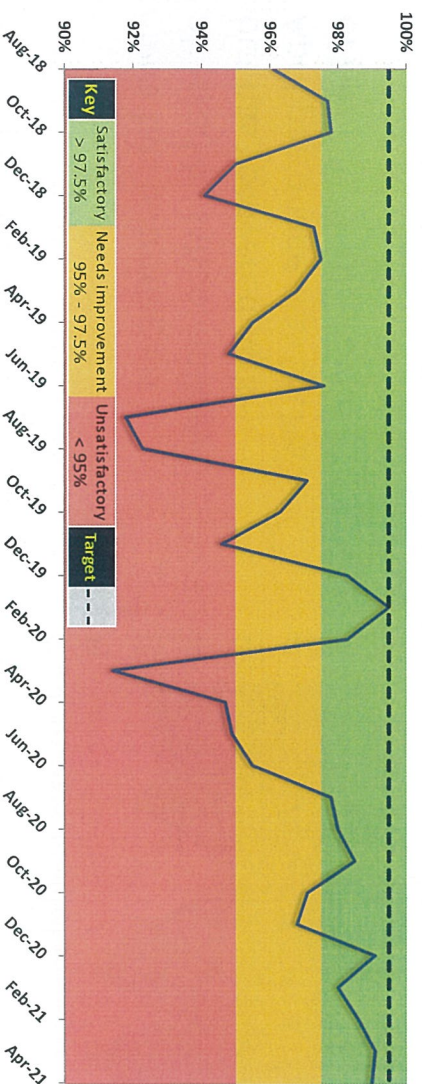

Kapiti Line rail patronage has been affected by bus replacements due to maintenance work. April patronage was 83.2% of April 2019 (pre-covid).

Tawa bus patronage is affected by school holidays, but has recovered well – April patronage was 95.7% of April 2019 (pre-covid).

TAWA RAIL RELIABILITY & PUNCTUALITY

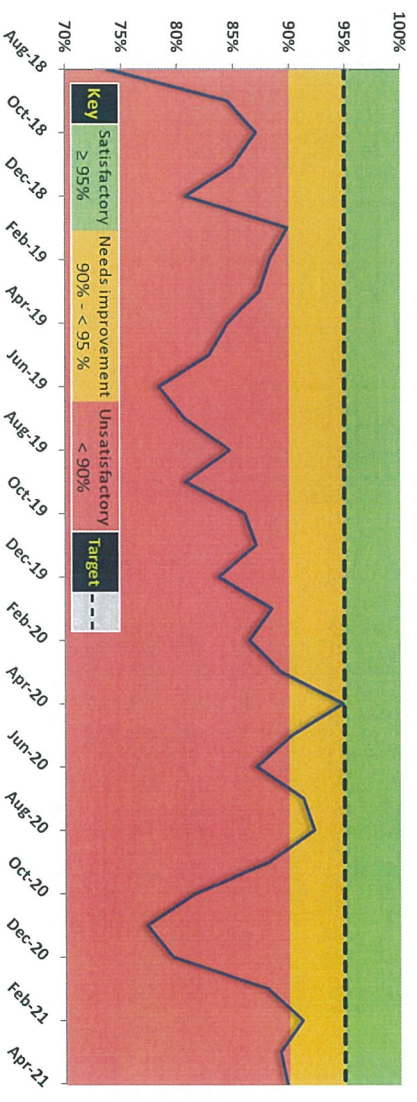

The rail reliability measure shows the percentage of scheduled services that depart from origin and key stations no earlier than 30 seconds before the scheduled time, meet the consist size for the scheduled service, and stop at all stations timetabled for the service.

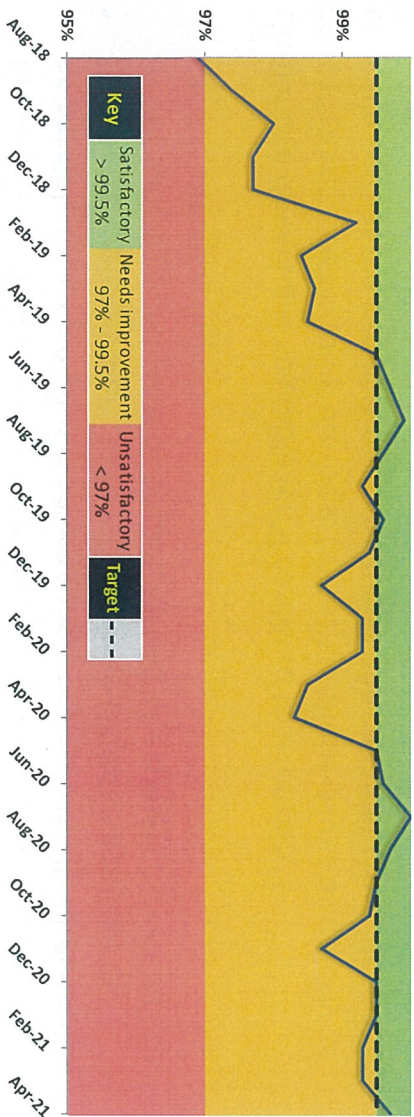

Reliability has been improving for Kapiti Line, with April at 99.9%.

The rail punctuality measure records the percentage of services arriving at key interchange stations and final destination within five minutes of the scheduled time.

Kapiti punctuality for April was 89.8% (Unsatisfactory), affected by a small number track issues. The major dip in punctuality in late 2020 is due to speed restrictions on the line due to slips.

TAWA BUS RELIABILITY & PUNCTUALITY

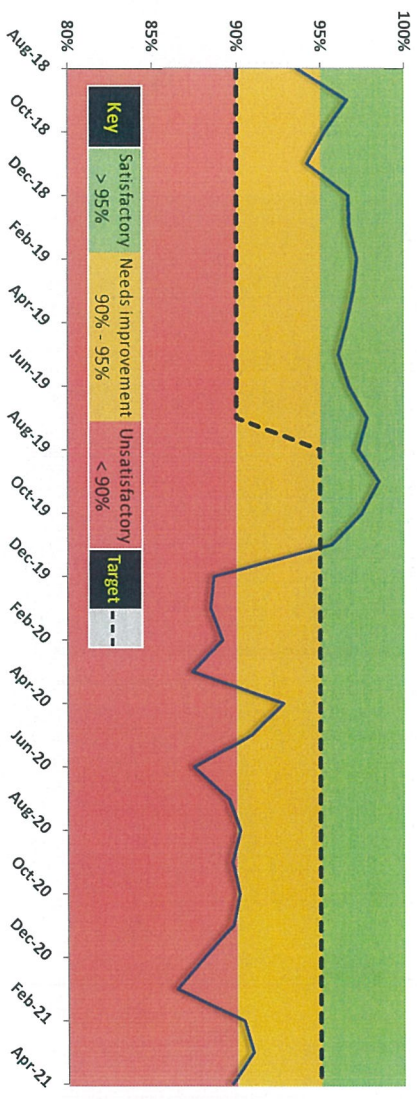

The bus reliability measure shows the percentage of scheduled services that actually ran, as tracked by RTI and Snapper systems.

99.7% of bus services were delivered reliably in April 2021 (Satisfactory).

We measure bus punctuality by recording the bus departure from origin, leaving between one minute early and five minutes late.

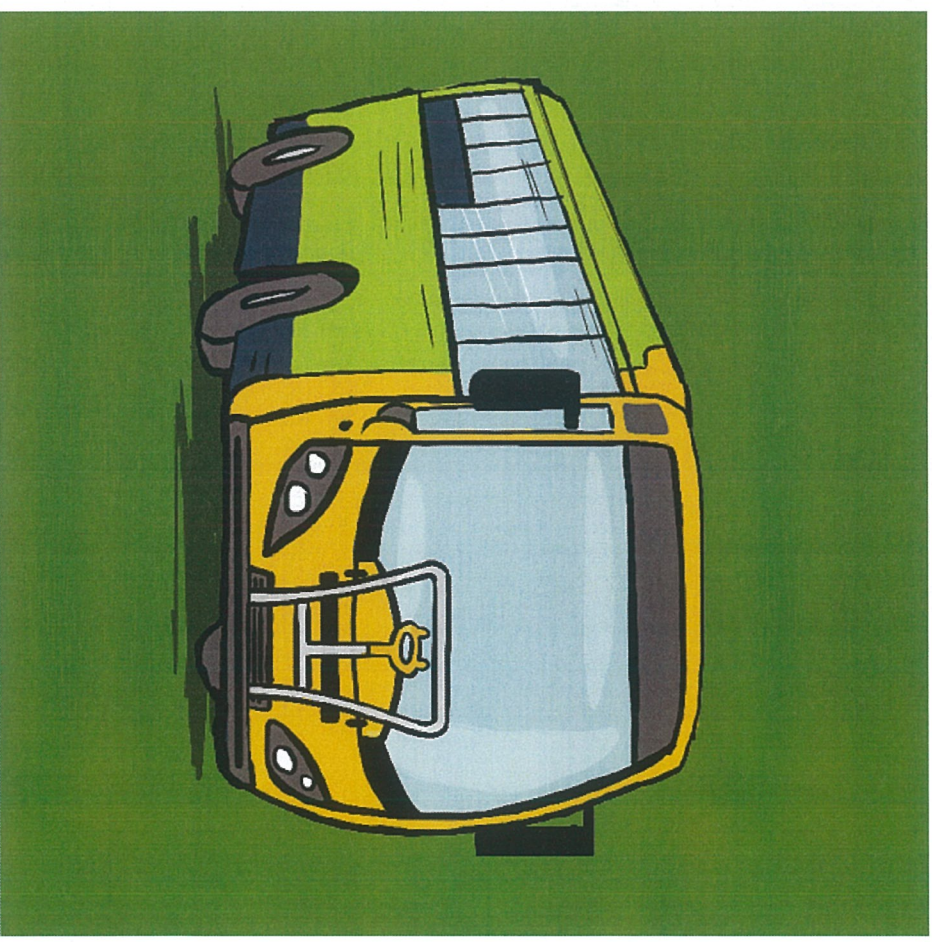

Bus service punctuality in April was 89.7% (Unsatisfactory). Services continue to be impacted by roadworks for some time at Kenepuru, Tawa and Middleton Road.

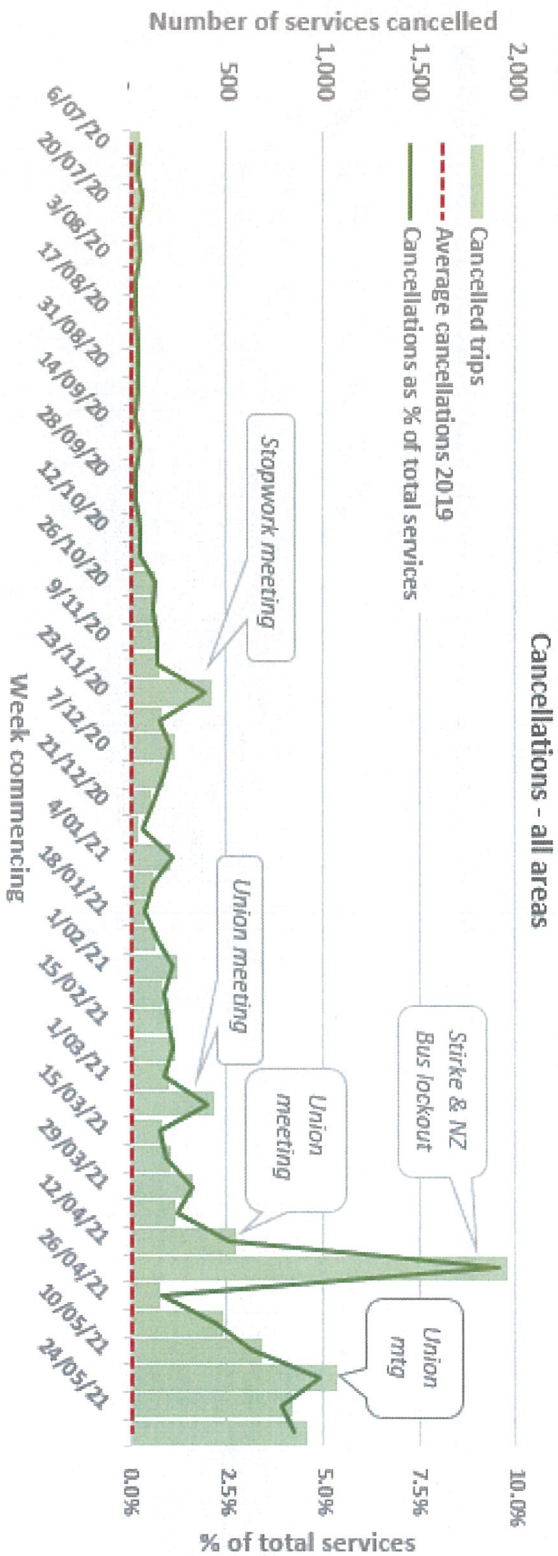

BUS CANCELLATIONS

- Metlink's two largest Bus Operators, Transurban and NZ Bus are experiencing driver shortages as well as higher levels of unplanned driver absences
- Government messaging on sickness has been extremely clear; people who are not well should not go to work - especially important for front-line staff
- Tawa bus services are operated by Mana which are luckily not currently affected by driver shortages
- We've asked Operators to avoid cancellations of school services, lower frequency and consecutive trips, and provide as much notice as possible for cancellations so passengers can make alternate travel
- It's not a simple problem to fix - there is an NZ-wide commercial driver shortage and current border restrictions means it's difficult to secure overseas drivers

Until more drivers are available we'll continue to experience cancellations. We're doing our best to resolve these issues as quickly as possible so that we can give our passengers the reliability they deserve.
