Dominion Post Changes to material specifications

If you provide complete advertising to us we ask that all material supplied for publication meets our new specifications. This will include advertisements that are running as part of a schedule that began prior to the change. If we are holding material that is booked beyond 1 October 2007 we can adjust this on your behalf, to meet the new size specifications, if you do not wish to resupply new material.

Size dimensions are detailed below.

Run of Paper column widths	Classified Advertising column widths
3.40 cm	3.20 cm
7.20 cm	6.65 cm
11.00 cm	10.10 cm

Land Transport Amendment Bill (No 4)

Public submissions are now being invited on this bill. Copies can be purchased at Bennetts
Government Bookshops.

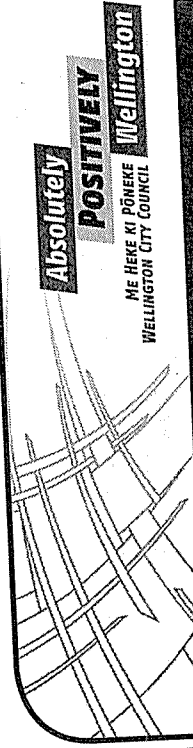

This bill has two purposes. First, it clarifies the law regarding drug-impaired drivers. Prosecuting a person driving under the influence of drugs has been difficult under the existing offence. The new offence proposed in the bill is committed when a driver is impaired and there is evidence of illegal drugs in the drivers blood. Impairment is a lower threshold than the current offence "incapable of proper control" and is determined by a more robust, published test.

Second, the bill establishes a regime that protects personal information held on the register of motor vehicles but permits this information being used for purposes consistent with the purposes of the register and such other purposes as the Minister of Transport may from time to time decide.

Please forward 2 copies of your submission by Friday, 14 December 2007. If you wish to appear before the committee, state this clearly with your submission, providing a contact name and daytime phone number. Submissions to select committees generally become public. Please contact the committee secretary before sending information of a private or personal nature.
