

REPORT 1 (12 15/52/03/IM)

WELLINGTON CITY COUNCIL GRANTS

1. Purpose of Report

This report provides recommendations for the distribution of the Council's Arts and Culture Fund, Our Living City Fund and Social and Recreation Fund.

2. Recommendations

It is recommended that the Grants Subcommittee:

1. *Receive the information.*
2. *Agree to fund the applicants as listed in Appendix 2 of the officers' report.*

3. Background

The Council provides grants to assist community groups to undertake projects that meet community needs. Grants are also a mechanism for achieving the Council's objectives and strategic priorities, especially those priorities that rely on community organisations carrying out specific activities.

The 2013 review of the grant criteria proposed a move away from generic criteria in favour of specific criteria for each fund. On 6 June 2013 Councils Strategy and Policy Committee agreed to establish four new grant funds; the Our Living City Fund, the Business Improvement District Development Fund, the Arts and Culture Fund, and the Social and Recreation Fund. The criteria for these funds are included as Appendix 1.

4. Discussion

These funds provide grants to community organisations for projects that meet general and specific criteria (Appendix 1). Organisations and projects are funded either through three year contracts or through grants that are discretionary, short term and project based in nature.

This is the first of three funding rounds for 2013-14 and the first round aligning to the new criteria.

There are 45 applications to the Social and Recreation Fund totalling \$430,570, this includes eight applications from Residents and Progressive Associations.

The Arts and Culture Fund has 35 applications, seeking \$245,765. The Our Living City Fund has 9 applications requesting a total of \$60,512.

Funding available for allocation in this round is: \$94,000 for the Social and Recreation Fund \$89,492 for the Arts and Culture Fund, \$21,577 for the Our Living City Fund.

4.1 Application Assessment

Officer's recommendations (Appendix 2) are based on evidence of need, alignment with the Council's strategic goals, the grants criteria (Appendix 1) and the likely effectiveness of funding the project. Officers also take into account the management of previous funding (through accountability reports).

The assessment process may include consultation with; the applicant, persons or organisations referred to in the application, Council officers, and persons operating or knowledgeable about similar services to that of the applicant. Applicants are given five working days where possible to respond to a request for more information, so some recommendations may be subject to change depending on responses received after this report has been written.

To ensure funds are used appropriately, tags may be suggested in certain circumstances should funding be approved. This is usually in cases where applicants need to use funds for a specific aspect of their budget or they are awaiting confirmation of sufficient funds from other sources to proceed with their project.

5. Conclusion

The Subcommittee is asked to consider the applications received for the Social and Recreation, Arts and Culture and Our Living City Funds and decide whether or not it is appropriate to fund the applicant, and at what level.

Contact Officer: *Mark Farrar, Senior Advisor, Funding and Relationships*
