City Centre Zone

CCZ	City Centre Zone
-----	------------------

P1 Sch1

Introduction

The purpose of the City Centre Zone is to enable and reinforce the continued primacy of the Wellington central city area as the principal commercial and employment centre servicing the city and metropolitan region. The City Centre Zone is the commercial heart of Wellington and the wider region and New Zealand's Capital City. It is also a major employment hub for the region and contains a vibrant and diverse mix of inner city living, entertainment, educational, government, ~~parliamentary, civic~~ and commercial activity. Relative to other areas of the city it exhibits a heightened intensity and scale of development.

As well as a diversity of activity, the City Centre Zone contains a variety of environments ranging from high-rise office towers and residential apartments through to distinct heritage areas and buildings, and an array of public and open space, including the waterfront. These combine to give the City Centre Zone a distinctive identity and character.

This distinctiveness is further reinforced by the long established traditional, historical, cultural, and spiritual associations and more recent development interests that the mana whenua of Te Whanganui ā Tara (Wellington), Taranaki Whānui and Ngāti Toa Rangatira, have with many places and sites across the City Centre Zone. Some of the more significant of these include Pipitea Marae and Pā, Kumutoto Kāinga and stream, Te Aro Kainga, Waitangi and Whairepo Lagoons and statutory acknowledgement areas such as the Old Government Buildings and Turnbull House Historic Reserves.

Also centrally located within the City Centre Zone is Te Ngākau Civic Square – a distinct civic precinct that abuts Victoria Street, Wakefield Street, Harris Street and Jervois Quay and acts as a key connector to the city's waterfront. The precinct is entering a phase of transition, with some

of its associated civic buildings and assets requiring either earthquake strengthening or redevelopment. In addition to seismic resilience challenges it also faces significant climate and water management related issues including flooding and inundation.

A long-term vision for the Te Ngākau Civic Square Precinct has been developed and approved by the Council, the focus of which is ensuring the precinct becomes a vibrant, safe and inclusive area that enables creative, cultural, civic and arts activities to flourish. [The Council and its mana whenua Tākaia Here partners will plan the precinct development to realise this vision.](#) The City Centre Zone aligns with this vision by enabling a level of redevelopment to occur that accommodates the range of activities anticipated.

To maximise development capacity to accommodate projected growth, an increase in the scale and intensity of development is enabled across the zone, [including through the removal of maximum building heights](#). This includes building height, density and urban form tailored to align with the outcomes sought by the National Policy Statement – Urban Development (NPS-UD) and to reflect the higher, denser nature of development within the City Centre Zone. To complement this the Zone also contains measures to ensure that buildings and spaces are designed to:

- be of accessible and of a good quality;
- positively contribute to public space and built form of the City Centre;
- offer a suitable level of amenity for users such as access to sunlight and open space;
- provide opportunities for active and passive recreational pursuits; and
- mitigate relevant adverse effects.

To ensure the continued vibrancy [and viability](#) of the City Centre Zone a wide range of activities are permitted and encouraged throughout most parts of the Zone. This is supported by measures to manage activities and development that have the potential to adversely affect public and private amenity or to create reverse sensitivity effects, including along the boundary with adjoining residentially zoned areas or identified public space.

In locations where rapid transit investment has been signalled measures have been included to enable opportunities for more intensive, comprehensive development to occur, particularly in areas within a walkable [distance catchment](#) of planned rapid transit stops.

CCZ- PREC01	Te Ngākau Civic Square Precinct
------------------------	--

P1 Sch1

The purpose of the Te Ngākau Civic Square Precinct is to provide for civic activities [and](#), functions, [public use](#), [and](#) areas of open space and redevelopment of the precinct while ensuring that any future development respects the special qualities of the area, including the concentration of [scheduled](#) heritage buildings.

The Precinct is Wellington's unique civic place. It is located in the heart of the City Centre and is a destination in itself. It is also an anchor point and gateway that connects the city centre's entertainment area, the waterfront and the Central Business District. Wellington's major civic and entertainment venues are located within the precinct, including the Wellington Town Hall, City Gallery Wellington (Te Whare Toi), Wellington City Library (Te Matapihi), Michael Fowler Centre, ~~Civic Administration Building, Municipal Office Building,~~ and Capital E.

The long-term vision for the precinct is that Te Ngākau is the beating heart of our capital city: a thriving neighbourhood where creativity, culture, democracy, discovery and arts experiences collide on the edge of Te Whānganui-a-Tara.

In particular, the aims of the Te Ngākau Civic Square Precinct are to:

1. Ensure that it is a vibrant and welcoming space which supports a range of uses to locate alongside its core civic function;
2. Provide a distinctive, safe, inclusive, comfortable and green environment for all users;
3. Create a civic space that reflects Wellington's unique culture, architecture, design, heritage and identity, including reflecting mana whenua values;
4. Ensure that future buildings and public environments are designed to a high quality; are resilient and sustainable; and complement and connect existing buildings and public spaces within the precinct as well as to the wider urban fabric of the City Centre;
5. Enable greater connectivity to surrounding streets and access between the city and waterfront, and to integrate with the wider transport network; and
6. Ensure that it is equipped to respond to significant seismic and climate change resilience challenges.

Te Ngākau Civic Square Precinct has long established historical and cultural associations for the mana whenua of Whanganui a Tara (Wellington), Taranaki Whānui and Ngati Toa Rangatira. Consequently, it is important that activities within the precinct recognise mana whenua as kaitiaki, alongside their relationship with the land. Active engagement with mana whenua will assist in ensuring the mouri/mauri of this area of significance to mana whenua is not diminished through any potential adverse effects created by activities and development within the precinct.

The Land Use Activities Rules for the City Centre Zone apply to the Te Ngākau Civic Square Precinct, with the Building and Structure Activity Rules and Standards for the City Centre Zone also applicable in addition to any precinct specific rules and standards identified in the plan.

Where there is any conflict between City Centre Zone and precinct specific provisions, the precinct provisions prevail.

Other relevant District Plan provisions

There may be a number of provisions that apply to an activity, building, structure or site. Resource consent may therefore be required under rules in this chapter as well as other chapters. Unless specifically stated in a rule, resource consent is required under each relevant rule. The steps to determine the status of an activity are set out in the General Approach chapter.

Objectives

City Centre Zone

ISPP

CCZ-01

Purpose

The City Centre Zone continues to be the primary commercial and employment centre servicing Wellington and the wider region, supported by residential and a diverse mix of other compatible activities that reflect its role and function in the hierarchy of centres.

ISPP

CCZ-02

Accommodating growth

The City Centre Zone plays a significant role in accommodating residential, business and supporting community service growth, and has sufficient serviced development capacity and additional infrastructure to meet its short, medium and long term residential and business growth needs, including:

1. A choice variety of building type, size, affordability and distribution, including forms of medium-and high-density housing;
2. Convenient access to active and public transport activity options;

		<ol style="list-style-type: none"> 3. Efficient, well integrated and strategic use of available development sites; and 4. Convenient access to a range of open space, including green space, and supporting commercial activity and community facility options.
ISPP	CCZ-03	<p>Urban form and scale</p> <p>The scale and form of development in the City Centre Zone reflects its purpose as Wellington's primary commercial and employment centre, with the highest and most intensive form of development concentrated in the zone relative to other parts of the city.</p>
ISPP	CCZ-04	<p>Ahi Kā</p> <p>Taranaki Whānui and Ngāti Toa Rangatira are acknowledged as the mana whenua of Te Whanganui ā Tara (Wellington) and their cultural associations, and landowner and development interests are recognised in planning and developing the City Centre Zone.</p>
ISPP	CCZ-05	<p>Amenity and design</p> <p>Development in the City Centre Zone positively contributes to creating a high quality, well-functioning urban environment, including:</p> <ol style="list-style-type: none"> 1. Reinforcing the City Centre Zone's distinctive sense of place; 2. Providing a quality and level of public and private amenity in the City Centre Zone that evolves and positively responds to anticipated growth and the diverse and changing needs of residents, businesses and visitors; 3. Maintaining and enhancing the amenity and safety of public space; 4. Contributing to the general amenity of neighbouring residential areas <u>while achieving the anticipated planned urban form of the City Centre Zone</u>; 5. Producing a resilient urban environment that effectively adapts and responds to natural hazard risks and the effects of climate change; 6. Protecting current areas of open space, including green space, and providing greater choice of space for residents, workers and visitors to enjoy, recreate and shelter from the weather; and 7. Acknowledging and sensitively responding to adjoining heritage buildings, heritage areas and areas and sites of significance to Māori.
ISPP	CCZ-06	<p>Development near rapid transit</p> <p>Activities and development near existing and planned rapid transit stops:</p> <ol style="list-style-type: none"> 1. Are located to enable convenient access by local residents, workers and visitors, particularly around transport hubs; 2. Are of sufficient residential scale and intensity to support a frequent and rapid transit network and associated mixed use development; and 3. Provide vibrant, attractive and easily accessible public space.
ISPP	CCZ-07	<p>Managing adverse effects</p>

	<p>Adverse effects of activities and development in the City Centre Zone are managed effectively both:</p> <ol style="list-style-type: none"> 1. Within the City Centre Zone; and 2. At interfaces with: <ol style="list-style-type: none"> a. Heritage buildings, heritage structures and heritage areas; b. Scheduled sites and areas of significance to Māori; c. Identified public spaces; d. Identified pedestrian streets; e. Residential Zoned areas; f. Open Space and Recreation Zoned areas; and g. The Waterfront Zone.
--	---

Te Ngākau Civic Square Precinct

ISPP

CCZ- PREC01-O1	<p>Purpose</p> <p>Te Ngākau Civic Square Precinct is a vibrant, safe, resilient, connected and inclusive environment supported by a range of activities that complement its primary civic function.</p>
---------------------------	--

ISPP

CCZ- PREC01-O2	<p>Built form</p> <p>The scale, form and positioning of development within the Te Ngākau Civic Square Precinct:</p> <ol style="list-style-type: none"> 1. Respects and reinforces the distinctive form and scale of existing associated historic heritage buildings, architecture and public space; 2. Integrates mana whenua values into the design; 3. Frames the square, <u>where relevant</u>; 4. Ensures a high degree of sunlight access is achieved within the precinct <u>public spaces in the precinct</u>; 5. Provides multiple connections which enable people to conveniently move between the city centre and the waterfront; and 6. Is sustainable and resilient; <u>and</u> 7. <u>Provides for green spaces, where possible.</u>
---------------------------	---

ISPP

CCZ- PREC01-O3	<p>Integration with the City Centre, Waterfront and wider transport network</p> <p>Safe and accessible pedestrian linkages through the Te Ngākau Civic Square Precinct, and to and from other parts of the city centre and waterfront, are maintained and enhanced.</p>
---------------------------	--

Policies

City Centre Zone

P1 Sch1

CCZ-P1	<p>Enabled activities</p> <p>Enable a range and diversity of activities that support the purpose and <u>ongoing viability</u> of the City Centre Zone and enhances its vibrancy and amenity, including:</p> <ol style="list-style-type: none"> 1. Commercial activities;
---------------	---

		<ol style="list-style-type: none"> 2. Residential activities, except located; <ol style="list-style-type: none"> a. Above ground level; or b. At ground level aAlong any street not subject to active frontage and/or verandah coverage requirements;; c. On any site subject to an identified natural hazard risk; 3. Community facilities; 4. Educational facilities; 5. Arts, culture and entertainment activities; 6. Emergency service facilities; 7. Marae activities; 8. Community corrections activities; 9. Public transport activities; 10. Visitor accommodation; 11. Repair and maintenance service activities; and 12. Recreation activities;; 13. Parliamentary activities; 14. Government activities; and 15. Civic activities.
P1 Sch1	CCZ-P2	<p>Potentially incompatible activities</p> <p>Only allow activities that are potentially incompatible with the purpose of the City Centre Zone, where they will not have an adverse effect on its vitality, vibrancy, and amenity, resilience and accessibility. Potentially incompatible activities include:</p> <ol style="list-style-type: none"> 1. Industrial activities; 2. Yard-based retail activities; 3. Carparking at ground level; 4. Demolition of buildings that results in the creation of vacant land; and 5. Ground floor residential activities on streets identified as requiring either an active frontage or verandah coverage and sites subject to an identified hazard risk.
P1 Sch1	CCZ-P3	<p>Heavy industrial activities</p> <p>Avoid heavy industrial activities from locating in the City Centre Zone.</p>
ISPP	CCZ-P4	<p>Housing choice</p> <p>Enable high density, good quality residential development that:</p> <ol style="list-style-type: none"> 1. Contributes towards accommodating anticipated growth in the city; and 2. Offers Contributes to a range of housing price, type, size and tenure that is accessible to people of all ages, lifestyles, cultures, impairments and abilities.
ISPP	CCZ-P5	<p>Urban form and scale</p> <p>Recognise the benefits of intensification by:</p> <ol style="list-style-type: none"> 1. Enabling greater overall height and scale of development to occur in the City Centre Zone relative to other centres; and 2. Requiring the available development capacity of land within the zone to be efficiently optimised.

ISPP	CCZ-P6	<p>Adaptive use</p> <p>Encourage new development and redevelopment in the City Centre Zone that is sustainable, resilient and adaptable to change in use over time, including enabling:</p> <ol style="list-style-type: none"> 1. Sufficient flexibility for ground floor space to be used and converted for a range of activities; and 2. Residential activities at ground floor level along streets that are not subject to active frontage and/or verandah coverage requirements and sites free of any identified natural hazard risk.
P1 Sch1	CCZ-P7	<p>Ahi Kā</p> <p>Recognise and enable Taranaki Whānui and Ngāti Toa Rangatira cultural associations and landowner and development interests in the City Centre Zone by:</p> <ol style="list-style-type: none"> 1. Providing for the development of papakāinga, kaumātua housing and affordable Māori housing on their landholdings; 2. Managing new development adjoining scheduled sites of significance to Māori; and 3. Collaborating on the design and incorporation of traditional cultural elements into public space within the zone.
ISPP	CCZ-P8	<p>Sense of place</p> <p>Provide for good quality new development and supporting public space that reinforces the City Centre's identity and unique sense of place at a city scale, including its:</p> <ol style="list-style-type: none"> 1. Surrounding topography and harbour setting; 2. Rich Māori and tauiwi/non-Māori history; 3. Compact, walkable city structure; 4. Diversified and vibrant mix of activities; 5. Visually prominent buildings and variety of architectural styles; and 6. Diversity of accessible, well designed civic and public space.
ISPP	CCZ-P9	<p>Quality design outcomes</p> <p>Require new development, and alterations and additions to existing development, at a site scale to positively contribute to the sense of place and distinctive form, quality and amenity of the City Centre Zone by:</p> <ol style="list-style-type: none"> 1. Meeting the requirements Fulfilling the intent of the Centres and Mixed Use Design Guide as relevant; 2. Recognising the benefits of well-designed, comprehensive development, including the extent to which the development: <ol style="list-style-type: none"> a. Acts as a catalyst for future change by reflecting Reflects the nature and scale of the development proposed <u>enabled</u> within the zone and in the vicinity and responds to the evolving, more intensive identity of the neighbourhood;

	<p>b. Optimises the development capacity of the land, particularly including sites that are:-large, narrow, vacant or ground level parking areas;</p> <p style="padding-left: 40px;">i. Large; or</p> <p style="padding-left: 40px;">ii. Narrow; or</p> <p style="padding-left: 40px;">iii. Vacant; or</p> <p style="padding-left: 40px;">iv. Ground level parking areas;</p> <p>c. Provides for the increased levels of residential accommodation anticipated; and</p> <p>d. Provides for a range of supporting business, open space and community facilities; and</p> <p>e. <u>Is accessible for emergency service vehicles; and</u></p> <p>2. Ensuring that development, where relevant:</p> <p>a. Responds to the site context, particularly where it is located adjacent to:</p> <p style="padding-left: 40px;">i. A scheduled site of significance to Māori;</p> <p style="padding-left: 40px;">ii. A heritage building, heritage structure or heritage area;</p> <p style="padding-left: 40px;">iii. An identified character precinct;</p> <p style="padding-left: 40px;">iv. A listed public space;</p> <p style="padding-left: 40px;">v. Identified pedestrian streets;</p> <p style="padding-left: 40px;">vi. Residential zones;</p> <p style="padding-left: 40px;">vii. Open space zones; and</p> <p style="padding-left: 40px;">viii. The Waterfront Zone;</p> <p>b. Responds to the pedestrian scale of narrower streets;</p> <p>c. Responds to any identified significant natural hazard risks and climate change effects, including the strengthening and adaptive reuse of existing buildings;</p> <p>d. Provides a safe and comfortable pedestrian environment;</p> <p>e. Enhances the quality of the streetscape and the private/public interface;</p> <p>f. Integrates with existing and planned active and public transport activity movement networks, including planned rapid transit stops; and</p> <p>g. Allows sufficient flexibility for ground floor space to be converted to a range of activities, including residential along streets that are not subject to active frontage and/or verandah coverage requirements and sites free of any identified natural hazard risk.</p>
--	--

<p>ISPP</p>	<p>CCZ-P10</p>	<p>On-site residential amenity</p> <p>Achieve a high standard of amenity for residential activities that reflects and responds to the evolving, higher density scale of development anticipated in the City Centre Zone, including:</p> <ol style="list-style-type: none"> 1. Providing residents with access to an adequate outlook; and 2. Ensuring <u>convenient</u> access to convenient outdoor space, including private and/or shared communal areas of outdoor space;- 3. <u>Meeting the requirements Fulfilling the intent of the Residential Centres and Mixed Use Design Guide, as relevant; and</u> 4. <u>Providing residents with adequate internal living space.</u>
<p>ISPP</p>	<p>CCZ-P11</p>	<p>City outcomes contribution</p> <p>Require over and under height, large scale residential, non-residential and comprehensive developments <u>over CCZ-S1 height thresholds and under CCZ-S4 minimum building heights</u> in the City Centre Zone to deliver City Outcomes Contributions as detailed and scored in <u>Appendix 16 the Centres and Mixed Use Design Guide guideline G107</u>, including <u>satisfying through at least two of the following outcomes either:</u></p> <ol style="list-style-type: none"> 1. Positively contributing to public space provision and the amenity of the site and surrounding area; and/or 2. <u>Enabling universal accessibility within buildings ease of access for people of all ages and mobility/disability; and/or</u> 2. 3. <u>Incorporating a level of building performance that leads to reduced carbon emissions and increased climate change earthquake resilience; and/or</u> 3. 4. <u>Incorporating construction materials that increase the lifespan and resilience of the development and reduce ongoing maintenance costs; and/or</u> 4. 5. <u>Incorporating assisted housing into the development; where this is provided, legal instruments are required to ensure that it remains assisted housing for at least 25 years;- and/or</u> 5. Enabling ease of access for people of all ages and mobility.
<p>ISPP</p>	<p>CCZ-P12</p>	<p>Managing adverse effects</p> <p>Recognise the evolving, higher density development context <u>anticipated enabled</u> in the City Centre Zone, while managing any associated adverse effects including:</p> <ol style="list-style-type: none"> 1. The impacts of building dominance and the height and scale relationship; 2. Building mass effects, including the amount of light and outlook around buildings; and 3. The impacts on sunlight access to identified public space; and 4. The impacts of related construction activity on the transport network <u>and pedestrian linkages.</u>

<u>CCZ-PX</u>	<p><u>Retirement villages</u></p> <p><u>Provide for retirement villages where it can be demonstrated that the development:</u></p> <ol style="list-style-type: none"> 1. <u>Meets the requirements of the Residential Centres and Mixed Use Design Guide, as relevant;</u> 2. <u>Includes outdoor space that is sufficient to cater for the needs of the residents of the village residents;</u> 3. <u>Provides an adequate and appropriately located area on site for the management, storage and collection of all of the solid waste, recycling and organic waste potentially generated by the development;</u> 4. <u>Is able to be adequately serviced by three waters infrastructure or can address any constraints on the site; and</u> 5. <u>Is of an intensity, scale and design that is consistent with the amenity values anticipated in for the Zone.</u>
----------------------	--

Te Ngākau Civic Square Precinct

P1 Sch1

CCZ- PREC01-P1	<p>Activities</p> <p>Enable a range of activities and temporary events that support the civic purpose and ongoing vibrancy and amenity of Te Ngākau Civic Square Precinct, including:</p> <ol style="list-style-type: none"> 1. Civic functions; 2. Arts, culture and entertainment activities; 3. Recreation activities; 4. Community facilities; 5. Commercial activities; and 6. Residential activities above ground level to encourage activation of the precinct both day and night.
---------------------------	--

ISPP

CCZ- PREC01-P2	<p>Use and development of the Te Ngākau Civic Square Precinct</p> <p>Provide for the staged redevelopment of the Te Ngākau Civic Square Precinct, and its connections with the transport network, wider City Centre Zone and Waterfront Zone, including:</p> <ol style="list-style-type: none"> 1. Enhancing the public function, pedestrian network and public spaces within the precinct; 2. Maintaining its special character by managing the form, scale and intensity of development; 3. Ensuring land use activities and development are planned and designed in a co-ordinated, site-responsive, comprehensive and integrated manner; and 4. Enabling new development and a range of activities that are integrated and compatible with existing buildings and land uses in the precinct.
---------------------------	---

ISPP

CCZ- PREC01-P3	<p>Access, connections and open space</p> <p>Require that the use and development of the Te Ngākau Civic Square Precinct:</p>
---------------------------	--

ISPP

	<ol style="list-style-type: none"> 1. Provides attractive, safe, efficient, and convenient connections to existing and planned transport networks; 2. Promotes existing and planned pedestrian access and connections between the precinct, the waterfront and the city centre; and 3. Provides well-designed, safe and accessible public and green open space, within the precinct.
<p>CCZ- PREC01-P4</p>	<p>Amenity and design</p> <p>Require development within the Te Ngākau Civic Square Precinct to contribute positively to its visual quality, amenity, interest and public safety by:</p> <p><u>1. Meeting the requirements Fulfilling the intent of the Centres and Mixed Use Design Guide and the Residential Design Guide where possible;</u></p> <ol style="list-style-type: none"> 4. <u>2.</u> Requiring buildings and public spaces to incorporate high-quality visual and architectural design based on factors such as the bulk, form, scale, portion, location and detailing of the building/structure or building additions/alterations; 2-3. <u>3.</u> Ensuring building design respects the form, scale and style of heritage buildings and wider architectural elements within the precinct, including interface treatment with the Town Hall; 3-4. <u>4.</u> Responding to any identified significant natural hazard risks and climate change effects, including the strengthening and adaptive reuse of existing buildings and requiring new buildings to be resiliently designed; 4. <u>5.</u> Recognising mana whenua cultural values in the design of public spaces; 5-6. <u>6.</u> Ensuring new development will result in overall improvements to the function, access and safety of the precinct, including enabling universal access and opportunities for formal and informal surveillance; 6-7. <u>7.</u> Providing an active edge along a portion of each building that addresses both the internal precinct area and externally towards adjoining streets; 7-8. <u>8.</u> Providing a comfortable micro-climate for precinct users; 8-9. <u>9.</u> Positioning new development and managing building height and form to ensure a high degree of sunlight access is achieved within the square; 9-10. <u>10.</u> Retaining and enhancing strong visual and physical connections between the square, the waterfront, the city centre and streets surrounding the precinct; and 10-11. <u>11.</u> Incorporating public amenities, public artwork and means to assist wayfinding, including provision of interpretation and references to the area’s cultural and historic heritage associations.

<p>ISPP</p> <p>CCZ-S2</p>	<p>Old St Paul's Church – Adjoining site specific building height</p>

1. Buildings and structures on sites bounded by Mulgrave Street, Pipitea Street, Moore Street and Thorndon Quay (refer to Diagram 17 – CCZ: Old St Paul’s Church – Adjoining Site Specific Building Height below):
 - a. Maximum height:
 - i. Southern, western and eastern site boundaries: 10m above and parallel to each of the Old St Paul’s site boundaries, rising at an angle to the horizontal of 1.5 vertical to 1 horizontal outwards in a direction perpendicular to the boundary.
 - ii. Northern site boundary: 10m above and parallel to the Old St Paul’s site boundary, rising at an angle to the horizontal of 1.5 vertical to 1 horizontal extending outwards in a north (i.e. perpendicular to the boundary) and north east direction (i.e. 45 degrees off perpendicular).
 - iii. Building line restriction area: No building or part thereof is permitted to be erected above the existing ground level between the building line restriction and Mulgrave Street as shown in Diagram 17 below.

Assessment criteria where the standard is infringed:

1. Dominance and shading effects on Old St Paul’s Church and associated setting.

- KEY**
- Old St Paul's Church Site
 - Building Line
 - Recession Plane Section Cut
 - Building Line Restriction

Note: This standard prevails over the general height requirements specified in CCZ-S1.

ISPP

	CCZ-S3	Character precincts and Residentially Zoned heritage areas – Adjoining site specific building and structure height
	<p>1. Identified character precincts and Residentially Zoned heritage areas:</p> <p style="margin-left: 20px;">a. For any site adjoining a site identified within a Character Precinct or a Residentially Zoned Heritage Area: no part of any building, accessory building or structure may project beyond a line of 60° measured from a height of 8m above ground level from all side and rear boundaries that adjoin that precinct.</p> <p>This standard does not apply to:</p> <p style="margin-left: 20px;">a. Fences or standalone walls no greater than 1.8m in height;</p> <p style="margin-left: 20px;">b. Solar panel and heating components attached to a building provided these do not exceed the height by more than 500mm;</p> <p style="margin-left: 20px;">c. Satellite dishes, antennas, aerials, chimneys, flues, architectural or decorative features (e.g. finials, spires) provided that none of these exceed 1m in diameter and do not exceed the height by more than 1m; and</p> <p style="margin-left: 20px;">d. Lift overruns provided these do not exceed the height by more than 4m.</p> <p>Note: this standard prevails over the general height requirements specified in CCZ-S1.</p>	<p>Assessment criteria where the standard is infringed:</p> <p style="margin-left: 20px;">1. Dominance and shading effects on adjoining sites.</p>

ISPP

	CCZ-S4	Minimum building height
	<p>1. A minimum height of 22m is required for new buildings or structures.</p> <p>This standard does not apply to:</p> <p style="margin-left: 20px;">1. Any site adjoining a site located within a character precinct or Residentially Zoned Heritage Area and thus subject to CCZ-S3; and</p> <p style="margin-left: 20px;">2. Any site within the Te Ngākau Civic Square Precinct.</p>	<p>Assessment criteria where the standard is infringed:</p> <p style="margin-left: 20px;">1. The extent to which a reduced height is necessary to provide for the functional needs or operational needs of a proposed activity; and</p> <p style="margin-left: 20px;">2. Whether topographical or other site</p> <p style="margin-left: 20px;">3. constraints make compliance with the standard impracticable or unnecessary.</p>

ISPP

	CCZ-S5	Minimum ground floor height
	<p>1. The minimum ground floor height to the underside of <u>a</u> structural slab or equivalent shall be 4m.</p>	<p>Assessment criteria where the standard is infringed:</p> <p style="margin-left: 20px;">1. The extent to which a reduced height:</p> <p style="margin-left: 40px;">a. Will compromise or preclude future use or adaptation of the</p>

	<p>ground floor for non-residential activities;</p> <p>b. Is necessary to provide for functional needs or operational needs of a proposed activity; and</p> <p>2. Whether topographical or other Site constraints make compliance with the standard impracticable or unnecessary.</p>

facade of any building must be at least 50% visually transparent.		
CCZ-S9	Minimum residential – unit size	
1. Residential units, including any dual key unit, must meet the following minimum sizes:		Assessment criteria where the standard is infringed: 1. The extent to which: a. The design of the proposed unit provides a good standard of amenity; and b. Other on-site factors compensate for a reduction in unit size.
Residential unit type	Minimum net floor area	
a. Studio unit	35m ²	
b. 1 bedroom unit	40m ²	
c. 2+ bedroom unit	55m ²	

ISPP

CCZ-S10	Residential – outdoor living space		
1. Each residential unit, including any dual key unit, must be provided with either a private outdoor living space or access to a communal outdoor living space; 2. Where private outdoor living space is provided it must be: a. For the exclusive use of residents; b. Directly accessible from a habitable room; c. A single contiguous space; and d. Of the minimum area and dimension specified in the table below; 3. Where communal outdoor living space is provided it does not need to be a single continuous space but it must be: a. Accessible from the residential units it serves; b. Of the minimum area and dimension specified in the table below; and c. Free of buildings, parking spaces, and servicing and manoeuvring areas.		Assessment criteria where the standard is infringed: 1. The extent to which: a. Any proposed outdoor living space provides a good standard of amenity relative to the number of occupants the space is designed for; b. Other on-site factors compensate for a reduction in the size or dimension of the outdoor living space; and c. The availability of public open space in proximity to the site.	
Living space type	Minimum area		Minimum dimension
a. Private			
i. Studio unit and 1- bedroom unit	5m ²		1.8m
ii. 2+ bedroom unit	8m ²		1.8m
b. Communal			
i. For every 5 <u>4-15</u> units	1064m² <u>per unit</u>		8m

ii. For each additional unit above 15 units	<u>2m²</u>	=
<p>Note: Communal outdoor living space is calculated based on the basis of the number of units without exclusive access to not provided with the minimum area of private outdoor living space.</p>		

ISPP

CCZ-S11	Minimum building separation distance <u>for residential activities</u>
----------------	---

1. Any new building or addition to an existing building used for residential activities must provide a 8m separation distance between buildings located on the same site, as shown in Diagram 18 and Diagram X below.

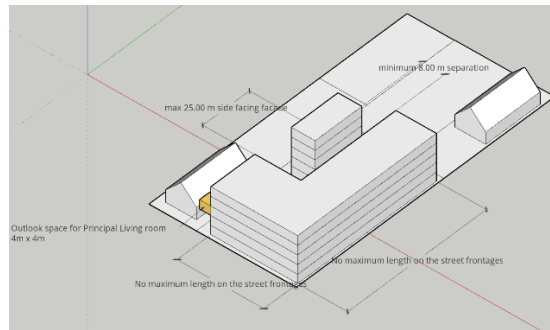

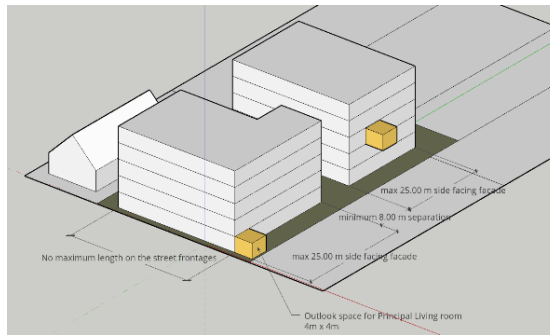

Assessment criteria where the standard is infringed:

1. The extent to which a reduced setback will increase dominance and shadowing related effects on residential units within the development site; and
2. Dominance and privacy effects on adjoining sites.

ISPP

CCZ-S12	Maximum building depth <u>for residential activities</u>
----------------	---

- Any new building, or part of a new building, or additions to an existing building, constructed used for residential activities on any site aside from a rear site, must not result in the continuous depth length of any external side wall façade, facing a neighbouring site, being greater than 25m, as shown in Diagram 19 and Diagram X below.

Assessment criteria where the standard is infringed:

- The extent to which the design mitigates the effect of a long featureless building façade; and
- Dominance and privacy effects on adjoining sites.

ISPP

CCZ-S13

Outlook space

- An outlook space must be provided for each residential unit as specified in this standard;
- All principal living rooms must have an outlook space of a minimum dimension of 4m in depth and 4m in width as shown in Diagram X and Diagram X below.
- All habitable rooms must have an outlook space of a minimum dimension of 1m in depth

Assessment criteria where the standard is infringed:

- The extent to which:
 - Acceptable levels of natural light are provided to habitable rooms;
 - The design of the proposed unit provides a healthy living environment; and
 - The extent of dominance and privacy related effects on

<p>and 1m in width as shown in Diagram X and Diagram X below;</p> <p>3-4. The width of the outlook space is measured from the centre point of the largest window on the building face to which it applies;</p> <p>4-5. Outlook spaces may be over driveways and footpaths within the site or over a public street or other public open space;</p> <p>5-6. Outlook spaces may overlap where they are on the same wall plane in the case of a multi-storey building;</p> <p>6-7. Outlook spaces may be under or over a balcony;</p> <p>7-8. Outlook spaces required from different rooms within the same building may overlap; and</p> <p>8-9. Outlook spaces must:</p> <ol style="list-style-type: none"> be clear and unobstructed by buildings; and not extend over an outlook space or outdoor living space required by another dwelling. 	<p>adjoining sites.</p>

<p><u>CCZ-SX</u></p>	<p><u>Fences and standalone walls</u></p>
<p>1. <u>Fences and standalone walls must not exceed a maximum height of 1.8 metres (measured above ground level).</u></p>	<p><u>Assessment criteria where the standard is infringed:</u></p> <ol style="list-style-type: none"> <u>Streetscape and visual amenity effects; and</u> <u>Dominance and privacy effects on adjoining sites.</u>

ISPP

<u>CCZ-SX</u>	<u>Boundary setback from a rail corridor</u>	
<p>1. <u>Boundary Buildings or structures must not be located within 1.5m of the boundary of setback from a designated rail corridor boundary.</u></p>	<p><u>Assessment criteria where the standard is infringed:</u></p> <p>1. <u>The extent to which the location and design of the building relates to the ability to safely use, access and maintain buildings without requiring access on, above or over the rail corridor.</u></p>	

ISPP

<u>CCZ-SX</u>	<u>Sites adjoining residential zones</u>	
<p>1. <u>For any site adjoining a Residentially Zoned site:</u></p> <p style="margin-left: 20px;">a. <u>no part of any building, accessory building or structure may project beyond a line of 60° measured from a height of 19m above ground level from all side and rear boundaries that adjoin the Residentially Zoned site.</u></p> <p><u>This standard does not apply to:</u></p> <p style="margin-left: 20px;">a. <u>Fences or standalone walls no greater than 1.8m in height;</u></p> <p style="margin-left: 20px;">b. <u>Solar panel and heating components attached to a building provided these do not exceed the height by more than 500mm;</u></p> <p style="margin-left: 20px;">c. <u>Satellite dishes, antennas, aerials, chimneys, flues, architectural or decorative features (e.g. finials, spires) provided that none of these exceed 1m in diameter and do not exceed the height by more than 1m; and</u></p> <p style="margin-left: 20px;">d. <u>Lift overruns provided these do not exceed the height by more than 4m.</u></p> <p><u>Note: this standard prevails over the general height requirements specified in CCZ-S1.</u></p>	<p><u>Assessment criteria where the standard is infringed:</u></p> <p>1. <u>Dominance and shading effects on adjoining sites.</u></p>	

ISPP

Te Ngākau Civic Square Precinct	
CCZ- PREC01-S1	<u>Maximum height City Outcomes Contribution Threshold</u>
<p>1. The following maximum height limit <u>The following City Outcomes Contribution Height Thresholds above ground level must be complied with (measured above ground level unless otherwise specified) apply to any new building or addition to an existing building:</u></p>	
Location	<u>Limit Height Threshold</u>
a. Entire Precinct	40m
<p>This standard does not apply to:</p> <ul style="list-style-type: none"> a. <u>a. Solar panel and heating components attached to a building provided these do not exceed the height City Outcome Contribution Threshold by more than 500mm;</u> b. <u>b. Satellite dishes, antennas, aerials, chimneys, flues, architectural or decorative features (e.g. finials, spires) provided that none of these exceed 1m in diameter and do not exceed the height City Outcomes Contribution Threshold by more than 1m; and</u> c. <u>c. Lift overruns provided these do not exceed the height by more than 4m; and</u> d. <u>d. Fences and standalone walls; and</u> <u>e. Circumstances where up to 50% of a building's roof in elevation exceeds the City Outcomes Contribution Height Threshold where the entire roof slopes 15° or more.</u> 	
<p><u>Assessment criteria where the standard is infringed:</u></p> <ol style="list-style-type: none"> 1. <u>Dominance and shading effects within the Precinct and on adjoining sites; and</u> 2. <u>Streetscape and visual amenity Effects; and</u> 3. <u>The extent to which taller buildings would substantially contribute to increasing residential accommodation in the city.</u> 	

Methods

<u>CCZ-M1</u>	<u>Urban Design Panel</u>
---------------	---------------------------

Subject to obtaining relevant approvals and supporting funding Council will seek to establish and facilitate an independent, non-statutory Urban Design Panel to inform the urban design assessments of ~~in-relevant~~ policies and matters of discretion that apply to significant resource consent applications as required.
