General District wide Matters / General point on District wide Matters / General point on District wide Matters	Alan Fairless	242.11	Oppose	Considers that amendments are needed to enable more limited notification (as opposed to non-notification) in relation to light, shading, privacy and wind effects, to enable and support fair and reasonable compromises between neighbours.	Seeks that the Proposed District Plan includes greater provisions for limited notification (as opposed to non-notification) in relation to light, shading, privacy and wind effects.
