

Eva and Leeds streets – a celebration of Wellington

UPDATE 6
20th November 2015

We have been making all the elements to be installed in the lane, and the next week is going to be busy.

We are on track to have the works completed in early December.

➔ The works

We will be starting the painting of Hannah's Courtyard this coming week (commencing 23rd). While we do this there will be no vehicle access into the courtyard, but pedestrian access will be maintained. We expect the asphalt painting to take about 2 weeks, fingers crossed for good weather!

We will also be starting the painting of the Hannah sign, undertaking painting near Fix and Fogg, installing the greenwalls, installing the lighting and delivering the movable planters.

➔ Access

While these works happen there will be restricted access at times. If you have any major deliveries or issues with this please give the Council a call on 04 499 4444 and we can work something out with you.
