

23 April 2019

Dear Resident,

City Housing is currently investigating options for its vacant site at 30 Harrison Street. As part of this work we are carrying out some surveying of the site tomorrow, Wednesday 24 April from 8:30am.

Why we are contacting you

During this work we may request access to some properties which border the site. This is to allow our contractors to more accurately survey our vacant site.

Requesting access to your property

If our surveyors believe it would be of use to view our site from your property we will call at your door to request your permission to do so. Under no circumstances will we attempt to access your property without your permission.

If you have any questions about this work please contact me on 027 803 0789 or email ben.keegan@wcc.govt.nz

Thank you,

Ben Keegan
