Kia ora,

Harrison Street redevelopment - update

I am writing to you to keep you updated on the progress of the redevelopment of our Harrison Street social housing site.

Resource consent – retaining walls

We have received resource consent for the retaining walls on the site. As part of the next step in this process, we have applied for the building consent for this work.

Once we have received the building consent we will be in touch again for feedback on the traffic management to carry out these works, as we did in preparation for the demolition of the original buildings.

Resource consent – new buildings

We have also submitted the resource consent applications for the new buildings. We will update you with this application as it progresses.

Further information

For more details please visit: wgtn.cc/Harrison-Street or search “Harrison Street Flats” on the Council’s website.

If you have any questions, comments or would like to discuss any element of this project further, please do not hesitate to contact me on the details below.

Ngā mihi

Graham Budd
