

May 2019

Dear resident,

Re: 30 Harrison Street –Demolition commencing Monday 20 May

From Monday 20th May our contractors will start work to demolish the Council owned flats at 30 Harrison Street. It is expected that this work will finish by mid-July. Whilst planning this work we are liaising with the contractors working at Brooklyn Primary School to minimise any inconvenience to local residents.

Hours of work

Our contractors will be carrying out work on our Harrison Street site within the hours of 7:30am – 5:30pm week days. This work itself will be entirely contained within this site.

Pick up and drop off times

We are currently developing a traffic management plan for the site. As part of this plan our contractors will not be carrying out any heavy vehicle movements during school pick up and drop off times.

Future development options for this site are currently being investigated and the Council will advise residents when further information is available.

If you have any questions about this work please contact me on 027 803 0789 or email ben.keegan@wcc.govt.nz

Yours sincerely

Ben Keegan
