<b>Application Number:</b>	<b>Service Request 368659</b>
<b>Subject:</b>	<b>Update on the Process</b>

---

The Commissioners are in receipt of a letter from Morrison Kent, solicitors for Enterprise Miramar Peninsula Incorporated ('Enterprise'), accompanied by an advice letter from Philp Milne (letters are attached).

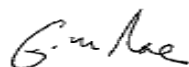

Enterprise is seeking to provide advice to us on the scope of the inquiry. These are essentially made in response to the letter from Gibson Sheat, dated 9 May 2019, which accompanied the re-lodged application and is posted on the web site.

In the interests of natural justice we will provide the Applicant with an opportunity to comment on the matters raised in these letters.

Please provide any comments you may wish to Krystle Leen, at Wellington City Council, by **7 June 2019**, who will then forward them on to us.

It is possible we may then seek independent legal advice on the process.

In the meantime, we envisage the process and timetable outlined in our Minute 2 stands.

Gary Rae  
**Chair of Hearings Panel**, on behalf of  
**Commissioners Helen Atkins and Ray O'Callaghan**
