

PROPOSED TRAFFIC RESOLUTION

Reference: TR 25 – 18

Location: Nevay Road - Karaka Bays

Proposal: No stopping at all times

Information: Council officers formally consulted on TR124-17, proposing No Stopping restrictions on Nevay road in September/October 2017. Most of the residents were opposed to the proposal, stating the proposal did not provide the best solution. The proposal was, therefore, withdrawn. Subsequently another site visit was undertaken by Council officers along with representatives of Greater Wellington Regional Council (GWRC) and GO Wellington to identify/confirm the location where bus movements were most severely restricted.

Council officers have considered and now propose a No Stopping restriction for 53 metres on the western side of Nevay Road (between #111 - #115) to ensure better accessibility, especially for bus manoeuvres, and improve forward visibility on the bend. It is noted that this is a regular bus service to the area, and it is important that bus travel is not compromised by parked vehicles on the inside of this curve.

Parking loss : 8-9 spaces
