

Transport

The Council's four draft priorities for transport for the 3-year period 1 July 2006 to 30 June 2009 are:

- The Council will improve the performance of the city's transport system through Travel Demand Management
- The Council will advocate for and facilitate investment in the city's State Highway network
- The Council will improve the performance of the city's passenger transport system through bus priority measures
- The Council will work to resolve the conflict between access to the port, and access to the central area and beyond
