
Project title: Public Art Policy – reviewing terms of reference
Strategy area: Cultural Wellbeing

Public Art Policy - reviewing terms of reference.

This is being undertaken as a piece of policy work, within existing resources, during 2006. Officers will report back to Councillors on the findings of the review, which will concentrate on ensuring that the terms of reference for the public art fund, administered by a Panel, are in line with the Councillors priorities of engagement with grass roots arts and sense of place/ celebrating diversity.
