Subject: Naming un-named lane in Newtown.

Hi Manjeet

I am responding to the various emails about the naming of the un-named lane that connects Millward Street with Riddiford Street, Newtown.

NRA has surveyed its membership both by email and at the May meeting of the Association and the most favoured name for the un-named lane is Millward Lane.

Millward Lane has been chosen as it is directly linked to Millward Street, one of the existing streets to which it is connected.

NRA wishes to be included in any further deliberation in relation to the naming of the currently un-named lane.

Regards

Peter Frater
Newtown Residents' Association.
