## Strengthening of City to Sea Bridge

---

### 1. The Proposal

The proposal is to carry out required structural works to strengthen the City to Sea Bridge linking Civic Square and the waterfront.

### 2. Proposal Costs

Project Component	Capital expenses
	\$000
	FY 10/11
Construction	250
Total	250

Project Component	Operating expenses									
	\$000									
	10/11	11/12	12/13	13/14	14/15	15/16	16/17	17/18	18/19	19/20
Depreciation	0	5	5	5	5	5	5	5	5	5
Interest	8	16	16	16	16	16	16	16	16	16
Total	8	21	21	21	21	21	21	21	21	21

### 3. Project Outline

The City to Sea Bridge linking Civic Square and the waterfront has been identified as requiring additional strengthening works through the scheduled standard structural assessment undertaken every five years.

Initial temporary propping work has been undertaken and further work will be required in the coming year.

As a separate exercise, some of the bridge sculptures require some repair which has already begun. The required strengthening work will not have any impact on the sculptures.

### 4. Recommendation

A scheduled condition assessment of the City to Sea Bridge linking Civic Square and the waterfront has identified strengthening work that will be required to be carried out in the coming year. It is recommended that the funding be approved.
