

**cityhop: we all win by growing Car Share**

**Andarko Oil: a threat to our coast, climate & economy**

**Climate Action: safer healthy cycling too?**

# cityhop: we all win by growing Car Share

- chose the best way to travel each time
- fastest growing congestion buster
- clears parking space for cars, buses, bikes & walking
- saves money, frees up household budgets
- healthier and more active Wellingtonians
- cleaner air, more attractive city
- less oil dependence, less carbon emissions

# Cityhop: we all win by growing Car Share

# cityhop: we all win by growing Car Share

## **spiral of success**

...more visible, more members, more use, more cars,  
more confidence, more members...

## **baby steps in Wellington**

2 off-street car parks – but 22 on-street car parks in Auckland  
and hundreds in Australian, European & US cities

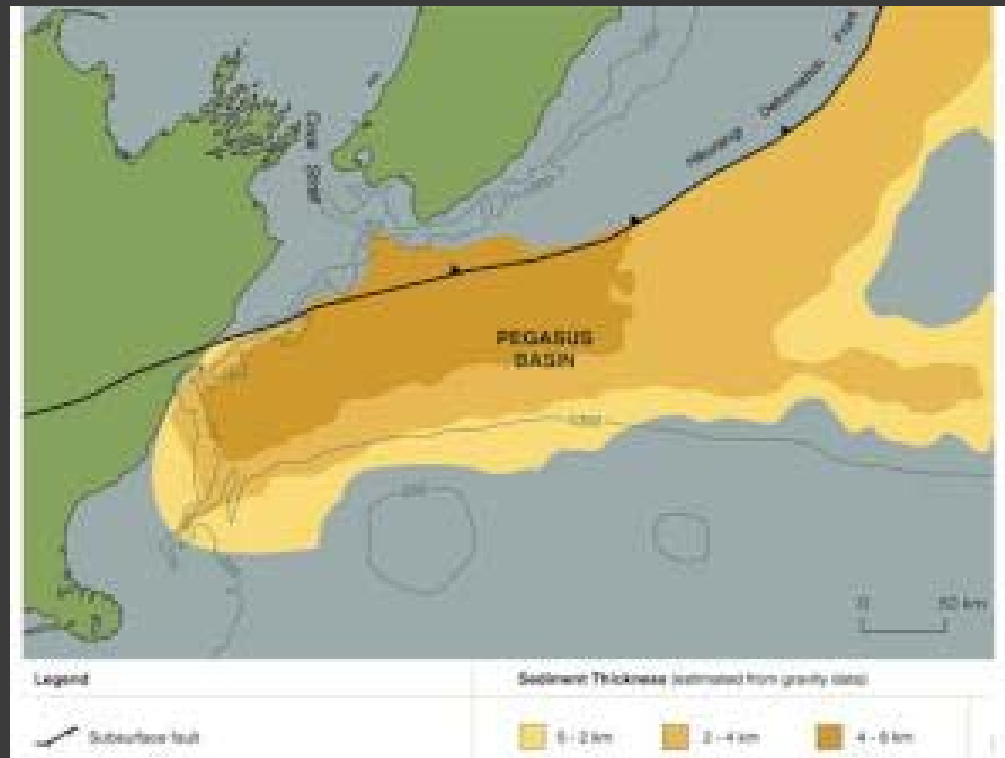

## **nurturing Car Share**

overseas research – years of solid partnership, active promotion,  
supportive regulations, good public & active transport,  
and free highly visible car parks

# Andarko Oil: a threat to our coast, climate & economy

and time for a risk management report to Council?

[oilfreewellington.org.nz](http://oilfreewellington.org.nz)

# Andarko Oil: a threat to our coast, climate & economy

- ⦿ 5 years of riskiest test drilling
- ⦿ double the depth of Gulf of Mexico disaster
- ⦿ limited access to relief equipment
- ⦿ token insurance cover
- ⦿ turbulent seas
- ⦿ seismic activity
- ⦿ job-poor compared with info tech industry
- ⦿ can't use 80% of *known* fossil fuel reserves

[oilfreewellington.org.nz](http://oilfreewellington.org.nz)

# Climate Action: safer healthy cycling too?

- ✓ Climate Action Plan
- ✓ mapping and talking sea level rises
- ✓ smart energy initiatives
- ✓ 30 kph speed limits

**but we need to halve domestic emissions by 2020**

- pilot low emissions projects to rapidly scale up
- infrastructure to support healthy low emissions living  
(eg. 95% of us see cycling as safe, 30% commute by cycle)
