
REPORT 13
(1215/12/IM)

PRIMARY LIAISON PERSON ON ROADING MATTERS

Historically, the Tawa Community Board has had an Officer/Member Roading Working Group, the objective of which was to provide community input into the Tawa area's yearly roading, right of way and footpaths programme for the Tawa area.

The Working Group consisted of one Council officer, namely a Traffic Engineer, and two members of the Tawa Community Board.

It is proposed that the Working Group be disestablished and instead one member of the Community Board be named as the primary liaison person between the Council and the Board on roading matters.

The primary liaison person will be consulted on roading matters. The primary liaison person may act with any other Board member who wishes to be involved. The officers' consultation with the primary liaison person will inform their reports before they are brought for consideration before the Board as a whole.

It is recommended that the Tawa Community Board:

- 1. Receive the information.*
- 2. Agree to disestablish the Officer/Member Roading Working Group.*
- 3. Agree to appoint Graeme Hansen as the Tawa Community Board's primary liaison person between the Council and the Board on roading matters.*
- 4. Note that the primary liaison person will be consulted by officers on roading matters and may act with any other Board member who wishes to be involved.*
- 5. Note that the officers' consultation with the primary liaison person will inform their reports before they are brought for consideration before the Board as a whole.*
