WELLINGTON CITY COUNCIL GENERAL GRANTS

1. Purpose of Report

This report:

1. Provides recommendations for the distribution of the Council’s General Grants pools.

2. Provides recommendations for the distribution of the Council’s Community Preparedness Grants.

2. Recommendations

It is recommended that the Grants Subcommittee:

1. Receive the information.

2. Agree to fund the applicants as listed in Appendix 4.

3. Background

The Council provides grants to assist community groups to undertake projects that meet community needs. Grants are also a mechanism for achieving the Council’s objectives and strategic priorities, especially those priorities that rely on community organisations carrying out specific activities.

The general grants scheme provides funding for projects from community organisations that meet general and specific criteria (Appendix 1). Organisations and projects are funded through contracts and annual grants pools that provide grants that are discretionary, short term and project based in nature.

The Community Preparedness Grant fund was launched earlier this year with the aim of strengthening local community preparedness through local community activities and projects. Applications from organisations must meet the general and specific criteria for these grants (Appendix 1).
4. Discussion

The amount available in the general grants pools is set through the long term plan and the funds are allocated either through 3 year funding agreements or as grants for projects allocated through 3 grant rounds each year.

The total annual funding available for each pool is; $294,924 for the cultural pool, $471,767 for the social pool, $50,000 for the economic pool and $60,000 for the environmental pool. $2,838,808 is allocated to 52 contracts that deliver across the social, cultural and environmental pools.

This is the second grant round for the 2011/2012 financial year and funds available for allocation in this round are:  $104,000 for the Social Pool, $91,641 for the Cultural Pool, $20,000 for the Environmental pool and $10,000 for the Economic pool.

There are 31 applications to the social pool requesting a total of $331,724. The cultural pool has shown an increase in applications with 36 this round asking for $268,156, up from 30 applications in the previous round (July 2011).

$100,000 is available for the 2011/12 financial year for Community Preparedness Grants, with $50,000 available in this first round. This new fund was promoted through a launch event, face to face promotion by Officers and a marketing campaign during September and October. 25 applications were received, requesting a total of $97,850. The next funding round will close on 31 March 2012.

4.1 Application Assessment

Officer’s recommendations (Appendix 4) are based on evidence of need, alignment with the Council’s strategic goals, the grants criteria (Appendix 1), agreed focus areas (Appendix 2) and the effectiveness of funding these projects. Officers also take into account the management of previous funding (through reports).

The assessment process may include consultation with; the applicant, persons or organisations referred to in the application, Council officers, and persons operating or knowledgeable about similar services to that of the applicant. Applicants are given ten working days where possible to respond to a request for more information, so some recommendations may be subject to change depending on responses received after this report has been written.

The original information provided by applicants has been forwarded to subcommittee members in a separate book. An additional application which was omitted from the Cultural book sent to Councillors from Ngakau Toa Ltd is included (Appendix 3).

In general, applicants have been grouped into the pool they have chosen on their application form. Some applications show a strategic fit to more than one
pool. Flexibility will be required in deciding which pool to fund from as a number of applications clearly fit the strategic aims of more than one pool.

The recommendation sheets (Appendix 4) gives each applicant’s organisation name, which funding pool they have applied to, a brief project description, the total project cost, amount requested and general comments from the Grants Team.

To ensure funds are used appropriately, tags may be suggested in certain circumstances should funding be approved. This is usually in cases where applicants need to use funds for a specific aspect of their budget or they are awaiting confirmation of sufficient funds from other sources to proceed.

The level of funding recommended takes into account:
- the amount needed for the activity to proceed
- an amount in line with past precedents
- an amount in line with suggested funding alternatives
- an amount that reflects the level of fit with general and strategic criteria

If members of the Subcommittee require more information on applications prior to the grants meeting, they can contact the Grants Team, who will do their best to get this ready in time for the meeting.

5. Conclusion

The Subcommittee is asked to consider the applications received for the General Grants Pool and Community Preparedness Grants and decide whether or not it is appropriate to fund the applicants, and at what level.

Appendix 1: Grants Criteria

Generic Grants Criteria:
1. Project makes a positive contribution to achieving the Council’s Strategic Outcomes and Points of Difference as listed in the Council’s current Annual Plan.
2. Project is Wellington based and primarily benefits the people of Wellington (exceptions may be made for projects based elsewhere in the region but which significantly benefit residents of Wellington City).
3. Applicant is a legally constituted community group or organisation, not an individual or individuals.
4. Applicant group provides evidence of (or, if a new group, systems for): sound financial management, good employment practice (where applicable), clear and detailed planning, clear performance measures, demonstrated ability to report back on past funding as appropriate.
5. Projects will not be funded for the same purpose more than once in any financial year.
6. Failure to report adequately on past Council funding can result in a group being considered ineligible for future funding.
7. Project is physically and financially accessible either by a wide range of persons or by the intended users.
8. Project shows evidence of community support, collaboration and building partnerships with other organisations (e.g. letters of support from other organisations/leaders).
9. Applicant must demonstrate that the project expands the capacity, range or level of similar types of services in the community and that there was user input into identifying the need for the project.
10. The principal intent of the project is not for private or commercial pecuniary gain, though it may be that such gains occur as a side effect of the project.
11. Application demonstrates an awareness of the Treaty of Waitangi, in particular when involving Mana whenua and Taura Here.

Specific criteria relating to Residents Associations:
- The applicant organisation is registered with the Wellington City Council as a Residents Association.
- The applicant organisation has a committee.
- The applicant organisation has an active membership of 10 or more, excluding the committee and the membership list is available for public inspection.
- The applicant organisation meets at least twice a year and keeps minutes of such meetings.
- The applicant organisation keeps accurate and detailed accounts.
- The applicant organisation agrees to make their accounts and minutes available to the Wellington City Council on request.

Specific criteria relating to Community Preparedness Grants:
- The project is a local neighbourhood initiative that impacts upon at least 15 homes or involves all the households in a defined area such as on walkways or in an apartment building.
- The project strengthens that particular community in a way that is sustainable and has an ongoing benefit to the neighbourhood.
- The project increases community resilience and means neighbours are more likely to pull together and help each other in an emergency.
- The project is open to the whole neighbourhood.
- The project improves the wellbeing of people in the community.
- The project improves how safe people feel in their community.
