The specific provisions of proposed District Plan Change 82 that my submission relates are as follows

2A Myrtle Crescent, Mt Cook – change the zone for part of this property from Inner Residential to Centres to match the rest of the property.

My submission is that (You should include whether you support or oppose the specific provisions or wish to have them amended. You should also state the reasons for your views.)

My submission is in support of this provision.

We purchased this property including the small triangle of land alongside 2 Myrtle Crescent in 2002.

After consultation with a Consents Planner at the Wellington City Council during a 'Resource Consent Pre-application Meeting' it has been brought to our attention that the small triangle which forms part of our property is zoned 'Inner Residential' whereas the majority of the property is zoned 'Centre'.

It was confirmed by the Planning Officer that this is a historical anomaly occurred as a result of a District Plan Change (approximately 4 years ago).

It would be greatly appreciated if this anomaly would be rectified making the entire property consistent and zoned 'Centre'.

Thank you so much in advance. Kind Regards, Frankie.

I seek the following decision from the Council (Please give precise details.)

Please approve the District Plan Change 82 for 2A Myrtle Crescent, Mt Cook to correct this anomaly.
